Indonesia Today Grayson J. Lloyd, Shannon L.

Smith, 2001-10-09 The turn of the century and the crossroads of reformasi presents a timely juncture for examining Indonesia's political, economic, and social history—both to evaluate current events and to chart the country's future course. Providing an up-to-date overview, this volume explores events, processes, and themes in contemporary Indonesia—including the evolution of political institutions and democracy, economic development and political economy, religious and social movements, political ideology, and the role of the armed forces. By holding a mirror to historical events, the authors add a rich dimension to our understanding of Indonesia and its problems, free from the exigencies of the present and the prejudices of the past.

A Fragile Nation Khoon Choy Lee, 1999-06-02 In May 1998, President Suharto stepped down as President of Indonesia. With his fall, the third largest country in Asia has plunged into anarchy and political, economic and social strife. Racial and religious clashes, culminating in riots, burning and chaos, have become the order of the day. Fissures in the social fabric are widening and there is a real danger that this multi-racial, multi-religious and multi-cultural country may disintegrate, just like Yugoslavia and the Soviet Union. Indonesia today is a fragile nation, a country in crisis. It is breaking apart because just as Sukarno had failed in his interplay of strength between Communism and the armed forces, Suharto failed to keep the balance of power between the armed forces and Islam. Moreover, the Indonesian people, by and large, have lost the spirit of tolerance, symbolised in the Indonesian state crest, Bhinneka Tunggal Ika (Unity in Diversity). Without this

spirit, so vital to a multi-religious and plural society, Indonesia is becoming economically ravaged, spiritually plundered, politically distraught, and socially incoherent. The author served as Singapore's Ambassador to Indonesia from 1970 to 1974. His interest in Indonesia began many years ago from 1955, when he had gone to Bandung to cover the Afro-Asian conference as a journalist. As Ambassador, he had the opportunity to travel widely across the country and observe the Indonesians at close quarters. Today, his friends range from President Suharto, Indonesia's military leaders, governors, mayors, to ordinary citizens, journalists, musicians and artists. In this book, he portrays the Indonesian people, their history and their cultural traditions. He provides insightful analyses and perspectives of the political collapse of Suharto and describes the danger facing the country. Describing the diversity in the history, traditions, customs and cultures of the various ethnic groups, he understands Indonesia like no other. Bringing the outsider's clarity of perception and the journalist-diplomat's experience of tradition and history, Lee Khoon Choy speaks with authority and credibility, passion and sensitivity about the challenges facing a vast, heterogeneous country that comprises 336 ethnic groups speaking 250 dialects. Contents: Why Suharto Fell The Javanese The Sundanese The Badui The Tenggerese The Madurese The Balinese The Timorese The Chinese The Minangkabau The Bataks The Acehnese The Orang Melayu The Bugis and Makassarese The Torajans The Ambonese The Bandanese The Irianese The Dayaks Readership: General.

Despite improvements in the position of ethnic Chinese in the reformasi era, critical and negative perceptions of them persist among prominent pribumi personalities, particularly in recent

years. These include leaders of several Islamic organizations, nationalists who harbour suspicions about foreign powers, and some who were in mid-career and/or were well placed in the last years of the Suharto era. This latter group consists of retired senior military officers, senior scholars, as well as current and former senior government officials. The ethnic Chinese are often portrayed as outsiders who are already dominant economically, and who are trying to be politically dominant as well. Furthermore, it is often claimed that ethnic Chinese tend to be loyal towards China. At the same time, there are others, including politicians affiliated with pro-government political parties, high-ranking officials, leaders of NGOs sympathetic to President Jokowi, as well as advocates of multiculturalism (many of whom are scholars and Muslim leaders), who believe that Chinese Indonesians are first and foremost Indonesians. The evidence they cite to support this belief varies, from past heroic actions by ethnic Chinese to the identity constructs of Chinese Indonesians, which is usually based on Indonesia or some Indonesian region.

Beginning to Remember Mary S. Zurbuchen, 2015-09-14
Beginning to Remember charts Indonesia's turbulent decades of cultural repression and renewal amid the rise and fall of Suharto's New Order regime. These cross-disciplinary pieces illuminate Indonesia's current efforts to reexamine and understand its past in order to shape new civic and cultural arrangements. In 1998, reformasi brought a wave of relief and euphoria. But Suharto's removal did not dispel persistent corruption, official secrecy and denial, religious and ethnic violence, and security policies leading to tragedy in East Timor, Aceh, and other regions. But the reformasi did open up new possibilities for seeing the past. What followed was a surge of discourse that challenged officially codified national history in mass media and publishing, in public policy debate, in the arts, and in popular mobilization and politics. This volume is an exploration of some of the expressions, narratives, and interpretations of the past found in Indonesia

today. The authors illustrate ways in which the dissolution of the Indonesian state's monopoly on history is now permitting new national, local, and individual accounts and representations of the past to emerge. The book covers fields from performing arts and literature to anthropology, history, and transitional justice. The book opens with Goenawan Mohamad's dramatic poem *Kali*, the first publication of this important work by one of Indonesia's leading intellectuals, which has become the libretto for an international opera production. Another chapter is a personal memoir by one of Java's famous shadow-play masters, Tristuti Rachmadi, for years imprisoned under the New Order. Leading historian Anthony Reid commemorates the national struggle at the regional level, while South African lawyer Paul van Zyl compares efforts in transitional justice in Indonesia, East Timor, and South Africa.

State Terrorism and Political Identity in Indonesia Ariel Heryanto, 2006-04-07 Approximately one million innocent Indonesians were killed by their fellow nationals, neighbours and kin at the height of an anti-communist campaign in the mid-1960s. This book investigates the profound political consequences of these mass killings in Indonesia upon public life, highlighting the historical specificities of the violence and comparable incidents of identity politics in more recent times. Mixing theory with empirically based analysis, the book examines how the spectre of communism and the trauma experienced in the latter half of the 1960s remain critical in understanding the dynamics of terror, coercion and consent today. Heryanto challenges the general belief that the periodic anti-communist witch-hunts of recent Indonesian history are largely a political tool used by a powerful military elite and authoritarian government. Despite the profound importance of the 1965-6 events it remains one of most difficult and sensitive topics for public discussion in Indonesia today. *State Terrorism and Political Identity in Indonesia* is one of the first books to fully discuss the mass killings, shedding new light on a

largely unspoken and unknown part of Indonesia's history.

A Nation In Waiting Adam Schwarz,2018-02-12 In *A Nation in Waiting*, Adam Schwarz spans a wide variety of issues of concern in today's Indonesia, providing a detailed view of one of the world's most populous, yet least-understood, nations. He chronicles the major economic and political changes recorded during former President Suharto's thirty-one-year tenure, and the present economic and political crisis. In this fully updated second edition, Schwarz analyzes the impact of Suharto's resignation on the political, economic, and social life of Indonesia.

Politics in Contemporary Indonesia Ken M.P Setiawan, Dirk Tomsa, 2022-03-28 In *Politics in Contemporary Indonesia*, Ken M.P. Setiawan and Dirk Tomsa analyse the most prominent political ideas, institutions, interests and issues that shape Indonesian politics today. Guided by the overarching question whether Indonesia still deserves its famous label as a 'model Muslim democracy', the book argues that the most serious threats to Indonesian democracy emanate from the fading appeal of democracy as a compelling narrative, the increasingly brazen capture of democratic institutions by predatory interests, and the narrowing public space for those who seek to defend the values of democracy. In so doing, the book answers the following key questions: What are the dominant political narratives that underpin Indonesian politics? How has Indonesia's institutional framework evolved since the onset of democratisation in 1998? How do competing political interests weaken or strengthen Indonesian democracy? How does declining democracy affect Indonesia's prospects for dealing with its main policy challenges? How does Indonesia compare to other Muslim-majority states and to its regional neighbours? Up-to-date, comprehensive and written in an accessible style, this book will be of interest for both students and scholars of Indonesian politics, Asian Studies, Comparative Politics and International Relations.

A New Criminal Type in Jakarta James T. Siegel, 1998-08-17 In *A New Criminal Type in Jakarta*, James T. Siegel studies the dependence of Indonesia's post-1965 government on the ubiquitous presence of what he calls criminality, an ensemble of imagined forces within its society that is poised to tear it apart. Siegel, a foremost authority on Indonesia, interprets Suharto's

New Order—in powerful contrast to Sukarno's Old Order—and shows a cultural and political life in Jakarta controlled by a repressive regime that has created new ideas among its population about crime, ghosts, fear, and national identity. Examining the links between the concept of criminality and scandal, rumor, fear, and the state, Siegel analyzes daily life in Jakarta through the seemingly disparate but strongly connected elements of family life, gossip, and sensationalist journalism. He offers close analysis of the preoccupation with crime in *Pos Kota* (a newspaper directed toward the lower classes) and the middle-class magazine *Tempo*. Because criminal activity has been a sensationalized preoccupation in Jakarta's news venues and among its people, criminality, according to Siegel, has pervaded the identities of its ordinary citizens. Siegel examines how and why the government, fearing revolution and in an attempt to assert power, has made criminality itself a disturbing rationalization for the spectacular massacre of the people it calls criminals—many of whom were never accused of particular crimes. A New Criminal Type in Jakarta reveals that Indonesians—once united by Sukarno's revolutionary proclamations in the name of "the people"—are now, lacking any other unifying element, united through their identification with the criminal and through a "nationalization of death" that has emerged with Suharto's strong counter-revolutionary measures. A provocative introduction to contemporary Indonesia, this book will engage those interested in Southeast Asian studies, anthropology, history, political science, postcolonial studies, public culture, and cultural studies generally.

Indonesian Pluralities Robert W. Hefner,Zainal Abidin Bagir,2021-01-15 The crisis of multiculturalism in the West and the failure of the Arab uprisings in the Middle East have pushed the question of how to live peacefully within a diverse society to the forefront of global discussion. Against this backdrop, Indonesia has

taken on a particular importance: with a population of 265 million people (87.7 percent of whom are Muslim), Indonesia is both the largest Muslim-majority country in the world and the third-largest democracy. In light of its return to electoral democracy from the authoritarianism of the former New Order regime, some analysts have argued that Indonesia offers clear proof of the compatibility of Islam and democracy. Skeptics argue, however, that the growing religious intolerance that has marred the country's political transition discredits any claim of the country to democratic exemplarity. Based on a twenty-month project carried out in several regions of Indonesia, *Indonesian Pluralities: Islam, Citizenship, and Democracy* shows that, in assessing the quality and dynamics of democracy and citizenship in Indonesia today, we must examine not only elections and official politics, but also the less formal, yet more pervasive, processes of social recognition at work in this deeply plural society. The contributors demonstrate that, in fact, citizen ethics are not static discourses but living traditions that co-evolve in relation to broader patterns of politics, gender, religious resurgence, and ethnicity in society. *Indonesian Pluralities* offers important insights on the state of Indonesian politics and society more than twenty years after its return to democracy. It will appeal to political scholars, public analysts, and those interested in Islam, Southeast Asia, citizenship, and peace and conflict studies around the world. Contributors: Robert W. Hefner, Erica M. Larson, Kelli Swazey, Mohammad Iqbal Ahnaf, Marthen Tahun, Alimatul Qibtiyah, and Zainal Abidin Bagir
