**A Space of My Own: Inspirational Id** Caroline Clifton-Mogg, 2011 For some of us it's a small desk in the corner of a kitchen or living room, for others it's a self-contained home office, but we all need a space we can call our own - where we can catch up on emails, tackle household admin or enjoy some crafting. In *A Space of My Own*, Caroline Clifton-Mogg shows you how to make the most of your personal work space. Part 1 explores The Elements that make up a successful work area, from choosing the right Furniture for comfort and the right Lighting for the task, to attractive Storage to keep things conveniently at hand and Decoration to create an environment that truly brings out the creativity in you. Part 2 is about The Spaces as a whole, showing examples of Home Offices, Shared Work Spaces, Sewing and Craft Rooms and Space for Children and Teens. Featuring case studies of successful examples of all four areas, it provides ideas and inspiration which can be easily translated into your own home. Because personal work space should be both practical and inspiring, and, quite simply, the more it is designed around your needs and tastes, the more inspired you will be. \* Creating space within the home to work or craft is a growing trend. \* Includes inspirational case studies and hundreds of tips and ideas from highly-respected interiors journalist Caroline Clifton-Mogg. \* Includes more than 250 beautiful, inspirational photographs of studies, home offices and craft rooms.

**Simple Matters** Erin Boyle, 2016-01-12 More than a decluttering guide, this book “speaks to the heart and soul of the minimalist lifestyle . . . a must-have manual for serenity in the modern world!” (Anne Sage, author of *Sage Living*). For anyone looking to declutter, organize, and simplify, author Erin Boyle shares practical guidance and personal insights on small-space living and conscious consumption. At once pragmatic and philosophical, *Simple Matters* is an essential manual for anyone

who wants to bring more purpose and sustainability to their daily lives. Boyle demonstrates how the benefits of “living small” are accessible to us all—whether we’re renting a tiny apartment or purchasing a three-story house. Filled with personal essays, projects, and helpful advice on how to be inventive and resourceful in a tight space, *Simple Matters* shows that living simply is about making do with less and ending up with more: more free time, more time with loved ones, more savings, and more things of beauty.

**My Creative Space** Donald M. Rattner, 2019-10-15 48 Techniques to Boost Your Creativity at Home, According to Science Creativity isn't all in your head. Sometimes it's in what's around you—especially when you're at home. For over twenty years, scientists have been discovering connections between our physical surroundings and the creative mind. Written by a noted architect, *My Creative Space* is the first book to turn this rich trove of psychological research into practical techniques for shaping a home that will boost your creativity. Here's a sampling of the techniques you'll learn about: Which colors lead to peak creative performance How furniture affects idea flow Pros and cons of messy versus neat environments Optimal lighting and noise levels for achieving insights How memorabilia can break creative logjams Why ceiling height matters Which scents improve creative problem solving And more Illustrating the book's 48 techniques are over 200 high-quality photos of interiors from around the world, many the work of top-tier architects, designers, and creatives. Whether you pursue creativity for pleasure or profit, whether you're a writer, entrepreneur, work in a creative industry, or simply enjoy doing creative things, this book will help you do them better. No prior expertise in design psychology required! \*Winner, 2019 Gold Medal Award, Nonfiction Authors Association

**A Room of One's Own** Virginia Woolf, 2023-03-07 *A Room of One's Own* is an essay written by Virginia Woolf. It was published in 1929 and is based on two lectures given by the author in 1928 at two colleges for women at Cambridge. In this famous essay, Woolf addressed the status of women, and women artists in particular. In this essay, the author also asserts that a woman must have money and a room of her own if she is to write. According to Woolf, women's creativity has been curtailed due to centuries of prejudice and financial and educational disadvantages. To emphasize her view, she offers the example of an imaginary gifted but uneducated sister of William

Shakespeare, who, discouraged from all eventually kills herself. Woolf celebrates the work of women who have overcome that tradition and become writers, including Jane Austen, George Eliot, and the Brontë sisters, Anne, Charlotte, and Emily. In the final section Woolf suggests that great minds are neutral and argues that intellectual freedom requires financial freedom. The author entreats her audience to write not only fiction but poetry, criticism, and scholarly works as well.

**The Scandinavian Home** Niki Brantmark, 2017-04-18 Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog My Scandinavian Home, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is reflected in them all. The first chapter, Urban Living, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the Country Homes tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular Rural Retreats include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so

important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader's reach.

The Laura Lea Balanced Cookbook Alice Randall,2020-03-24 In Laura Lea Goldberg's new cookbook, The Laura Lea Balanced Cookbook, the rubber of old-fashioned home-cooking meets the road of new healthy-food. With over 120 approachable, comforting, make-ahead recipes, this first cookbook from the creator of the popular LLBalanced website reaffirms that balance is possible: you can find the joy, relaxation, and healing of cooking for yourself, family, and friends during these frenetic times. All of the recipes in are simple, familiar, and no-fuss. The majority of the recipes come together in thirty minutes or less and all are appealing to kids and adults alike, can be modified for picky eaters or can be proudly served at a dinner party. The food isn't dogmatic: a little of everything is used and flexibility is the key. With a focus on quality and moderation, the healthy aspects don't hit you over the head. They just make you feel good. With helpful shopping lists and easy-to-follow menu plans, The Laura Lea Balanced Cookbook will help any home cook create a foundation in the pantry and kitchen that will make the prospect of healthy cooking accessible and exciting, not stressful. Making My Own Space Paul Burton, 2007 From his early childhood, Paul Burton, now a prolific film and television writer, producer, director and historian, always felt different, as though he were a square peg trying to fit into a round hole, and he was labeled a 'no-hoper'. However, this made him more determined to prove everybody wrong, pursue his ambitions against all the odds and carve out his own individually shaped niche. In effect, he has learned how to make his own space. This inspiring autobiography gives a unique and fascinating insight into the world of the arts, inviting the reader to taste all the wonderful eclectic flavors of the theatre, film, television and radio media, to be transported on tours around fascinating locations, and to meet the many interesting actors, actresses, performers, producers, directors and writers that Paul Burton has been privileged to encounter on his roller-coaster journey of ups and downs, many of whom had been his childhood comedy heroes. With a fitting foreword by Linda Regan, Making My Own Space illustrates how dreams and ambitions can become an exciting reality. Paul Burton's aim in sharing his story is to provide the sparks of encouragement for others to light their own flame, reach for their goals, and persevere through difficult times.

**Social Housing in the Middle East** Kıvanç Kılınç, Mohammad Gharipour, 2019-03-05 As oil-rich countries in the Middle East are increasingly associated with soaring skyscrapers and modern architecture, attention is being diverted away from the pervasive struggles of social housing in those

same urban settings. Social Housing in the Middle East traces the history of social housing—both gleaming postmodern projects and bare-bones urban housing structures—in an effort to provide a wider understanding of marginalized spaces and their impact on identities, communities, and class. While architects may have envisioned utopian or futuristic experiments, these buildings were often constructed with the knowledge and skill sets of local workers, and the housing was in turn adapted to suit the modern needs of residents. This tension between local needs and national aspirations are linked to issues of global importance, including security, migration, and refugee resettlement. The essays collected here consider how culture, faith, and politics influenced the solutions offered by social housing; they provide an insightful look at how social housing has evolved since the 19th century and how it will need to adapt to suit the 21st.

*Making Space for Science* Jon Agar, Crosbie Smith, 2016-01-06 In recent years there has been a growing recognition that a mature analysis of scientific and technological activity requires an understanding of its spatial contexts. Without these contexts, indeed, scientific practice as such is scarcely conceivable. *Making Space for Science* brings together contributors with diverse interests in the history, sociology and cultural studies of science and technology since the Renaissance. The editors aim to provide a series of studies, drawn from the history of science and engineering, from sociology and sociology and science, from literature and science, and from architecture and design history, which examine the spatial foundations of the sciences from a number of complementary perspectives.
