All the Light We Cannot See Anthony Doerr, 2014-05-06 *NOW A NETFLIX LIMITED SERIES—from producer and director Shawn Levy (Stranger Things) starring Mark Ruffalo, Hugh Laurie, and newcomer Aria Mia Loberti* Winner of the Pulitzer Prize and National Book Award finalist, the beloved instant New York Times bestseller and New York Times Book Review Top 10 Book about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another.

Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer “whose sentences never fail to thrill” (Los Angeles Times).

Forged in Flames Ivy Smoak, 2017-06-13 I remember when I thought my life would be like the fairy tales I read about. I'd do anything to go back in time when everything was so simple. When my knight in shining armor had a face and a name. When my biggest secret was that I snuck out at night to watch the stars. I'm worried that there's a sickness in me, swallowing me whole. I don't understand what's happening to me. I don't understand why the only person I can find solace in is someone I can't see. I should want justice. But I don't. I want revenge. I need vengeance like I need the air I breathe. No one can feel my pain. No one can see just how badly I've been burned. I've danced in the flames my whole life. I know how to live in the fire. But I've never come out unscathed. A piece of me always turns to ash and there is no going back. I can never be that little girl again. I'm no princess. I'm the villain. I've been consumed by the flames, and I want

everything in my path to burn.

Europe in Flames John Matusiak, 2018-09-07 'War,' wrote Cardinal Richelieu, 'is one of the scourges with which it has pleased God to afflict men'. Yet the prelate's mournful observation scarcely begins to encapsulate the full complexity and unspeakable horror of the greatest man-made calamity to befall Europe before the twentieth century. Claiming far more lives proportionately than either the First or Second World Wars, it was a contest involving all the major powers of Europe, in which vast mercenary armies extracted an incalculable toll upon helpless civilian populations as their commanders and the men who equipped them frequently grew rich on the profits. Swedish troops alone are said to have destroyed some 2,000 German castles, 18,000 villages and 1,500 towns, while other vast armies in the pay of Spain, France, the Holy Roman Emperor and a host of pettier princelings brought death to as many as 8 million souls. Rarely has such a perplexing tale been more in need of a new account that is both compelling and informed, and no less comprehensible than comprehensive.

The Story of the Volunteer Fire Department of the City of New York George William Sheldon, 1882

Not on Fire, but Burning Greg Hrbek, 2015-09-29 Twenty-year-old Skyler saw the incident out her window: Some sort of metallic object hovering over the Golden Gate

Bridge just before it collapsed and a mushroom cloud lifted above the city. Like everyone, she ran, but she couldn't outrun the radiation, with her last thoughts being of her beloved baby brother, Dorian, safe in her distant family home. Flash forward to a post-incident America, where the country has been broken up into territories and Muslims have been herded onto the old Indian reservations in the west, even though no one has determined who set off the explosion that destroyed San Francisco. Twelve-year old Dorian dreams about killing Muslims and about his sister—even though Dorian's parents insist Skyler never existed. Are they still shell-shocked, trying to put the past behind them . . . or is something more sinister going on? Meanwhile, across the street, Dorian's neighbor adopts a Muslim orphan from the territories. It will set off a series of increasingly terrifying incidents that will lead to either tragedy or redemption for Dorian, as he struggles to prove that his sister existed—and was killed by a terrorist attack. Not on Fire, but Burning is unlike anything you've read before—not exactly a thriller, not exactly sci-fi, not exactly speculative fiction, but rather a brilliant and absorbing adventure into the dark heart of an America that seems ripped from the headlines. But just as powerfully, it presents a captivating hero: A young boy driven by love to seek the truth, even if it means his deepest beliefs are wrong.

Fighting the Flames Ballantyne, R. M.,1870 Frank Wilders is a bright, shining young star rising to distinguished heroism in the London Fire Brigade. No one is more proud of his accomplishments than his younger brother, Willie. As Frank battles the flames, Willie learns what the heart of a hero is made of. Through daring rescues, valiant hard work, plots of arson, attempted murder and winning the worthy hearts of virtuous young women, the best and worst of mid-19th century London is exposed. *Fighting the Flames: A Tale of the London Fire Brigade* is a masterpiece of fiction; a beautiful tapestry woven of adventure, heroism and the broad spectrum of human nature. R.M. Ballantyne expertly maneuvers his extensive and intricate cast of characters through a series of crossed paths, creating lively interplay between the wide varieties of human personalities and foibles that create the diversity of city life--all in the shadow of the great nightly battle with the flames. R. M. Ballantyne (24 April 1825 – 8 February 1894) was a Scottish juvenile fiction writer. Born Robert Michael Ballantyne in Edinburgh, he was part of a famous family of printers and publishers. At the age of 16 he went to Canada and was six years in the service of the Hudson's Bay Company. He returned to Scotland in 1847, and published his first book the following year, *Hudson's Bay: or, Life in the Wilds of North America*. For some time he was employed by Messrs Constable, the publishers, but in 1856 he gave up

business for the profession of literature, and began the series of adventure stories for the young with which his name is popularly associated. (Illustrated)

Heart of Flames Nicki Pau Preto, 2021-04-27 The world is balanced on the edge of a knife, and war is almost certain between the empire and the Phoenix Riders. Veronyka finally got her wish to join the Riders, but while she's supposed to be in training, all she really wants to do is fly out to defend the villages of Pyra from the advancing empire. Tristan has been promoted to Master Rider, but he has very different ideas about the best way to protect their people than his father, the commander. Sev has been sent to spy on the empire, but maintaining his cover may force him to fight on the wrong side of the war. And Veronyka's sister, Val, is determined to regain the empire she lost--even if it means inciting the war herself. As tensions reach a boiling point, the characters all find themselves drawn together into a fight that will shape the course of the empire--and determine the future of the Phoenix Riders. Each must decide how far they're willing to go--and what they're willing to lose in the process.
