Rough Magic Lara Prior-Palmer, 2019-06-06 A RICHARD AND JUDY BOOK CLUB PICK WINNER STANFORD TRAVEL WRITING AWARDS 2020 SHORTLISTED FOR THE WILLIAM HILL PRIZE 2019 'Such an addictive and likeable book...One of this year's best memoirs' The Telegraph 'It's the resistance to the obvious narratives that makes *Rough Magic* so appealing: the book undermines lazy women-in-the-wilderness tropes at every turn.' Sarah Moss, Guardian 'Think Educated meets Wild' Entertainment Weekly 'Rough Magic is transporting, beguiling and terrifically entertaining' Daily Mail The Mongol Derby is the world's toughest horse race. A feat of endurance across the vast Mongolian plains once traversed by the people of Genghis Khan, competitors ride 25 horses across a distance of 1000km. Many riders don't make it to the finish line. In 2013 Lara Prior-Palmer - nineteen, underprepared but seeking the great unknown - decided to enter the race. Driven by her own restlessness, stubbornness, and a lifelong love of horses, she raced for seven days through extreme heat and terrifying storms, catching a few hours of sleep where she could at the homes of nomadic families. Battling bouts of illness and dehydration, exhaustion and bruising falls, she found she had nothing to lose, and tore through the field with her motley crew of horses. In one of the Derby's most unexpected results, she became the youngest-ever champion and the first woman to win the race. A tale of adventure, fortitude and poetry, *Rough Magic* is the extraordinary story of one young woman's encounter with oblivion, and herself.

War of Magic Meredith Mansfield, 2020-05-21 In the final book of the Dual Magics series, Vatar will need both kinds of magic to prevent all-out war. Enemies unite to move against his adopted city, just when that city is torn by unrest. Vatar started the turmoil by revealing secrets that had been kept for six hundred years. Now, he's forced to accept the responsibility and power he'd rejected in order to bring the population together against this threat. And the greater challenge is still ahead, when the enemy turns their attack onto the plains. The magic-fearing tribe of his birth have no way to stand against the sorcery that will be unleashed against them. Unless Vatar and his friends defend them. But that may cost Vatar his first home, his identity, and half his family. Because if he reveals his magic, he may never be able to go home again. (Noblebright Fantasy, Sword and Sorcery, Shape Shifting, Deception)

And Every Day Was Overcast Paul Kwiatkowski, 2013-10-15 This photography-driven fiction about coming of age in the creep show of south Florida's swamps and strip malls is unlike any book I've ever read . . . A completely original and clearheaded voice (Ira Glass, host of This American Life) Out of South Florida's lush and decaying suburban landscape bloom the delinquent magic and chaotic adolescence of *And Every Day Was Overcast*. Paul Kwiatkowski's arresting photographs amplify a novel of profound vision and vulnerability. Drugs, teenage cruelty, wonder, and the screen-flickering worlds of *Predator* and *Married . . . With Children* shape and warp the narrator's developing sense of self as he navigates adventures and misadventures, from an ill-fated LSD trip on an island of castaway rabbits to the devastating specter of HIV and AIDS. This alchemy of photography and fiction gracefully illuminates the travesties and triumphs of the narrator's quest to forge emotional connections and fulfill his brutal longings for love.

Catapult Jim Paul, 1997 An “enormously entertaining” (Smithsonian), “clever, subtle, and adroit” account (Wall Street Journal) of how the author and his friend constructed a medieval siege engine in a San Francisco backyard. “So funny that I could not put it down” (Los Angeles Times).

Flying Couch, 2016-10-11 A New York Times Book Review Editors' Choice • A Kirkus Reviews Best Nonfiction Book of 2016 • A Junior Library Guild Fall 2016 Selection Flying Couch, Amy Kurzweil's debut, tells the stories of three unforgettable women. Amy weaves her own coming-of-age as a young Jewish artist into the narrative of her mother, a psychologist, and Bubbe, her grandmother, a World War II survivor who escaped from the Warsaw Ghetto by disguising herself as a gentile. Captivated by Bubbe's story, Amy turns to her sketchbooks, teaching herself to draw as a way to cope with what she discovers. Entwining the voices and histories of these three wise, hilarious, and very different women, Amy creates a portrait not only of what it means to be part of a family, but also of how each generation bears the imprint of the past. A retelling of the inherited Holocaust narrative now two generations removed, Flying Couch uses Bubbe's real testimony to investigate the legacy of trauma, the magic of family stories, and the meaning of home. With her playful, idiosyncratic sensibility, Amy traces the way our memories and

our families shape who we become. The result is this bold illustrated memoir, both an original coming-of-age story and an important entry into the literature of the Holocaust.

Lungfish Meghan Gilliss,2023-11-28 A New York Times Book Review Editors' Choice Longlisted for The Center for Fiction 2022 First Novel Prize Lungfish is a force of nature—a deeply felt marvel of a book that navigates grief, parenthood, and the mysteries of family with unrelenting power and precision. Here is a story about the islands we build and carry with us. Here is storytelling at its best. —Paul Yoon, author of Snow Hunters and Run Me to Earth Tuck is slow to understand the circumstances that have driven her family to an uninhabited island off the coast of Maine, the former home of her deceased grandmother where she once spent her childhood summers. Squatting there now, she must care for her spirited young daughter and scrape together enough money to leave before winter arrives—or before they are found out. Relying on the island for sustenance and answers—bladderwrack, rosehips, tenacious little green crabs; smells held by the damp walls of the house, field guides and religious texts, a failed invention left behind by her missing father—Tuck lives moment-by-moment through the absurdity, beauty, paranoia, and hunger that shoots through her life, as her husband struggles to detox. Exquisitely written and formally daring, Lungfish tells the story of a woman grappling through the lies she has been told—and those she has told herself—to arrive at the truth of who she is and where she must go. Meghan Gilliss's debut is a brilliant and heartbreaking novel about addiction, doubt, marriage, motherhood, and learning to see in the dark.

Sea Monsters Chloe Aridjis, 2020-02-18 Winner of the 2020 PEN/Faulkner Award for Fiction, this intoxicating story of a teenage girl who trades her a middle-class upbringing for a quest for meaning in 1980s Mexico is “a surreal, captivating tale about the power of a youthful imagination, the lure of teenage transgression, and its inevitable disappointments” (Los Angeles Review of Books). One autumn afternoon in Mexico City, seventeen-year-old Luisa does not return home from school. Instead, she boards a bus to the Pacific coast with Tomás, a boy she barely knows. He seems to represent everything her life is lacking—recklessness, impulse, independence. Tomás may also help Luisa fulfill an unusual obsession: she wants to track down a traveling troupe of Ukrainian dwarfs. According to newspaper reports, the dwarfs recently escaped a Soviet circus touring Mexico. The imagined fates of these performers fill Luisa's surreal dreams as she settles in a beach community in Oaxaca. Surrounded by hippies, nudists, beachcombers, and eccentric storytellers, Luisa searches for someone, anyone, who will “promise, no matter what, to remain a mystery.” It is a quest more easily envisioned than accomplished. As she wanders the shoreline and visits the local bar, Luisa begins to disappear dangerously into the lives of strangers on Zipolite, the “Beach of the Dead.” Meanwhile, her father has set out to find his missing daughter. A mesmeric portrait of transgression and disenchantment unfolds. Set to a pulsing soundtrack of Joy Division, Nick Cave, and Siouxsie and the Banshees, *Sea Monsters* is a brilliantly playful and supple novel about the moments and mysteries that shape us. Aridjis is deft at conjuring the teenage swooniness that apprehends meaning below every surface. Like Sebald's or Cusk's, her haunted writing patrols its own omissions . . . The figure of the shipwreck looms large for Aridjis. It becomes a useful lens through which to see this book, which is self-contained, inscrutable, and weirdly captivating, like a salvaged object that wants to return to the sea. —Katy Waldman, *The New Yorker*

US Cold War Aircraft Carriers Brad Elward, 2014-03-20 The Forrestal class (Forrestal, Saratoga, Ranger, and Independence) was the first completed class of US Navy supercarriers, so-named for their 25 percent size increase over the World War II-era carriers such as the Midway class, and the strength of their air wings (80-100 aircraft, compared to 65-75 for the Midway, and fewer than 50 for the Essex class). Design-wise, the Forrestals were a huge improvement over their predecessors, being more stable and comfortable, while maintaining advancements such as the armored flight decks that had been introduced with the Midway. The Kitty Hawk class was an improvement on the Forrestal-class designs, and four were built in the 1960s – Kitty Hawk, Constellation, America and John F. Kennedy. These were even longer than the Forrestals, and fitted with advanced defensive weapons systems and an improved elevator layout. All nine of the carriers covered by this volume are icons, and hold a much-respected place in US naval history. They are also some of the more well-known vessels outside of the military, for their long service histories, as well as for some of the more unfortunate events that seem to follow them.
