Composing Interactive Music Todd Winkler, 2001-01-26

Interactive music refers to a composition or improvisation in which software interprets live performances to produce music generated or modified by computers. In *Composing Interactive Music*, Todd Winkler presents both the technical and aesthetic possibilities of this increasingly popular area of computer music. His own numerous compositions have been the laboratory for the research and development that resulted in this book. The author's examples use a graphical programming language called Max. Each example in the text is accompanied by a picture of how it appears on the computer screen. The same examples are included as software on the accompanying CD-ROM, playable on a Macintosh computer with a MIDI keyboard. Although the book is aimed at those interested in writing music and software using Max, the casual reader can learn the basic concepts of interactive composition by just reading the text, without running any software. The book concludes with a discussion of recent multimedia work incorporating projected images and video playback with sound for concert performances and art installations.

From the Kippah to the Cross Jean-Marie Élie Setbon, 2015-04-16

Jean-Marie Élie Setbon, the son of non-observant French Jews, was first attracted to Jesus when he saw a crucifix at a young age. He hid a crucifix in his room and contemplated it often, even though he knew his family would be hurt and angry if they ever caught him. Seeing the Basilica of Sacré-Coeur from his apartment window, he was drawn to the church, where he found himself powerfully pulled toward Jesus in the Eucharist. After several years of surreptitiously attending Mass, he resolved to convert to Catholicism in spite of the scandal it would cause, but God had other plans. Upon graduation from

secondary school, Jean-Marie moved to Israel to delve deeper into the faith of his ancestors. He lived in kibbutzim, learned about the history and religion of his people, served in the Israeli Army, and attended two different rabbinical schools. Eight years later he returned to France as an ultra-Orthodox Jew. While teaching in a Jewish school, Jean-Marie married a woman who shared his faith, and together they began raising a family; yet his yearning for Jesus remained, becoming the source of a long and difficult internal struggle. Jean-Marie's moving and unusual conversion story is about his battle between loyalty to his identity and fidelity to the deepest desires of his heart. Above all, it is a love story between Christ, the Lover—the relentless yet patient pursuer—and man, his beloved.

Crang Mysteries 6-Book Bundle Jack Batten, 2017-05-02 The smart-talking, wise-cracking, jazz-loving criminal lawyer has got a taste for straight vodka and a nose for trouble. No one could ever accuse Crang of being a superhero, but with his usual mixture of innate cool and naive enthusiasm he brings the villains to justice. This 6-book bundle includes: Crang Plays the Ace Crang Mystery #1 Straight No Chaser Crang Mystery #2 Riviera Blues Crang Mystery #3 Blood Count Crang Mystery #4 Take Five Crang Mystery #5 Keeper of the Flame Crang Mystery #6 “Like a fine wine, the [Crang] series — and its protagonist — have aged well.” The Toronto Star

Take Five Jack Batten, 2013-04-20 It's been twenty years since Crang, the Toronto criminal lawyer with the single name and the

smart mouth, last sleuthed his way through deep trouble and tricky cases. Now, as witty and nervy as he was in such best sellers as *Straight No Chaser* and *Riviera Blues*, Crang has returned, and as usual, he's got problems. A client has skipped out on him, still owing Crang a very large fee. The client, a woman of great beauty and even greater treachery, just happens to be the co-mastermind of the biggest marijuana grow-op business in Canadian drug history. Crang cuts a few legal corners in his hunt for the fleeing client, but she soon becomes only the most elusive of his worries. Along the way, Crang finds himself confronting a major Toronto mob boss, a thug intent on maiming him, and an ugly case of murder. Will Crang survive the onslaught? Sometimes he can't help wondering. Crang remains the same, familiar off-beat guy from the earlier books. He loves vodka, jazz and smart repartee. His friends tend to be on the shady side of the law. Crang is still keeping romantic company with the delicious Annie, a freelance writer and a sharp-tongued match for Crang when batting around the dicey options that his practice in criminal law forces on him. Crang and Annie have just moved into their first house. It's in mid-town Toronto, and, like everything else in *Take Five*, it comes with hints of danger.

Leon Trotsky's Stopwatch Rax Rinnekangas,2020-01-13 Mexico City - Autumn 2004. A Nordic filmmaker arrives in the city to make a documentary about a major architectural landmark - Luis Barragán's Casa Estudio house. He meets a Mexican woman who opens a totally new door into the world of the Russian Jewish ex-communist leader Leon Trotsky, who was murdered in Mexico in August 1940. The encounter sends the filmmaker on an extraordinary journey into an entirely new aspect of the most mistreated political figure of the 20th century and his philosophy. The novel is also an exceptional love story set in an era when the concept of time has lost its original meaning and climate change is just an unpleasant possibility.

Delhi Sam Miller,2010-07-20 A provocative portrait of one of the world's largest cities, delving behind the tourist facade to illustrate the people and places beyond the realms of the conventional travelogue Sam Miller set out to discover the real Delhi, a city he describes as "India's dreamtown—and its purgatory." He treads the city streets, making his way through the city and its suburbs, visiting its less

celebrated destinations—Nehru Place, Rohini, Ghazipur, and Gurgaon—which most writers and travelers ignore. His quest is the here and now, the unexpected, the overlooked, and the eccentric. All the obvious ports of call make appearances: the ancient monuments, the imperial buildings, and the celebrities of modern Delhi. But it is through his encounters with Delhi's people—from a professor of astrophysics to a crematorium attendant, from ragpickers to members of a police brass band—that Miller creates this richly entertaining portrait of what Delhi means to its residents, and of what the city is becoming. Miller, like so many of the people he meets, is a migrant in one of the world's fastest growing megapolises, and the Delhi he depicts is one whose future concerns us all. He possesses an intense curiosity; he has an infallible eye for life's diversities, for all the marvelous and sublime moments that illuminate people's lives. This is a generous, original, humorous portrait of a great city; one that unerringly locates the humanity beneath the mundane, the unsung, and the unfamiliar.

Calico Lee Goldberg,2023-11-07 From #1 New York Times bestselling author Lee Goldberg, comes an explosive, page-turning investigative thriller - with a mind-blowing twist. There's a saying in Barstow, California, a decaying city in the scorching Mojave desert . . . The Interstate here only goes in one direction: Away. But it's the only place where ex-LAPD detective Beth McDade, after a staggering

fall from grace, could get another badge . . . and a shot at redemption. Over a century ago, and just a few miles further into the bleak landscape, a desperate stranger ended up in Calico, a struggling mining town, also hoping for a second chance. His fate, all those years ago, and hers today are linked when Beth investigates an old skeleton dug up in a shallow, sandy grave . . . and also tries to identify a vagrant run-over by a distracted motorhome driver during a lightning storm. Every disturbing clue she finds, every shocking discovery she makes, force Beth to confront her own troubled past . . . and a past that's not her own . . . until it all smashes together in a revelation that could change the world.

AASHTO Quarterly American Association of State Highway and Transportation Officials, 1995

Eclipse of the Blue D. E. Gray, 2012-10-22 For the Retired Blues Crew, a small group of retired LAPD police officers that meet once a month to share old war stories and enjoy each others company, accepting retirement was a hard pill to swallow. Once considered savvy street warriors who risked life and limb protecting the good citizens of Los Angeles, they were now the forgotten heroes whose past heroic deeds were now only remembrances visited through their colorful story telling during their once a month get-togethers. Like all things in life, they were all expendable and the guys in the Retired Blues Crew had been replaced by a new generation of street warriors. To the old dogs who were put out to pasture, the new centurions were taking their places with new technology and a confidence that bordered on disrespect for those who had paved the way before them. The argument that the old days of crushing crime without the benefit of all the new-fangled gadgets was more rewarding than the technology of the future was a misconception of the new breed that

were now in charge of protecting the citizens of Los Angeles. For the select group of old story tellers, they needed to add one more chapter in their lives, something for the street warriors of the present to remember them by when their time finally came and they were reduced to second class citizens too old to do the job anymore. This small tight knit group of old street warriors had enough and it was time to prove beyond a shadow of a doubt that they werent too old to out-smart and out-wit the hightech rouges who have now taken their places. Proving that computers and gadgets could never replace the wisdom and experience that the old dogs were blessed with wouldnt be an easy task, but they were determined to challenge the new breed and beat them at their own game. They knew whatever it was they were going to do couldnt replicate anything like the violent movies you see were people die, get hurt or cars get wrecked and buildings are blown up, after all they were cops or at least they were once. That being said, the old dogs had to pull off the perfect caper and they had to do it without claiming any of the bragging rights they so much yearned for. It would have to be for no other reason than For Greater Glory. In that one of their own had been diagnosed with cancer with less than six months to live, they only had a small window of opportunity to get it done. Since he was the architect behind the perfect crime referred to as Operation Blue Eclipse, their success would depend on how well the plan was executed with no room for error. If all went as planned and after all was said and done, the Retired Blues Crew would truly know who the best of the best was.
