Hydraulic City Nikhil Anand, 2017-02-17 In *Hydraulic City* Nikhil Anand explores the politics of Mumbai's water infrastructure to demonstrate how citizenship emerges through the continuous efforts to control, maintain, and manage the city's water. Through extensive ethnographic fieldwork in Mumbai's settlements, Anand found that Mumbai's water flows, not through a static collection of pipes and valves, but through a dynamic infrastructure built on the relations between residents, plumbers, politicians, engineers, and the 3,000 miles of pipe that bind them. In addition to distributing water, the public water network often reinforces social identities and the exclusion of marginalized groups, as only those actively recognized by city agencies receive legitimate water services. This form of recognition—what Anand calls hydraulic citizenship—is incremental, intermittent, and reversible. It provides residents an important access point through which they can make demands on the state for other public services such as sanitation and education. Tying the ways Mumbai's poorer residents are seen by the state to their historic, political, and material relations with water pipes, the book highlights the critical role infrastructures play in consolidating civic and social belonging in the city.

Languages and Literary Cultures in Hyderabad Kousar J Azam, 2017-08-09 There is great interest in recent scholarship in the study of metropolitan cultures in India as evident from the number of books that have appeared on cities

such as Delhi, Mumbai, Chennai and Kolkata. Though Hyderabad has a rich archive of history scattered in many languages, very few attempts have been made to bring this scholarship together. The papers in this volume bring together this scholarship at one place. They trace the contribution of different languages and literary cultures to the multicultural mosaic that is the city of Hyderabad. How it has acquired this uniqueness and how it has been sustained is the subject matter of literary cultures in Hyderabad. This work attempts to trace some aspects of the history of major languages practiced in the city. It also reviews the contribution of the various linguistic groups that have added to the development not just of varied literary cultures, but also to the evolution of an inclusive Hyderabadi culture. The present volume, it is hoped, will enthuse both younger and senior scholars and students to take a fresh look at the study of languages and literary cultures as they have evolved in India's cities and add to the growing scholarship of metropolitan cultures in India.

Hyderabad State ,1937

Hyderabad, British India, and the World Eric Lewis Beverley,2015-06-01 This examination of the formally autonomous state of Hyderabad in a global comparative framework challenges the idea of the dominant British Raj as the sole sovereign power in the late colonial period. Beverley argues that Hyderabad's position as a subordinate yet sovereign 'minor state' was not just a legal formality, but that in exercising the right to internal self-government and acting as a conduit for the regeneration of transnational Muslim intellectual and political networks, Hyderabad was indicative of the

fragmentation of sovereignty between multiple political entities amidst Empires. By exploring connections with the Muslim world beyond South Asia, law and policy administration along frontiers with the colonial state and urban planning in expanding Hyderabad City, Beverley presents Hyderabad as a locus for experimentation in global and regional forms of political modernity. This book recasts the political geography of late imperialism and historicises Muslim political modernity in South Asia and beyond.

Legendary Narratives of Hyderabad Dr. Shikha Bhatnagar, 2018-10-15

Narratives of Hyderabad is a compendium of narratives woven around the legends associated with Hyderabad. The book is a tribute to the great city of Hyderabad. Each legend vividly portrays the enchanting soul/spirit of the city. The magnificent city embodies a rich heritage and a unique culture and its secular spirit embodies peace and amity. The ten chapters of the book beautifully bring to life the confluence of cultures, cuisine, language and literature. They finely blend and enrich the Dakhni Tehzeeb, showcasing a style which is distinctly Hyderabadi in its nature and ethos. Hyderabad remains true to its epithet, "city of good fortune" (Farkhunda Buniyad in Persian). It is a majestic replica of heaven on earth and this book takes you on the journey of its past glory.
