Erin Morgenstern

Making Rounds with Oscar David Dosa, 2010-02-02 A remarkable cat. A life-changing story. Making Rounds with Oscar: The Extraordinary Gift of an Ordinary Cat is the story of a doctor who, at first, doesn't always listen; of the patients he serves; of their caregivers; and, most importantly, of a cat who teaches by example, embracing moments of life that so many of us shy away from. Oscar has much to teach us about empathy and courage. I couldn't put it down. --Sara Gruen, author of *Water for Elephants* This book is a must-read. Truly, this is a story that needs to be told. --Fresh Fiction You'll be moved. --People This touching and engaging book is a must-read for more than just cat lovers; anyone who enjoys a well-written and compelling story will find much to admire in its unlikely hero. --Publishers Weekly [The] book, both touching and humorous, isn't just about Oscar. It's about listening and letting go. --USA Today

Making the Rounds with Oscar Dr David Dosa, 2009-10-29 The extraordinary - and true - story of a cat with a remarkable gift In the summer of 2007 Oscar the cat made headlines around the world. Why? Because he knows when the patients in the Rhode Island hospice where he lives are going to die. Oscar curls up on their beds, keeps them company and enables the families to be with their loved ones at the end. Dr David Dosa's job is to respond to people's medical needs, treat them for their ailments and communicate with their families. Oscar takes care of the rest. He is a steady companion and, because of him, patients don't die alone. Can a cat really predict death? Is he smelling something or responding to behavioural clues? Is he helping guide souls to heaven? Oscar's warm and profound story is heartfelt, sometimes even funny, but always inspiring.

Making the Rounds with Oscar David Dosa, 2011 An otherwise ordinary cat, Oscar has the uncanny ability to predict when people in the Steere House nursing home are about to die. Dr. Dosa tells the stories of several patients and examines end-of-life care as it

exists today.

Remembering the Music, Forgetting the Words Kate Whouley, 2011-09-06 From the author of the much-loved memoir *Cottage for Sale, Must Be Moved* comes an engaging and inspiring account of a daughter who must face her mother's premature decline. In *Remembering the Music, Forgetting the Words*, Kate Whouley strips away the romantic veneer of mother-daughter love to bare the toothed and tough reality of caring for a parent who is slowly losing her mind. Yet, this is not a dark or dour look at the demon of Alzheimer's. Whouley shares the trying, the tender, and the sometimes hilarious moments in meeting the challenge also known as Mom. As her mother, Anne, falls into forgetting, Kate remembers for her. In Anne we meet a strong-minded, accidental feminist with a weakness for unreliable men. The first woman to apply for—and win—a department-head position in her school system, Anne was an innovative educator who poured her passion into her work. House-proud too, she made certain her Hummel figurines were dusted and arranged just so. But as her memory falters, so does her housekeeping. Surrounded by stacks of dirty dishes, piles of laundry, and months of unopened mail, Anne needs Kate's help—but she doesn't want to relinquish her hard-won independence any more than she wants to give up smoking. Time and time again, Kate must balance Anne's often nonsensical demands with what she believes are the best decisions for her mother's comfort and safety. This is familiar territory for anyone who has had to help a loved one in decline, but Kate finds new and different ways to approach her mother and her forgetting. Shuddering under the weight of accumulating bills and her mother's frustrating, circular arguments, Kate realizes she must push past difficult family history to find compassion, empathy, and good humor. When the memories, the names, and then the words

begin to fade, it is the music that matters most to Kate's mother. Holding hands after a concert, a flute case slung over Kate's shoulder, and a shared joke between them, their relationship is healed—even in the face of a dreaded and deadly diagnosis. "Memory," Kate Whouley writes, "is overrated."

A Street Cat Named Bob James Bowen, 2013-07-30 Traces the story of an impoverished London street musician who after saving an injured and highly intelligent cat found his life profoundly changed in unexpected ways.

The Smart Parent's Guide Jennifer Trachtenberg, 2010-03-16 What to Do When You Don't Know What to Do! " Moms and dads need expert guidelines, especially when it comes to their kids' health. This book reveals the inside strategies I use myself—I'm a parent, too!— to avoid critical, common blunders where it matters most: in the ER, pediatrics ward, all-night pharmacy, exam room, or any other medical hot spot for kids. These tips could save your child's life one day. Even tomorrow." -Dr. Jen Making health care decisions for your child can be overwhelming in this age of instant information. It's easy to feel like you know next to nothing or way too much. Either way, you may resort to guessing instead of making smart choices. That's why the nation's leading health care oversight group, The Joint Commission, joined forces with Dr. Jennifer Trachtenberg on this book: to help you make the right decisions, whether you're dealing with a checkup or a full-blown crisis. The Smart Parent's Guide will give you the information you need to manage the pediatric health care system. Dr. Jen understands the questions parents face—as a mom, she's faced them herself. She walks you through everything: from how to choose the best ER for kids (not adults) to when to give a kid medicine (or not to) to how pediatricians care for their own children (prepare to be surprised). Her goal is your goal: to protect the health of your children. There simply is nothing more important.

Under One Roof Barry Martin, Philip Lerman, 2013-10-15

Sometimes people aren't who you think they are. Everyone knew what was going on in Ballard, Washington: developers were building a giant shopping mall, but a house belonging to a feisty octogenarian named Edith Wilson Macefield was in the way. They offered her a million dollars. She told them to take a hike. Everyone knew that Barry Martin, head of the construction project, was involved in the push to get her out of the house so that the project could proceed without further delay. Everyone was wrong. When Barry took the job as construction supervisor for the shopping mall that was being erected around Edith's little house, he determined to make things as easy for her as he could. He didn't expect that she'd ask him to drive her to a hair appointment—but he did offer to help, after all. And it was in that one small gesture that an unlikely friendship was sparked, one that changed them both forever. The story of Barry Martin and Edith Macefield is a tale of balance and compassion, of giving enough without giving too much, of helping our elderly loved ones through the tough times without taking away their dignity. In the end, *Under One Roof* is a tale of grace, and one from which all of us can take solace and strength. From Barry and Edith we have much to learn about love and letting go and, just possibly, about seeing through fading light to find great joy.

From Rubble to Redemption Jim Jenkins, 2021-08-04 On September 11th, 2001, Jim Jenkins woke up to the nightmare that was 9/11. A few days later, he was headed for Ground Zero in his official capacity as a US Navy Chaplain. Deeply affected by what he experienced there, Jim has decided to share his story with the world as we approach the 20th anniversary of 9/11. Through his encounters with the victims' families, political leaders like Rudy Giuliani, and celebrities like Elton John, Jim saw God show up in very unique and amazing ways during his time serving at Ground Zero. Jim's primary message to America is that we must never forget. But Jim also wants his fellow Americans to know that God can bring redemption out of the rubble.

Chicken Soup for the Cat Lover's Soul Jack Canfield, Mark Victor Hansen, 2012-08-07 From playful and hilarious accounts of life with cats to heartwarming tales of cat courage, healing and learning, each touching story in *Chicken Soup for the Cat Lover's Soul* celebrates the special bond we share with our cats.

Oscar Wilde Matthew Sturgis, 2021-10-12 The fullest, most textural, most accurate—most human—account of Oscar Wilde's unique and dazzling life—based on extensive new research and newly discovered materials, from Wilde's personal letters and transcripts of his first trial to newly uncovered papers of his early romantic (and dangerous) escapades and the two-year prison term that shattered his soul and his life. Simply the best modern biography of Wilde. —Evening Standard Drawing on material that has come to light in the past thirty years, including newly discovered letters, documents, first draft notebooks, and the full transcript of the libel trial, Matthew Sturgis meticulously portrays the key events and influences that shaped Oscar Wilde's life, returning the man to his times, and to the facts, giving us Wilde's own experience as he experienced it. Here, fully and richly portrayed, is Wilde's Irish childhood; a dreamy, aloof boy; a stellar classicist at boarding school; a born entertainer with a talent for comedy and a need for an audience; his years at Oxford, a brilliant undergraduate punctuated by his reckless disregard for authority . . . his arrival in London, in 1878, already noticeable everywhere . . . his ten-year marriage to Constance Lloyd, the father of two boys; Constance unwittingly welcoming young men into the household who became Oscar's lovers, and dying in exile at the age of thirty-nine . . . Wilde's development as a playwright. . . becoming the high priest of the aesthetic movement; his successes . . . his celebrity. . . and in later years, his irresistible pull toward another—double—life, in flagrant defiance and disregard of England's strict sodomy laws (the blackmailer's charter); the tragic story of his fall that sent him to prison for two years at hard labor, destroying his life and shattering his soul.

Declaring His Genius Roy Morris, Jr., 2013-01-07 Arriving at the port of New York in 1882, a 27-year-old Oscar Wilde quipped he had “nothing to declare but my genius.” But as this sparkling narrative reveals, Wilde was, rarely for him, underselling himself. A chronicle of his sensational eleven-month speaking tour of America, *Declaring His Genius* offers an indelible portrait of both Oscar Wilde and the Gilded Age. Neither Wilde nor America would ever be the same.

The Cult of Smart Fredrik deBoer, 2020-08-04 Named one of Vulture’s Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we’ll never achieve this

dream until the Cult of Smart is destroyed.

Autobiography of a Brown Buffalo Oscar Zeta

Acosta,2013-02-06 Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano lawyer and notorious as the real-life model for Hunter S. Thompson's Dr. Gonzo, a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. Written with uninhibited candor and manic energy, this book is Acosta's own account of coming of age as a Chicano in the psychedelic sixties, of taking on impossible cases while breaking all the rules of courtroom conduct, and of scrambling headlong in search of a personal and cultural identity. It is a landmark of contemporary Hispanic-American literature, at once ribald, surreal, and unmistakably authentic.

Got Your Attention? Sam Horn,2015-04-06 A communication strategist shares her eight-stage process for connecting with any number of people with two-way interactions. Did you know: • Goldfish, yes, goldfish, have longer attention spans than we humans do? • One in four people abandons a website if it takes longer than four seconds to load? Imagine if there were ways, in a world of impatience and INFObesity, to quickly intrigue busy, distracted people and earn their interest, trust and buy-in. Imagine if there was a process for pleasantly surprising decision-makers and convincing them you're the right person for the job, position, project or contract. You don't have to imagine it, Sam Horn has created it. Sam's innovative techniques have helped her clients close deals and raise millions of dollars, and will be your "secret sauce" to getting funded, hired, elected, promoted or referred. "These accessible techniques transcend generations and read like a modern-day version of How to Win Friends and Influence People." —Miki Agrawal, one of Forbes's "Top 20 Millennials on a Mission" and founder of THINX "Sam Horn's smart and snappy book will teach you how to get people's attention—and keep it." —Daniel H. Pink, #1 New York Times–bestselling author of To Sell

Is Human “If you can’t get people’s attention, you’ll never get their business. Sam Horn’s new book shows how to quickly earn respect so people are motivated to listen.” —Terry Jones, founder of Travelocity and WayBlazer and chair of Kayak “A must-read for those in the workplace who want to contribute at their highest level and create more strategic networks.” —Betsy Myers, former executive director, Center for Public Leadership, Harvard Kennedy School “Horn offers innovative ways to initiate genuine conversations and meaningful connections that turn strangers into friends.” —Keith Ferrazzi, author of the #1 bestseller *Never Eat Alone*

The Art of Crash Landing Melissa DeCarlo, 2015-09-08 From a bright new talent comes this debut novel about a young woman who travels for the first time to her mother’s hometown, and gets sucked into the mystery that changed her family forever. Mattie Wallace has really screwed up this time. Broke and knocked up, she’s got all her worldly possessions crammed into six giant trash bags, and nowhere to go. Try as she might, Mattie can no longer deny that she really is turning into her mother, a broken alcoholic who never met a bad choice she didn’t make. When Mattie gets news of a possible inheritance left by a grandmother she’s never met, she jumps at this one last chance to turn things around. Leaving the Florida Panhandle, she drives eight hundred miles to her mother’s birthplace—the tiny town of Gandy, Oklahoma. There, she soon learns that her mother remains a local mystery—a happy, talented teenager who inexplicably skipped town thirty-five years ago with nothing but the clothes on her back. But the girl they describe bears little resemblance to the damaged woman Mattie knew, and before long it becomes clear that something terrible happened to her mother, and it happened here. The harder Mattie digs for answers, the more obstacles she encounters. Giving up, however, isn’t an option. Uncovering what started her mother’s downward spiral might be the only way to stop her own. Hilarious, gripping, and unexpectedly wise, *The Art of Crash Landing* is a

poignant novel from an assured new voice.

The Night Circus Erin Morgenstern, 2011-09-13 #1 NATIONAL BESTSELLER • Two starcrossed magicians engage in a deadly game of cunning in the spellbinding novel that captured the world's imagination. • Part love story, part fable ... defies both genres and expectations. —The Boston Globe The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called Le Cirque des Rêves, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

The Homesteader Oscar Micheaux, 1917
