This Book Won't Make You Happy Niro Feliciano,2022-04-05 When people find out she is a therapist, Niro Feliciano knows she isn't going anywhere anytime soon. At soccer games, at cocktail parties, in waiting rooms, people corner her and ask: Why am I so stressed? Is the way I feel normal? Why can't I just be happy? The truth is happiness is fleeting, and we are stressing ourselves out trying to achieve it. In This Book Won't Make You Happy, national media commentator and Psychology Today columnist Feliciano offers a path to something much more achievable and abundantly more satisfying: contentment. By incorporating eight simple postures rooted in cognitive behavioral science and mindfulness practices into our daily routines, we can move away from anxiety and toward balance and calm. Acceptance, gratitude, connection, a present-focused perspective, intentionality and priority, self-compassion, resilience, and faith: through these practices we will overcome obstacles that hold us back from living full, meaningful, contented lives. Anxiety, stress, and grief aren't going away anytime soon, and this book won't make you happy. But with wit and empathy, Feliciano leads you right past happy to calm. No matter how happy your life is--or isn't--you can reach a deeper, truer, and longer-lasting place of contentment.

Living with Intent Mallika Chopra,2016-05-03 "I'm trying to meditate one day but urgent thoughts keep intruding. Don't forget to take cupcakes to school! I have to prepare for my presentation for the wellness conference! Is that lunch with the other moms tomorrow or next week? My to-do list is stampeding through my mind, trampling any chance of tranquility. I feel overwhelmed, yes, but there's more: I feel...guilty. Guilty that I'm taking on too much, guilty that I'm not doing anything well, guilty that I'm giving short shrift to my kids, my husband, my job. And what about you, Mallika? a quiet voice asks. How are you shortchanging yourself?" Living with Intent is a chronicle of Mallika Chopra's search to find more meaning, joy, and balance in life. She hopes that by telling her story, she can inspire others with her own successes (and failures) as well as share some of the wisdom she has gathered from friends, experts, and family along the way—people like her dad, Deepak, as well as Eckhart Tolle, Marianne Williamson, Arianna Huffington, Andrew Weil, and Dan Siegel. She also provides a practical road map for how we can all move from thought to action to outcome. Each chapter is devoted to one step on her journey and another piece of her INTENT action plan: Incubate, Notice, Trust, Express, Nurture, and Take Action. Chopra's insights and advice will help us all come closer to fully living the lives we truly intend.

Happier Now Nataly Kogan,2018-05-01 Experience more joy and meaning each day—and have greater resilience when times get tough What if you could be happier, right now, without radically changing your life? As nationally recognized happiness expert Nataly Kogan teaches, happiness is not a nice feeling or a frivolous extra. It's a critical, non-negotiable ingredient for living a fulfilling, meaningful, and healthy life—and it's a skill that we can all learn and improve through practice. In Happier Now, Nataly shares an illuminating, inspiring, and science-based guide to help you build your happier skills and live with more joy, starting now. Nataly's

own journey from Russian refugee to successful investor, tech executive, and founder and CEO of Happier taught her an important lesson: no matter how much you accomplish, how much you live the right way, or even how much gratitude you practice, life won't always be smooth. We experience genuine and lasting happiness when we stop trying to turn the negative into the positive, Nataly writes, and when we embrace the full range of our human emotions with compassion and strength. Throughout this engaging guide, Nataly describes how she went from being cynical and resistant to the ideas behind self-improvement and spirituality, to studying everything she could on the science of happiness, to completely shifting her mind-set. You'll learn five core practices for building your happier skills—acceptance, gratitude, intentional kindness, knowing your bigger why, and self-care—along with the scientific research that supports each one. Highlights include: Daily Anchors—Cultivate a custom set of simple daily practices, fine-tuned for your emotional health needs • Bring more joy and meaning into your life as it is—without needing to make difficult or time-consuming changes • How happiness leads to many of the things you want in life, rather than results from them • Learn an effective five-minute happier workout for whenever you need a boost • Strengthen your emotional immune system so you can be okay when times are tough—and bounce back to happy sooner • Specific instructions for tools and techniques that work—based on what's actually happening in your brain • Effective exercises, journaling prompts, and key insights for developing each core happier skill As Nataly says: It's time to stop saying 'I'll be happy when . . .' and start saying 'I'm happier now because . . .'

This Makes Me Happy Courtney Carbone, 2022-03-08 This Makes Me Happy follows a young girl on a field trip to the fair, complete with a roller coaster, pie-eating contest, and petting zoo! But when her pesky nut allergy keeps her from having a treat with her class, the girl learns that even the happiest of days can have unhappy moments. By reflecting on her trip and recognizing the many feelings that arose during it, she is able to feel less overwhelmed—and more confident about her positively happy day. While children enjoy expressing themselves—be it through laughter or tears—they don't always have the words to articulate their emotions. The Dealing with Feelings series is designed to give voice to what's brewing inside, showing children how to name their emotions as they also learn to read. Colorful stickers are included in each book.
