Hip Hotels: USA Herbert Ypma,2003-08-26 For Hip Hotels: USA, Herbert Ypma has taken to the road, travelling the length and breadth of that vast land in search of Highly Individual Places to stay. Every HIP hotel has its own unique character. It is timelessly stylish, it is attuned to its location in

design, ethos and cuisine, and it achieves that subtle balance between attentiveness and discretion that marks the best of modern service.

The Hotel Book Shelley-Maree Cassidy, 2003 Who minds sleeping under a mosquito net when it's royally draped over the bed in a lush Kenyan, open-walled hut, fashioned from tree trunks and shielded from the sun by a sumptuous thatched roof? This selection of the most-splendid getaway havens nestled throughout the African continent is sure to please even the most finicky would-be voyagers. Photos.

Living Downtown Paul Groth, 1999-01-01 From the palace hotels of the elite to cheap lodging

houses, residential hotels have been an element of American urban life for nearly two hundred years. Since 1870, however, they have been the target of an official war led by people whose concept of home does not include the hotel. Do these residences constitute an essential housing resource, or are they, as charged, a public nuisance? *Living Downtown*, the first comprehensive social and cultural history of life in American residential hotels, adds a much-needed historical perspective to this ongoing debate. Creatively combining evidence from biographies, buildings and urban neighborhoods, workplace records, and housing policies, Paul Groth provides a definitive analysis of life in four price-differentiated types of downtown residence. He demonstrates that these hotels have played a valuable socioeconomic role as home to both long-term residents and temporary laborers. Also, the convenience of hotels has made them the residence of choice for a surprising number of Americans, from hobo author Boxcar Bertha to Calvin Coolidge. Groth examines the social and cultural objections to hotel households and the increasing efforts to eliminate them, which have led to the seemingly irrational destruction of millions of such housing units since 1960. He argues convincingly that these

efforts have been a leading contributor to urban homelessness. This highly original and timely work aims to expand the concept of the American home and to recast accepted notions about the relationships among urban life, architecture, and the public management of residential environments.

Seeking Fortune Elsewhere Sindya Bhanoo, 2023-05-16 These intimate stories of South Indian immigrants and the families they left behind center women's lives and ask how women both claim and surrender power—a stunning debut collection from an O. Henry Prize winner Traveling from Pittsburgh to Eastern Washington to Tamil Nadu, these stories about dislocation and dissonance see immigrants and their families confront the costs of leaving and staying, identifying sublime symmetries in lives growing apart. In “Malliga Homes,” selected by Chimamanda Ngozi Adichie for an O. Henry Prize, a

widow in a retirement community glimpses her future while waiting for her daughter to visit from America. In No. 16 Model House Road, a woman long subordinate to her husband makes a choice of her own after she inherits a house. In Nature Exchange, a mother grieving in the wake of a school shooting finds an unusual obsession. In A Life in America, a professor finds himself accused of having exploited his graduate students. Sindya Bhanoo's haunting stories show us how immigrants' paths, and the paths of those they leave behind, are never simple. Bhanoo takes us along on their complicated journeys where regret, hope, and triumph appear in disguise.
