Meditation for Fidgety Skeptics Dan Harris, Jeffrey Warren, Carlye Adler, 2017-12-26 THE NEW YORK TIMES BESTSELLER FROM THE AUTHOR OF 10% HAPPIER Too busy to meditate? Can't turn off your brain? Curious about mindfulness but more comfortable in the gym? This book is for you. You'll also get access to guided audio meditations on the 10% Happier app, to jumpstart your practice from day one. ABC News anchor Dan Harris used to think that meditation was for people who collect crystals, play Ultimate Frisbee, and use the word "namaste" without irony. After he had a panic attack on live television, he went on a strange and circuitous journey that ultimately led him to become one of meditation's most vocal public proponents. Harris found that meditation made him more focused and less yanked around by his emotions. According to his wife, it also made him less annoying. Science suggests that the practice can lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of the brain. So what's holding you back? In Meditation for Fidgety Skeptics, Harris and Jeff Warren, a masterful teacher and "Meditation MacGyver," embark on a gonzo cross-country quest to tackle the myths, misconceptions, and self-deceptions that keep people from meditating. It is filled with game-changing and deeply practical meditation instructions—all of which are also available (for free) on the 10% Happier app. This book is a trip worth taking. Praise for Meditation for Fidgety Skeptics "If you're intrigued by meditation but don't know how to begin—or you've benefited from meditation in the past but need help to get started again—Dan Harris has written the book for you. Well researched, practical, and crammed with expert advice, it's also an irreverent, hilarious page-turner."—Gretchen Rubin, author of *The Happiness Project* "The ABC News anchor, a 'defender of worrying' who once had an anxiety attack on air, offers a hilarious and stirring account of his two-steps-forward-one-step-back campaign to sort 'useless rumination' from 'constructive anguish' via mindfulness, along with invaluable suggestions for following in his footsteps."—O: The Oprah Magazine

The Buddha Pill Miguel Farias, Dr. Catherine Wikholm, 2019-02-19 Millions of people meditate daily but can

meditative practices really make us 'better' people? In *The Buddha Pill*, pioneering psychologists Dr Miguel Farias and Catherine Wikholm put meditation and mindfulness under the microscope. Separating fact from fiction, they reveal what scientific research – including their groundbreaking study on yoga and meditation with prisoners – tells us about the benefits and limitations of these techniques for improving our lives. As well as illuminating the potential, the authors argue that these practices may have unexpected consequences, and that peace and happiness may not always be the end result. Offering a compelling examination of research on transcendental meditation to recent brain-imaging studies on the effects of mindfulness and yoga, and with fascinating contributions from spiritual teachers and therapists, Farias and Wikholm weave together a unique story about the science and the delusions of personal change.

Meditation Is Not What You Think Jon Kabat-Zinn, 2018-05-01 Welcome to a master class in mindfulness. Jon Kabat-Zinn is regarded as one of the finest teachers of mindfulness you'll ever encounter (Jack Kornfield). He has been teaching the tangible benefits of meditation in the mainstream for decades. Today, millions of people around the world have taken up a formal mindfulness meditation practice as part of their everyday lives. But what is meditation anyway? And why might it be worth trying? Or nurturing further if you already have practice? Meditation Is Not What You Think answers those questions. Originally published in 2005 as part of a larger book entitled Coming to Our Senses, it has been updated with a new foreword by the author and is even more relevant today. If you're curious as to why meditation is not for the faint-hearted, how taking some time each day to drop into awareness can actually be a radical act of love, and why paying attention is so supremely important, consider this book an invitation to learn more -- from one of the pioneers of the worldwide mindfulness movement.

The only difference...I've been meditating for over 13 years. And I want to show you how you can meditate too—in a straightforward language that any ordinary dude or dudette can understand. Over a decade of practice, meditation has transformed my life, bringing more peace, calm and clarity into it than I could have ever imagined when I started at the age of 19. And now, I want to share how meditation can do the same for you.

Unexpected Power of Mindfulness and Meditation Deb Shapiro, Ed Shapiro, 2019-04-17 Ed and Deb bring compassion and

heart to a modern world where it is sorely missed. – Ram Dass author of *Be Here Now* Behind the dramas and conflicts of life, there exists a quiet inner place where mindfulness and meditation can help us reside. The sanity and brilliance of this combination can awaken inner strength, foster kindness and fearlessness, and invite radical change. Discover how to transform your life from the inside out with the profound benefits of a calm and stress-free mind. The *Unexpected Power of Mindfulness and Meditation* features personal insights from visionary leaders – Matthew Fox, Jon Kabat-Zinn, and Marianne Williamson among them – who discuss their methods of maintaining mental health and happiness. “Treat this book as you would a cookery book. You wouldn't just read recipes; you'd try them out. Like cookery, meditation only makes sense if you experience it.” – His Holiness the Dalai Lama, Nobel Peace Prize laureate Ed and Deb remind us all just how important it is to look after the health and happiness of the mind. With warmth and humor, they show us how to integrate the timeless qualities of awareness and compassion into everyday life. – Andy Puddicombe, founder of HEADSPACE “Mindfulness is the awareness that arises when we pay attention to the present moment. It accesses us to core aspects of our mind that our very sanity depends on, as does our capacity to live wholeheartedly in this crazy world.” – Jon Kabat-Zinn, mindfulness teacher “I can be as nuts as the next person, living in a world like we live in with the craziness and chaos. It takes work to retain our sanity in the midst of all that, and to me meditation is the most powerful tool for doing so.” – Marianne Williamson, New York Times bestselling author of *A Return to Love* “Ed and Deb Shapiro are two warm, caring, and capable individuals. Their work makes our planet a safer and more loving place to live.” – Bernie Siegel, M.D., bestselling author of *Love, Medicine and Miracles* “If there is one book you read about meditation, this should be the one. Hear about some of the cool people who do it, why you should do it, and how.” – Sharon Gannon, Jivamukti Yoga “What an accomplishment! Ed and Deb's profoundly unique book offers a one-stop shop for those engaged in mindfulness and meditation. The direct transmission contained in this book can take us one step further. We find it especially useful to help stabilize spiritual activism in these challenging times and we'll refer it widely.” – John Steiner and Margo King, transpartisan activists “I hope that your work is reaching many. It deserves it and so do they.” – Stephen Levine, international bestselling author “Acceptance of what is, that is meditation. This book will help you make friends with your mind. Ed and Deb are spreading love in the world; be a part of it!” – Parmita Pushman, White Swan Records “The pausing has been profound. It has invited me to arrive in the here and now with my child clients, and to accept whatever happens without judging.” – Megan Cronin Larson, play therapist “The wonderful Shapiros are a conduit of joy and spiritual energy that heals hearts on their subtle level.” – Dr. Lex Hixon, author of *Coming Home* “Ed and Deb make a connection to their friends' spirit. They then bring their spiritual energy all over the world for world peace.” – Kitaro, Golden Globe Award– and Grammy Award–winning musician
