The Ultimate Video Poker Pocket Book Chris Newman, 2009-10-20 Make sure you're always choosing the best video poker machines and playing perfect strategy with the Ultimate Video Poker Pocket Book. This book contains pay tables and strategy charts for more than 80 different video poker games in one hand, pocket-sized volume. You'll never be stuck for the correct play again!

Enjoying Video Poker Stan Hendricks, 2002 Enjoying Video Poker... Stan Hendricks, who has never played a serious game of table poker, has nevertheless been able to parlay his engineering background, analytical mind and years of experience with computer spreadsheets into the development of a really simple method that enables anyone...expert or novice...to play the odds and maximize the likelihood of success in playing video poker. This book will show you, among other things, why... A casino can afford to offer nearly 100% payoff. It's usually better to hold a Jack than an Ace. Four cards of a flush is a better bet than an outside straight. Betting the maximum coins doesn't always give you better odds. A low pair is better to hold than a whole bunch of other options that might seem at first glance to be more desirable. Sometimes it may be worthwhile to take a flyer at a big winner even though the odds say otherwise. Your chances of getting an honest deal are pretty good. The cards you discard can affect the value of the cards you hold. You may have a better chance at a royal flush or high pair on the draw than you did on the deal. Playing the odds doesn't reduce your chance at a royal flush by very much. An inexpensive pocket game may be one of your best investments. Played expertly, video poker can offer a

better rate of return than many other casino games; this book could pay for itself and then some in your first session! This book is not just theory; results have been carefully documented in 25,000 hands and further supported by several hundred thousand hands played for fun on one of the pocket games. Graphs compare dramatically the results of cautious or reckless play. Tables are provided that help you decide which game is best for you and how to play it for best results. Even if you are not interested in video poker, this book is entertaining reading, and the information it contains can really help you enjoy the game... (...without losing your shirt!)

John Patrick's Video Poker John Patrick, 2001 Sure-fire ways to win at video poker from a master of the game. This guide gives advice on the secrets of progressive play, money management and how to maximize profits.

Video Poker, Optimum Play Dan Paymar, 1998 A guide to video poker machines and the strategies necessary to beat them. Concentrates on Jacks-or-Better, Deuces Wild, Jokers Wild, and variations. Aimed at the recreational player who wants to become a serious or semi-pro player. Strategies are concise and easy to learn. This second edition adds additional games such as Double Bonus, and replaces Dan's Attractiveness Quotient with the Attractiveness Index to make it easier to locate machines with positive payback.

Video Poker, Optimum Play Dan Paymar, 2010 Video Poker - Optimum Play has been the best-selling book on video poker strategy for many years, yet it never becomes outdated because the basics do not change. This edition contains Dan's Precision Play rules which distill the game strategy for the most popular games down to a few text-based rules.

Video Poker Profits from the Ground Up (2nd Edition) Adam Gregory Koch, 2012-11-26 It is here! The second edition is now in your hands! Revised and expanded with new strategy tables consisting of the more difficult to master but well paying versions of video poker such as "Aces & Eights" and "All American", in addition to the nearly dozen Jacks or Better and wild card strategies present in the first edition, all of which will work just as well for those of you who frequent online casinos in addition to offline casinos! Learn about video poker from an author who himself has made profit for years on video poker! These years of knowledge and insight gained through the transition from being a normal gambler who never really had a chance to ever win, to rarely ever having another losing session, are contained within these covers! The mechanics of the how's and why's explained in as simple terms as possible that most anyone can understand. The author's success was inspired by watching others continuing to be successful at video poker every time he was at the casino, and decided if they are able to do it, why can't he? After learning all he could and duplicating the success for himself, the author began asking, why can't everyone else? So here we are. Don't know how to play video poker? This book will teach you. Don't think you can possibly ever win anything because your luck is so bad? This book will convince you otherwise since video poker is a skill game, you know. Do you simply want to learn how you can lose less often and smaller amounts? For that matter, would you like to know how video poker can have an edge over the house for the player? This is the book to learn that too! It is never too late to find out what you are missing, and to prepare yourself so that you, also, can have "Video Poker Profits" of your very own!
