*Hunter* Mercedes Lackey, 2015-09-01 They came after the Diseray. Some were terrors ripped from our collective imaginations, remnants of every mythology across the world. And some were like nothing anyone had ever dreamed up, even in their worst nightmares. Monsters. Long ago, the barriers between our world and the Otherworld were ripped open, and it's taken centuries to bring back civilization in the wake of the catastrophe. Now, the luckiest Cits live in enclosed communities, behind walls that keep them safe from the hideous creatures fighting to break through. Others are not so lucky. To Joyeaux Charmand, who has been a Hunter in her tight-knit mountain community since she was a child, every Cit without magic deserves her protection from dangerous Othersiders. Then she is called to Apex City, where the best Hunters are kept to protect the most important people. Joy soon realizes that the city's powerful leaders care more about luring Cits into a false sense of security than protecting them. More and more monsters are getting through the barriers, and the close calls are becoming too frequent to ignore. Yet the Cits have no sense of how much danger they're in—to them, Joy and her corp of fellow Hunters are just action stars they watch on TV. When an act of sabotage against Joy takes an unbearable toll, Joy uncovers a terrifying conspiracy in the city. There is something much worse than the usual monsters infiltrating Apex. And it may be too late to stop them?

**Asteroid Hunters** Carrie Nugent, 2017-03-14 For the first time, scientists could have the knowledge to prevent a natural disaster epic in scale—an asteroid hitting the earth and in this exciting, adventuresome book, Carrie Nugent explains how. What are asteroids, and where do they come from? And, most urgently: Are they going to hit the Earth? What would happen if one was on its way? Carrie Nugent is an asteroid hunter—part of a group of scientists working to map our cosmic neighborhood. For the first time ever, we are reaching the point where we may be able to prevent the horrible natural disaster that would result from an asteroid collision. In *Asteroid Hunters*, Nugent reveals what known impact asteroids have had: the extinction of the dinosaurs, the earth-sized hole Shoemaker Levy 9 left in Jupiter just a few decades ago, how the meteorite that bursted over Chelyabinsk in Russia could have started a war, and unlucky Ms. Anne Hodges—the only person (that we know of) in US history to be the victim of a direct hit. Nugent also introduces the telescope she uses to detect near-Earth asteroids. Ultimately, detection is the key to preventing asteroid impact, and these specialized scientists are working to prevent the unthinkable from happening. If successful, asteroid hunting will lead to the first natural disaster humans have the know-how and the technology to prevent. The successful hunt and mapping of asteroids could mean nothing less than saving life on earth.

The Hunters James Salter, 2012-08-21 Captain Cleve Connell has already made a name for himself among pilots when he arrives in Korea during the war there to fly the newly operational F-86 fighters against the Soviet MIGs. His goal, like that of every fighter pilot, is to chalk up enough kills to become an ace. But things do not turn out as expected. Mission after mission proves fruitless, and Connell finds his ability and his stomach for combat questioned by his fellow airmen: the brash wing commander, Imil; Captain Robey, an ace whose record is suspect; and finally, Lieutenant Pell, a cocky young pilot with an uncanny amount of skill and luck. Disappointment and fear gradually erode Connell's faith in himself, and his dream of making ace seems to slip out of reach. Then suddenly, one dramatic mission above the Yalu River reveals the depth of his courage and honor. Originally published in 1956, *The Hunters* was James Salter's first novel. Based on his own experiences as a fighter pilot in the Korean War, it is a classic of wartime fiction. Now revised by the author and back in print on the sixty-fifth anniversary of the Air Force, the story of Cleve Connell's war flies straight into the heart of men's rivalries and fears.

We Were the Lucky Ones Georgia Hunter, 2019-07-30 The New York Times bestseller with more than 1 million copies sold worldwide Inspired by the incredible true story of one Jewish family separated at the start of World War II, determined to survive—and to reunite—*We Were the Lucky Ones* is a tribute to the triumph of hope and love against all odds. “Love in the face of global adversity? It couldn't be more timely.” —*Glamour* It is the spring of 1939 and three generations of

the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, *We Were the Lucky Ones* demonstrates how in the face of the twentieth century's darkest moment, the human spirit can endure and even thrive.

*The Hunter* Julia Leigh, 2022-06-20 The hunter arrives in an isolated community in the Tasmanian wilderness with a single purpose in mind: to find the last thylacine, the tiger of fable, fear and legend. The man is in the employ of the mysterious 'Company', but his sinister purpose is never revealed and as his relationship with a grieving mother and her two children becomes more ambiguous, the hunt becomes his own. Leigh's Tasmania is a place where the wilderness can still claim lives; where the connection between people and the land is at best uneasy and cannot be trusted. In prose of exceptional clarity and elegance, Julia Leigh creates an unforgettable picture of a man obsessed by an almost mythical animal in a damp dangerous landscape. *The Hunter* is the work of a compelling storyteller and a truly remarkable literary stylist.

*Hunter* James Byron Huggins, 2018-06-12 A skilled tracker must take down a science experiment gone wrong in the Alaskan wilderness in this thriller from the bestselling author of *Dark Visions*. In an experiment to extend human life, scientists accidentally tap into the deepest recesses of the human mind and unleash a force that might well be a terrible curse. For in their desire to use a power they did not understand, they unintentionally unleash a force that will spell the end of Mankind if it cannot be destroyed. Now an infected creature is loose in the Alaskan wilderness, and the America military is forced to ask the world's greatest tracker, Nathaniel Hunter, to locate the beast and destroy it before it reaches a populated area. Hunter can track anything, anywhere, anytime. But he is both horrified and shocked as he begins to follow the creature's bloody path leading directly toward a city. For the beast is both more powerful and more merciless than any animal Hunter has tracked before. In fact, it seems to embody the most ancient and darkest heart of Man—a power that Mankind has always feared as the greatest Beast of Prey. And as Hunter closes on the beast and the final, bloody battle approaches, he frantically realizes that the scientists may have succeeded all too well in their experiment to extend human life for it may have become unkillable.... Praise for *Hunter* "Huggins pacing is nonstop; his visual imagination is so compelling....Pure entertainment."—Publishers Weekly

*Hunter* Robert Bidinotto, 2011-06-21 Two people, passionately in love. But each hides a deadly secret. He is a crusading vigilante, on a violent quest for justice. She is tracking this unknown assassin, sworn to stop him. Neither knows the truth about the other. Neither knows that a predator is hunting them both.

The corrupt and powerful PsiCorps is determined to usurp the Hunters as chief defenders of Apex City and Joy is now squarely in their crosshairs. *Elite* Mercedes Lackey,2016-09-06 Joy knows she'll be facing more dangerous Othersiders than ever before as a new member of the Elite Hunter unit, but if anyone is up to the challenge it's her. She's been Hunting these monsters since she was a child, and has a pack of eleven fiercely protective magical Hounds. Then the rules change. Monsters unlike any Joy's ever seen or even heard of are breaking through Apex City's barriers, and the Hunters are scrambling to find new ways to fight them—all the while hiding the true danger Apex faces from the Cits, who are ignorant of the severity of the Othersiders' attacks. The leaders of Apex must come together to protect the city, but tensions have never been higher between the Hunters and the powerful PsiCorps, with each group competing to be the primary protector of the city. The conflict escalates even further when Joy starts discovering bodies of Psimons while patrolling the city sewers on a special assignment from her uncle, who commands the Hunters. Someone is killing Psimons, and if Joy doesn't uncover the true culprit she might just take the fall for it. Chaos erupts when Ace, the murderous Hunter who tried to kill Joy at her Elite trials, escapes from the Army's captivity and defects to the Othersiders. Joy has no idea what Ace might be capable of with the help of the cunning Folk, but she may be about to find out; Othersider forces are gaining strength and momentum just beyond the barriers. A storm is approaching Apex City, and unless Joy and her fellow Hunters put up the fight of their lives, it might just sweep them all away . . .

*The Hunter's Way* Craig Raleigh,2018-10-02 "Craig Raleigh puts hunting into modern perspective, combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was, and still is, among the purest of human endeavors."

—Jim Shockey, award-winning writer and host of Jim Shockey's *Hunting Adventures* and *Uncharted* A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter's psyche, role, and influence on our culture. As we began to set foot in the outdoors we didn't expect to learn something beyond where the deer were running or where the ducks were flying. Once we realized what these creatures really wanted, it was the opening of truth for us as hunters. A long-time hunter and fisherman and senior writer at Wide Open Spaces, Craig Raleigh has spent most of the last forty-five years of his life trying to find that elusive Holy Grail of hunting, that unimagined outdoor reality where one's training, instinct, and experience converge into extraordinary bliss and accomplishment. He is the first to admit, that this does not entail the capture of a deer or an ever-evasive pheasant. It is the freedom to give back to the outdoors as much as one takes from it. For

hunters, a life lived in the outdoors is massively rewarding and offers non-stop pleasures. It comes with the love of camaraderie, choice, and reward, and provides a deep appreciation for the nature world. The Hunter's Way is his meditative and philosophical journey into the soul of a hunter. Divided into four parts that mirror the hunting experience—the background, the preparation, the hunt, and the harvest—it addresses the paradox of hunting as conservationism, ruminates on the failures and successes of hunting as sport and as a way of life, and reveals how hunting influences our society. As Raleigh explains, the hunt is so much more than the kill. Most often, the hunter leaves the woods and fields empty-handed. Rather, the beauty of hunting is in the experience itself. As a hunter, you are constantly looking for clues. Yet in nature, signs are changeable, confusing, and never the same the second time. A captivating synthesis of *On Trails*, *Norwegian Wood*, and *Shop Class as Soulcraft*, *The Hunter's Way* is a literary reflection and love letter to the value of hunting as both sport and way of life.

*Hunter Book* Ed Hall, Adam Tinworth, Chuck Wendig, Mike Lee, 2002-02 The End Is Nigh Monsters are everywhere, lurking in the shadows, masquerading as upstanding citizens or hiding in plain sight. They murder, abuse and oppress humanity. They have to be stopped, at any price. A new force emerges among hunters, a new creed never seen before. These chosen are bent on obliterating the supernatural -- and anyone who gets in their way. Are these wanton killers the world's messiahs ... or destroyers? Stand or Fall *Hunter Book: Wayward* is part of a *Hunter: The Reckoning* series dedicated to the creeds, the character types of the imbued. Waywards are one of the two lost hunter creeds, a group of maniacs and psychopaths -- even by monsters' standards. Learn what it takes to drive these hunters over the edge -- or to make them the most prophetic among the chosen. For adults only.

**The Fortune Hunter** Daisy Goodwin, 2014-07-29 Empress Elizabeth of Austria, known as Sisi, is the Princess Diana of nineteenth-century Europe. Famously beautiful, as captured in a portrait with diamond stars in her hair, she is unfulfilled in her marriage to the older Emperor Franz Joseph. Sisi has spent years evading the stifling formality of royal life on her private train or yacht or, whenever she can, on the back of a horse. Captain Bay Middleton is dashing, young, and the finest horseman in England. He is also impoverished, with no hope of buying the horse needed to win the Grand National—until he meets Charlotte Baird. A clever, plainspoken heiress whose money gives her a choice among suitors, Charlotte falls in love with Bay, the first man to really notice her, for his vulnerability as well as his glamour. When Sisi joins the legendary hunt organized by Earl Spencer in England, Bay is asked to guide her on the treacherous course. Their shared passion for riding leads to an infatuation that jeopardizes the growing bond between Bay and Charlotte, and threatens all of their futures. *The Fortune Hunter*, a brilliant new novel by Daisy Goodwin, is a lush, irresistible story of the public lives and private longings of grand historical figures.
