A good friend took me under his tutelage and gave me some excellent coaching on how to get the job I wanted. I have used his advice ever since and it has helped me get the job I wanted, more than once. I never forgot what he taught me. Today, I do a bit of contract work. It usually has a similar entry point as if I were looking for a job (because I actually am - just not one that is lasting for years and years). Every time I am looking for a new gig, I use the same techniques that consistently get me the job I want. I noticed that lots of my clients and friends struggle to get work. I decided to share what I know with others so that they can find it easier to quickly get to the job they want instead of facing the disappointment of sending out lots of R📧 SUM📧 S and not getting interviews. This book is contains the entire content of four specialized ebooks. It will teach you how to search for a job, how to use cover letters, what your R📧 SUM📧 should look like and how to handle the interview to get the offer.
