Russian Alphabet Made Easy Lingo Mastery,2021-06 When it comes to challenges, the Russian Alphabet can be quite a tough nut to crack. But what if we told you we've created an all-in-one workbook that will help you master Russian script? A wonderful language spoken by over 150 million people worldwide, Russian is a tongue that can not only broaden your professional landscape, but also allow you to see more of the world and meet new, interesting people. However, we know how complicated it can be to read and write the Russian language, and sometimes you'll find yourself scratching your head when deciphering the Cyrillic characters. However, this is about to change. Lingo Mastery has created the number one workbook you'll find in your journey to master Russian - the Russian Alphabet Made Easy workbook. Easy to understand, entertaining to read and amazingly instructive, this is the one book you won't want to miss! To help you learn, you will discover: Starting with sections on letters that look and sound the same and progressing onto voicing and devoicing, special rules and contradictions, and a section dedicated to every letter in the alphabet, you will have endless lessons for learning! Tired of reading books that are just endless walls of text? No worries - we've made sure to include as many descriptive images as possible for your writing exercises, and even included audio to enhance your learning experience! Don't remember a certain way to write or pronounce a word? That's fine - we've added notes and reminders on every single chapter to ensure that you don't forget those valuable lessons we gave you at the beginning. Do you feel challenged yet? You will, especially with our hundreds of exercises that will make this book even more interesting. Don't worry, though, there's an Answer Key section at the end... but no cheating! This is definitely the most comprehensive and easy-to-use Russian Alphabet workbook you'll find. Don't think twice and take your Russian learning to the next level with Russian Alphabet Made Easy!

The Way of the Linguist Steve Kaufmann,2005-11 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Letter Tracing and Coloring Book for Kids - Russian Alphabets Second Teacher,2021-04-10 Dear Parents, The language is a basic characteristic which constitutes one's own representation of who you are and what you know. What is one of the first things to learn when you study a foreign language? The alphabet, of course. There are 33 letters in the modern Russian alphabet. 10 of them are vowels (а, е, ё, и, о, у, ы, э, ю, я), 1 is semi vowel, 20 are consonants and 2 signs (hard and soft) that are not pronounced, used as a modifier that alter a preceding consonant . Russian alphabet is just one of many more or less similar Cyrillic alphabets. Since Russian alphabet is the most widespread variation of Cyrillic people often think that these two are the same thing. Cyrillic alphabets form a large alphabet family or Cyrillic writing system. You may feel that using English as a common language, it won't matter whether your children learn Russian or not. It happens that your child might just stop speaking Russian, leading to identity change. Since a child's Russian language skills are lacking, they will not be able to interact well in Russian as they do in English. Learning Russian alphabet pronunciation includes both the names of the letters and sounds. It is your first step in the path to speak the Russian language. How can parents support their child's learning process? Here the solution is! This book enables your kids to practice and learn letters, words in an interesting way. Content of the book: For each alphabet letter there will be a page. - 1st page has an outline of a letter with the image that starting with that letter, name in Russian, English with the phonics of Russian name and image. - The children can color the letter and images that are allocated for each letter. - 2nd page is for next alphabet. - This book has similar setup for all the alphabets till page number 35. - Pages 36-51 contains all alphabets in single pages with space for practice. - 51-70 is having box spaces to practice Russian alphabet further. That looks like a great start right!!! Hope your kids will learn something useful in the meantime. Let us gift meaningful book as a gift to our kids. ☐ If you loved ♥ the book, we request you to take a moment to review it (☐☐☐☐). It helps in further progression for our future works. Thanks for your support Team SECOND TEACHER(TM)
