*Platform Business Models* R. Srinivasan, 2021-06-13 This book introduces platform firms as unique business models. Leveraging on the early literature on network economics and strategy frameworks, this book explores how platform business firms evolve in the modern business world. Taking a strategic perspective, this book engages the reader with core concepts, case studies, and frameworks for analyzing platform business firms. This book differentiates platform business firms from traditional pipeline firms; explores engagement with different actors, value creation, and operations of platforms; elucidates resources and capabilities of platform firms that provide them sustained competitive advantage; analyzes performance levers in operating platform business models, including complementarities with other business models; and discusses the sustainability of platform business models, in the face of regulatory and societal challenges, among others. The book is designed as a primer for entrepreneurs setting up and operating platform business firms, senior managers in large corporations repurposing their resources to initiate network dynamics in their businesses, early career managers, and professionals engaging with myriad platform firms for their professional and personal needs. This book intends to provide a decision-maker with a portfolio of decisions to make to create, operate, sustain, and generate value out of a platform business firm. It is also useful for policy professionals to appreciate the economics and policy implications of regulating and governing platforms in a post-digital world.

*Managing Start-ups for Success* Rajat Kanti Baisya, 2021-07-05 World economics and the industrial environment has recently created a fertile ground for the creation of new enterprises and start-ups. This book skilfully identifies the challenges of building a new business venture from an idea to a marketable product. It highlights • Robust methods for keeping up with innovation; • Designing new ways to grow, improve and market your product; and • Managing the changes in the business environment, market dynamics and other uncertainties. The volume is rich with examples and case studies of many small and large businesses. It further reflects on the business and

entrepreneurship ecosystem, the challenges and opportunities in India, entrepreneurship and women, e-commerce, the new generation of entrepreneurs, and exit strategies for entrepreneurs. An essential guide for entrepreneurs and professionals working in business management and marketing communications, as well as scholars of business administration and financial sciences, this book by an industry expert offers many new and practiced approaches, examples and lessons for innovative thinking and breaking new ground in business.

**Startup Asia** Rebecca A. Fannin, 2011-10-25 Showing how entrepreneurs and investors can start up in Asia and go global, the book provides a first-hand, on-the-ground tour of the new technology centers that are gaining momentum all over Asia. Interviews with the most successful venture capitalists and entrepreneurs reveal their winning strategies and show how a new generation of entrepreneurs in China and India are no longer looking to the West for their cues - but are instead crafting their own local business models and success strategies.

*The Entrepreneur's Choice* C. Gopalkrishnan, 2016-04-08 Micro, small and medium enterprises (MSMEs) are integral to the economic policy framework of India, and promote innovation, competition and equitable economic development. Comprehensively examining the management of family businesses among MSMEs, this book: • discusses business strategy, corporate and personal values, vision, mission, stakeholder expectations, and strategic response to external factors along with their social and environmental orientation; • includes 22 case studies drawn from varied sectors such as pharmaceuticals, food processing, engineering, and blood banking; • documents rich experiences of Indian entrepreneurs and their unique entrepreneurial approaches towards management of social enterprises, loss-making firms in the public sector, corporate social responsibility, succession planning, and innovation. The book will prove essential to students and scholars of business, entrepreneurship and management, and entrepreneurs and managers working in MSMEs, especially young entrepreneurs as well as the general reader.

*Management of Financial Services* C. Rama Gopal, The financial services sector is witnessing rapid changes and innovations—so much so that existing books are hardly able to keep up with the rapid developments in the entire gamut of financial services. This book aims to fill this gap by covering the most recent developments and new products in the sector. Closely following the syllabus of MBA UGC curriculum and PGDM, the book has a single-window approach, that is, to meet the total requirement of students in this subject area in a single book Key Features • Full coverage of MBA, UGC & PGDM syllabus • Contemporary developments, directives of regulatory authorities and recent changes in practices • Real time media reactions echoing the reactions of the investors and general public to the developments • Live examples and real case studies • Examination-oriented questions with answers, as well as frequently asked interview questions with answers

Platform Revolution: How Networked Markets Are Transforming the Economy and How to Make Them Work for You Geoffrey G. Parker, Marshall W. Van Alstyne, Sangeet Paul Choudary, 2016-03-28 A practical guide to the new economy that is transforming the way we live, work, and play. Uber. Airbnb. Amazon. Apple. PayPal. All of these companies disrupted their markets when they launched. Today they are industry leaders. What's the secret to their success? These cutting-edge businesses are built on platforms: two-sided markets that are revolutionizing the way we do

business. Written by three of the most sought-after experts on platform businesses, Platform Revolution is the first authoritative, fact-based book on platform models. Whether platforms are connecting sellers and buyers, hosts and visitors, or drivers with people who need a ride, Geoffrey G. Parker, Marshall W. Van Alstyne, and Sangeet Paul Choudary reveal the what, how, and why of this revolution and provide the first “owner’s manual” for creating a successful platform business. Platform Revolution teaches newcomers how to start and run a successful platform business, explaining ways to identify prime markets and monetize networks. Addressing current business leaders, the authors reveal strategies behind some of today’s up-and-coming platforms, such as Tinder and SkillShare, and explain how traditional companies can adapt in a changing marketplace. The authors also cover essential issues concerning security, regulation, and consumer trust, while examining markets that may be ripe for a platform revolution, including healthcare, education, and energy. As digital networks increase in ubiquity, businesses that do a better job of harnessing the power of the platform will win. An indispensable guide, Platform Revolution charts out the brilliant future of platforms and reveals how they will irrevocably alter the lives and careers of millions.

**Emerging ICT Policies and Regulations** V. Sridhar, 2019-09-26 This book constructs both educational and research arguments on various dimensions of Information and Communication Technology (ICT) policy and regulation. There has been a paradigm shift in the ICT industry due to convergence of various technologies, the ubiquity of the Internet, the emergence of app economy and the pervasiveness of social media. These pose policy and regulatory challenges in the areas of industry structure, market power of firms, pricing of products and services, interconnection of networks, radio spectrum management, intellectual property rights, data privacy and security. The common thread throughout the different sections of the book is the massive adoption of digitization by individuals, enterprises, governments and societies and the critical role of associated regulation and policy for its success. The book addresses 13 important questions in the areas of: i) Telecom Regulation including bundling of products and services, interconnection, and radio spectrum; (ii) Internet Regulation including governance of the Internet, Net Neutrality, quality of service, and cyber security; (iii) App Economy Regulation including Over The Top communication and broadcast services, ICT platform intermediation, sharing economy, data protection and privacy; and (iv) Emerging Technology Regulation including Artificial Intelligence and Intellectual Property Rights. The book explains technology and related regulatory concepts in an easy-to-read format and includes brief case studies describing the regulatory approaches from different countries. Specific focus is given to the regulatory landscape in India surrounding these questions and the lessons for similar emerging countries. Written in the form of contemporary questions and answers, this unique book appeals to researchers in ICT policy and regulation, regulators and policymakers, as well as students interested in the subject area. The book comprehensively covers the current and emerging policy and regulatory issues relating to ICT, especially as applicable to India. Further, it provides a theoretical framework for analysing each regulatory issue along with practical implications. A good reference for researchers, regulators and policy makers. - Dr R.S. Sharma, Chairman, Telecom Regulatory Authority of India. "This book by Professor Sridhar provides an excellent overview of the challenges that the world faces in coping with the dynamic new emerging digital technologies that affect the way we work, play and communicate with each other. As the internet and mobile telephony becomes more ubiquitous and accessible to everyone regardless of socio-economic class, ICT can be used for good or for mischief. The book lays out the issues of regulating global ICT and policies that governments should adopt to enable its productive and positive use." - Dr G Anand Anandalingam, Ralph J. Tyser Professor of Management Science, Robert H. Smith School of Business, University of Maryland, U.S.A. "Using problem-centric approach successfully opens the complexity of ICT regulation to a wider audience. Through cleverly chosen topical case examples the book links the problems of Indian and international ICT markets." - Dr Hämmäinen Heikki, Professor, Department of Communications and Networking, Aalto University, Finland. "Prof Sridhar is a Thought Leader in the Telecom space and I have enjoyed my interaction with him over the years. This book is an excellent compendium looking at the main regulations and policies with reference to the ICT sector. It serves as a ready reckoner for new entrants and professionals alike, providing global and local perspectives on topics that impact the growing Digital Economy." -

P Balaji, Chief Regulatory and Corporate Affairs Officer, Vodafone Idea Limited, India “Emerging ICT Policies and Regulations: Roadmap to Digital Economies is a must read for understanding essential questions regarding ICT Policy and Regulation as digitization develops locally and globally. With useful information on the case of India (and other countries), the book provides a clear, comprehensive, and cogent capture of relevant concepts and practices as well as emerging challenges. Powerful illustrations make concrete the nuance of regulatory approaches and provide added value for the reader.” - Dr. Nanette S. Levinson, Professor, Internet Governance Lab, School of International Service, American University, USA, “Reference books are usually an important source of information but they are often not very readable. I am glad to say that Prof. Sridhar has managed to produce a very-well written account of ICT regulation and policies with a focus on India, and the result is a comprehensive and interesting volume with a number of very useful chapters; many of them easily digested on their own. The book is highly recommended for members of the internet and telecommunications industries, regulators and researchers.” - Dr Jairo Gutierrez, Professor and Deputy Head, Engineering Computer and Mathematical Sciences, Auckland University of Technology, New Zealand. “Professor Sridhar's book provides the required regulatory theory and framework on 13 most important issues of the digital economy and provides guidance for setting policies and rules. A comprehensive reference for students and practitioners in the area of ICT regulation.” - Dr S Sadagopan, Director and Professor, International Institute of Information Technology Bangalore, India Emerging ICT Policies and Regulations puts together invaluable and timely research in mapping and analysing the various issues faced by digital economy in India. Prof Sridhar has captured the most pressing issues in it, pertaining to Competition Law and Policy, Intellectual Property Rights, net neutrality, data privacy, regulating OTT services etc., not just comprehensively, but in a reader friendly way. A must read for anyone wanting to get insights on the numerous challenges involved in optimally regulating ICT driven services. - Pradeep S Mehta, Secretary General, Consumer Unity & Trust Society International, India “The Book is a very exhaustive and excellent collection of contemporary issues & challenges on Policy & Regulation that the Digital Economy is likely to grapple with in the coming years. The research on each of these issues which precedes the suggested outcome ( by the author ) is very comprehensive and includes detailed analysis of the pros and cons, global best practices in the area of Policy Regulation in other Regimes , how the Indian context differs from the others and therefore , how it could possibly be addressed. - TV Ramachandran, President, Broadband India Forum, India “Whether it is spectrum auction or license fee; net neutrality or interconnection; cybersecurity or privacy; Sridhar peels off layers and presents underlying tensions within the fast-paced technological revolution and rather slow evolution of policy & regulation.” - Deepak Maheshwari, Former Secretary - ISP Association of India, Co-Founder - National Internet eXchange of India, Former Chair - IEEE Internet Initiative, India. “An encyclopedic mapping of regulatory challenges and solutions for the sector by the always insightful Prof. Sridhar. Through a single book, he provides an accessible guide to a plurality of regulations impacting the various layers of the OSI model.” - Sunil Abraham, Executive Director, Centre for Internet & Society, India
