Thomas J. Stanley, Ph.D., Sarah Stanley Fallaw, Ph.D

The Millionaire Next Door Thomas J. Stanley, William D. Danko, 2010-11-30 How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don’t live in Beverly Hills or on Park Avenue. They live next door. America’s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don’t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America’s truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, The Millionaire Next Door was a groundbreaking examination of America’s rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today’s earn-and-consume culture.” —Library Journal

Stop Acting Rich Thomas J. Stanley, 2011-07-12 The bestselling author of The Millionaire Next Door reveals easy ways to build real wealth With well over two million of his books sold, and huge praise from many media outlets, Dr. Thomas J. Stanley is a recognized and highly respected authority on how the wealthy act and think. Now, in Stop Acting Rich ? and Start Living Like a Millionaire, he details how the less affluent have fallen into the elite luxury brand trap that keeps them from acquiring wealth and details how to get out of it by emulating the working rich as opposed to the super elite. Puts wealth in perspective and shows you how to live rich without spending more Details why we spend lavishly and how to stop this destructive cycle Discusses how being rich means more than just big houses and luxury cars A defensive strategy for tough times, Stop Acting Rich shows readers how to live a rich, happy life through accumulating more wealth and using it to achieve the type of financial freedom that will create true happiness and fulfillment.

Millionaire Women Next Door Thomas J. Stanley, 2010-11-25 The New York Times–bestselling author of The Millionaire Next Door reveals the spending and saving habits of financially successful women. Millionaire Women Next Door presents a variety of groundbreaking concepts involving the personality, lifestyle, motives, beliefs, and spending habits of economically successful American businesswomen. Most of these women report being raised in nurturing family environments. They were trained not only to succeed financially but also to be generous in giving to noble causes. Stanley asks, “How did these businesswomen become millionaires? They did it by doing more of the key activities and achieving better results than most of their male counterparts.” Praise for Thomas J. Stanley’s The Millionaire Mind “A very good book that deserves to be well read.” —The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” —Associated Press “A high IQ isn’t necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.” —Orlando Sentinel

The Next Millionaire Next Door Thomas J. Stanley, Ph.D., Sarah Stanley Fallaw, Ph.D, 2018-10-01 Is the millionaire next door still out there today? The latest research from Dr. Thomas J. Stanley and his daughter, Dr. Sarah Stanley Fallaw, confirms that, yes, the millionaire next door is alive and well. And he’s achieving his financial objectives much the same way he always has: by living below his means, being a contrarian in a maelstrom of hyper-consumption, and

being disciplined in reaching his financial goals. The book examines wealth in America 20 years after Dr. Stanley's groundbreaking work on self-made affluence. While a new generation of household financial managers are being inundated with the proliferation financial advice, *The Next Millionaire Next Door* provides readers with an analysis of what it takes to achieve wealth with data-based conclusions and evidence from those who have built wealth on their own over the last two decades. In this current work, the authors detail how specific decisions, behaviors, and characteristics align with the discipline of wealth building, covering areas such as consumption, budgeting, careers, investing, and financial management in general. Through case studies, survey research, and a careful examination of quantitative studies of wealth, the authors illustrate what it takes to achieve financial success today, regardless of market conditions or rising costs.

The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

The Millionaire Next Door Thomas J. Stanley, William D. Danko, 1998-10 Reveals that the accumulation of wealth in the United States is most often done through hard work, diligent savings, and living a frugal lifestyle

Marketing to the Affluent Thomas J. Stanley, 2012-06-29 The New York Times bestselling author of *The Millionaire Next Door* shares proven strategies and expert advice on successfully entering the affluent market. No one knows the rich like the author and business theorist Thomas Stanley. In this book, Stanley explains what it takes to reach, persuade, and market to this highly targeted audience. Stanley discusses the unique perspectives of wealthy

individuals, revealing the needs and desires any marketing campaign needs to address in order to be successful with them. Stanley then outlines several highly effective ways to meet those needs, including how to attract wealthy customers through word-of-mouth recommendations from their friends, family, and business associates. Marketing to the Affluent covers: Myths and realities about the affluent Understanding what the affluent want Finding “overlooked” millionaires Positioning yourself as an expert “No one better illuminates the who, where, and how of the affluent market than Tom Stanley.”—J. Arthur Urciuoli, Director of Marketing, Merrill Lynch

The Millionaire Mind Thomas J. Stanley, 2010-12-03 The New York Times bestseller that gives “readers with an entrepreneurial turn of mind . . . road maps on how millionaires found their niches” (USA Today). The author of the blockbuster bestseller *The Millionaire Next Door: The Surprising Secrets of America’s Wealthy* shows how self-made millionaires have surmounted shortcomings such as average intelligence by carefully choosing their careers, taking calculated risks, and living balanced lifestyles while maintaining their integrity. Dr. Thomas J. Stanley also builds on his research from *The Millionaire Next Door* and takes us further into the psyche of the American millionaire. Stanley focuses in on the top one percent of households in America and tells us the motor behind the engine; what makes them tick. His findings on how these families reached such financial success are based on in-depth surveys and interviews with more than thirteen hundred millionaires. “A very good book that deserves to be well read.” —The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” —Associated Press “A high IQ isn’t necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.” —Orlando Sentinel

The Investment Answer Gordon Murray, Daniel C. Goldie, 2011-01-12 What if there were a way to cut through all the financial mumbo-jumbo? Wouldn’t it be great if someone could really explain to us—in plain and simple English—the basics we must know about investing in order to insure our financial freedom? At last, here’s good news. Jargon-free and written for all investors—experienced, beginner, and everyone in between—*The Investment Answer* distills the process into just five decisions—five straightforward choices that can lead to safe and sound ways to manage your money. When Wall Street veteran Gordon Murray told his good friend and financial advisor, Dan Goldie, that he had only six months to live, Dan responded, Do you want to write that book you’ve always wanted to do? The result is this eminently valuable primer which can be read and understood in one sitting, and has advice that benefits you, not Wall Street and the rest of the traditional financial services industry. *The Investment Answer* asks readers to make five basic but key decisions to stack the investment odds in their favor. The advice is simple, easy-to-follow, and effective, and can lead to a more profitable portfolio for every investor. Specifically: Should I invest on my own or seek help from an investment professional? How should I allocate my investments among stocks, bonds, and cash? Which specific asset classes within these broad categories should I include in my portfolio? Should I take an actively managed approach to investing, or follow a passive alternative? When should I sell assets and when should I buy more? In a world of fast-talking traders who believe that they can game the system and a market characterized by instability, this extraordinary and timely book offers guidance every investor should have.

Financial Freedom Grant Sabatier, 2020-04-07 The International Bestseller New York Public Library’s Top 10 Think Thrifty Reads of 2023 This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover. —Lifehacker Money is

unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him the Millennial Millionaire. By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Die with Zero Bill Perkins, 2020 A ... new philosophy and ... guide to getting the most out of your money--and out of life--for those who value memorable experiences as much as their earnings--

The White Coat Investor James M. Dahle, 2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of

my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of *How a Second Grader Beats Wall Street* Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of *The Investor's Manifesto* and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of *Common Sense Investing* The *White Coat Investor* provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

The Millionaire Next Door Thomas J. Stanley, William D. Danko, 2016 Why aren't I as wealthy as I should be? Many people ask this question of themselves all the time. Often they are hard-working, well educated middle- to high-income people. Why, then, are so few affluent. For nearly two decades the answer has been found in the bestselling *The Millionaire Next Door: The Surprising Secrets of America's Wealthy*, reissued with a new foreword for the twenty-first century. According to the authors, most people have it all wrong about how you become wealthy in America. Wealth in America is more often the result of hard work, diligent savings, and living below your means than it is about inheritance, advanced degrees, and even intelligence. *The Millionaire Next Door* identifies seven common traits that show up again and again among those who have accumulated wealth. You will learn, for example, that millionaires bargain shop for used cars, pay a tiny fraction of their wealth in income tax, raise children who are often unaware of their family's wealth until they are adults, and, above all, reject the big-spending lifestyles most of us associate with rich people. In fact, you will learn that the flashy millionaires glamorized in the media represent only a tiny minority of America's rich. Most of the truly wealthy in this country don't live in Beverly Hills or on Park Avenue—they live next door.

Bogle On Mutual Funds John C. Bogle, 2015-04-02 The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed index fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds Learn how to choose between the four basic types of funds Choose the lower-cost, more reliable investment structure See through misleading advertising, and watch out for pitfalls Take a look into this timeless classic and let *Bogle On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

Scroogenomics Joel Waldfogel, 2009-10-25 Economist Joel Waldfogel illustrates how our consumer spending generates vast amounts of economic waste--to the shocking tune of \$85 billion each winter. He provides solid explanations to show us why it's time to stop the madness and think twice before buying gifts for the holidays. Gift giving is different than shopping for our own needs: we make less-informed choices, max out on credit to buy gifts worth less than the money spent, and leave recipients less than satisfied, creating what Waldfogel calls deadweight loss. And this waste isn't confined to Americans--most major economies share in this orgy of wealth destruction. While recognizing the difficulties of altering current trends, he offers viable alternatives. By reprioritizing our gift-giving habits, Scroogenomics proves that we can still maintain the economy without gouging our wallets, and reclaim the true spirit of the holiday season.--From publisher description.

The Next Millionaire Next Door Thomas J. Stanley, Sarah Stanley Fallaw, 2020-10 Is the millionaire next door still out there today? The latest research from Dr. Thomas J. Stanley and his daughter, Dr. Sarah Stanley Fallaw, confirms that, yes, the millionaire next door is alive and well. And he's achieving his financial objectives much the same way he always has: by living below his means, being a contrarian in a maelstrom of hyper-consumption, and being disciplined in reaching his financial goals. The book examines wealth in America 20 years after Dr. Stanley's groundbreaking work on self-made affluence. While a new generation of household financial managers are being inundated with the proliferation financial advice, *The Next Millionaire Next Door* provides readers with an analysis of what it takes to achieve wealth with data-based conclusions and evidence from those who have built wealth on their own over the last two decades. In this current work, the authors detail how specific decisions, behaviors, and characteristics align with the discipline of wealth building, covering areas such as consumption, budgeting, careers, investing, and financial management in general. Through case studies, survey research, and a careful examination of quantitative studies of wealth, the authors illustrate what it takes to achieve financial success today, regardless of market conditions or rising costs.

How to Retire with a Million Dollars Elaine Zimmermann, 1998-03-04 For author and real estate owner Elaine Zimmerman and for an ever-increasing number of individuals -- especially women -- this grim reality has been all too familiar. For Elaine, left with little money and no financial plan after divorce, a comfortable retirement seemed an impossible dream. She realized, as we all do eventually, that Social Security and company retirement plans aren't sufficient to ensure financial security. So Elaine followed a friend's example and took the first step toward controlling her financial future. She found a bank that financed her postdivorce home at a lower interest rate and, within three years, owned three houses worth a half million dollars. Now, with Elaine's practical, detailed, step-by-step plan for financial security through real estate investing, every woman -- and man -- can do it, too. If you run a household, bargain-hunt and know how to stretch a dollar, you can start with the plan. Work on real estate investing on weekends and during the evenings, while keeping your regular job. Purchase homes far below market value. Buy in the best part of town for higher long-term appreciation. Rent your houses for the amount of the mortgage with taxes and insurance -- or greater. Assume fixed-rate mortgages for no more than 15 years in length. From start to finish, *How to Retire With a Million Dollars* covers the important topics and questions, including determining your monthly income goals; how much cash you'll need to get started; getting bank loans; down payments and financing your first house; the major tax benefits of owning rental properties; selecting neighborhoods and real estate agents; how to utilize your shopping skills to purchase properties; why choosing a house is like choosing a husband (good foundation -- no major structural defects; repairs --

what to fix what to forget); refinancing and financing house two, three, etc.; building your real estate portfolio; foreclosures, bargain homes and other deals; tenants and leases. Complete with a glossary of mortgage-related terms, this indispensable book offers an easy-to-follow strategy to get you started in real estate investing and keep you motivated, whether you're working alone or with the help of a partner. Start building your financial future now -- one house at a time!

What the Happiest Retirees Know: 10 Habits for a Healthy, Secure, and Joyful Life Wes Moss, 2021-10-26 The bestselling author of *You Can Retire Sooner Than You Think* and host of *Money Matters* reveals the 10 essential habits for a rich, rewarding, and blissful retirement. What does it take to have a truly happy retirement? Is it money? A mortgage-free home? An active social life? A long-lasting marriage—or maybe a new one? Finance expert, author, and radio host Wes Moss asked more than 2,000 of the nation's happiest retirees to find out—and their answers may surprise you. Through a series of revealing surveys, Moss noticed a pattern of distinct, recognizable habits that the happiest retirees shared, from the simplest of lifestyle choices to the smartest of financial strategies. These are the kinds of habits anyone can develop—the perfect road map to a healthy, secure, and joyful retirement—sooner. Whether you're already retired or just starting to make plans, these 10 simple actions and attitudes can make a profound difference in every aspect of your life. The book is packed with hard-won wisdom and invaluable advice on how to make little changes now that will have the biggest impact later. It's filled with proven ways to develop smarter habits with: Money (“Think river, not reservoir”); Family (“Get your kids off your payroll”); Housing (“Live mortgage-free”); Investing (“Be a tomorrow investor”); Spending (“Be pound wise—so you can be penny foolish”); and much more. With these 10 transformational habits, you can stop obsessing over money, stay socially connected, and start enjoying your new life—as the happiest retiree on the block.

Home Service Millionaire Tommy Mello, 2018-12-03 Already have a home service business but just scraping by? Don't know how to grow because you can't possibly work any more hours? This book aims to change that with actionable advice you can use to immediately improve every aspect of your home service business so you can make more money and work less.

Everyday Millionaires Chris Hogan, 2019 Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. - adapted from foreword and introduction
