Red April Santiago Roncagliolo, 2010-08-10 A chilling political thriller set at the end of Peru's grim war between Shining Path terrorists and a morally bankrupt government counterinsurgency. Associate District Prosecutor Felix Chacaltana Saldivar is a by-the-book prosecutor wading through life. Two of his greatest pleasures are writing mundane reports and speaking to his long-dead mother. Everything changes, however, when he is asked to investigate a bizarre and brutal murder: the body was found burnt beyond recognition and a cross branded into its forehead. Adhering to standard operating procedures, Chacaltana begins a meticulous investigation, but when everyone he speaks to meets with an unfortunate and untimely end, he realizes that his quarry may be much closer to home. With action rising in chorus to Peru's Holy Week, *Red April* twists and turns racing toward a riveting conclusion.

Lima Nights Marie Arana, 2008-12-30 Carlos Bluhm leads the good life in upper-class Lima: He attends social functions with his elegant wife, goes out drinking with his three best friends, and has the occasional, fleeting assignation. Then he meets Maria Fernandez, a dancer at a tango bar in a rough part of town. The beautiful fifteen-year-old intoxicates him. An indigenous dark-skinned Peruvian, she represents everything his safe white world does not, and soon he can't get her out of his mind. They begin a passionate affair, one that will destroy his marriage and shatter the only reality he's ever known. Flash forward twenty years: Against all odds, Carlos and Maria have remained together. But when Maria finally presses for a formal commitment, feelings long suppressed erupt in a tense endgame that sends both of them hurtling toward a dangerous resolution that will forever alter their lives.

A History of Family Planning in Twentieth-Century Peru Raúl Necochea López,2014-10-15 Adding to the burgeoning study of medicine and science in Latin America, this important book offers a comprehensive historical perspective on the highly contentious issues of sexual and reproductive health in an important Andean nation. Raul Necochea Lopez approaches family planning as a historical phenomenon layered with medical, social, economic, and moral implications. At stake in this complex mix were new notions of individual autonomy, the future of gender relations, and national prosperity. The implementation of Peru's first family planning programs led to a rapid professionalization of fertility control. Complicating the evolution of associated medical services were the conflicting agendas of ordinary citizens, power brokers from governmental and military sectors, clergy, and international health groups. While family planning promised a greater degree of control over individuals' intimate lives, as well as opportunities for economic improvement through the effective management of birth rates, the success of attempts to regulate fertility was far from assured. Today, Necochea Lopez observes, although the quality of family planning resources in Peru has improved, services remain far from equitably available.

Inventing Indigenism Natalia Majluf,2021-11-23 One of the outstanding painters of the nineteenth century, Francisco Laso (1823-1869) set out to give visual form to modern Peru. His solemn and still paintings of indigenous subjects were part of a larger project, spurred by writers and intellectuals actively crafting a nation in the aftermath of independence from Spain. In this book, at once an innovative account of modern indigenism and the first major monograph on Laso, Natalia Majluf explores the rise of the image of the Indian in literature and visual culture. Reading Laso's works through a broad range of sources, Majluf traces a decisive break in a long history of representations of indigenous peoples that began with the Spanish conquest. She ties this transformation to the modern concept of culture, which redefined both the artistic field and the notion of indigeneity. As an abstraction produced through indigenist discourse, an icon of authenticity, and a densely racialized cultural construct, the Indian would emerge as a central symbol of modern Andean nationalisms. Beautifully illustrated, *Inventing Indigenism* brings the work and influence of this extraordinary painter to the forefront as it offers a broad perspective on the dynamics of art and visual culture in nineteenth century Latin America.

A Nation upon the Ocean Sea Daviken Studnicki-Gizbert,2007-01-04 With the opening of sea routes in the fifteenth century, groups of men and women left Portugal to establish themselves across the ports and cities of the Atlantic or Ocean sea. They were refugees and migrants, traders and mariners, Jews , Catholics, and the Marranos of mixed Judaic-Catholic culture. They formed a diasporic community known by contemporaries as the Portuguese Nation. By the early seventeenth century, this nation without a state had created a remarkable trading network that spanned the Atlantic, reached into the Indian Ocean and Asia, and generated millions of pesos that were used to bankroll the Spanish empire. *A Nation Upon the Ocean Sea* traces the story of the Portuguese Nation from its emergence in the late fifteenth century to its fragmentation in the middle of the seventeenth and situates it in relation to the parallel expansion and crisis of Spanish imperial dominion in the Atlantic. Against the backdrop of this relationship, the book reconstitutes the rich inner life of a community based on movement, maritime trade, and cultural hybridity. We are introduced to mariners and traders in

such disparate places as Lima, Seville and Amsterdam, their day-to-day interactions and understandings, their houses and domestic relations, their private reflections and public arguments. This finally-textured account reveals how the Portuguese Nation created a cohesive and meaningful community despite the mobility and dispersion of its members; how its forms of sociability fed into the development of robust transatlantic commercial networks; and how the day-to-day experience of trade was translated into the sphere of Spanish imperial politics of commercial reform based on religious-ethnic toleration and the liberalization of trade. A microhistory, *A Nation Upon the Ocean Sea* contributes to our understanding of the broader histories of capitalism, empire, and diaspora in the early Atlantic.
