Friended at the Front Lisa Ellen Silvestri,2015-11-06 For most of us, clicking “like” on social media has become fairly routine. For a Marine, clicking “like” from the battlefield lets his social network know he’s alive. This is the first time in the history of modern warfare that US troops have direct, instantaneous connection to civilian life back home. Lisa Ellen Silvestri’s *Friended at the Front* documents the revolutionary change in the way we communicate across fronts. Social media, Silvestri contends, changes what it's like to be at war. Based on in-person interviews and online fieldwork with US Marines, *Friended at the Front* explores the new media habits, attitudes, and behaviors of troops on the ground in Iraq and Afghanistan, and some of the complications that emerge in their wake. The book pays particular attention to the way US troops use Facebook and YouTube to narrate their experiences to civilian network members, to each other, and, not least of all, to themselves. After she reviews evolving military guidelines for social media engagement, Silvestri explores specific practices amongst active duty Marines such as posting photos and producing memes. Her interviews, observations, and research reveal how social network sites present both an opportunity to connect with civilians back home, as well as an obligation to do so—one that can become controversial for troops in a war zone. Much like the war on terror itself, the boundaries, expectations, and dangers associated with social media are amorphous and under constant negotiation. *Friended at the Front* explains how our communication landscape changes what it is like to go to war for individual service members, their loved ones, and for the American public at large.

Spiritually Fly Faith Hunter,2021-08-17 From next-generation yoga teacher Faith Hunter comes a real-world guide to feeling more worthy, vibrant, and alive. “You were born with the fullness of your most epic life within you. Knowing your true worth. Feeling vibrant with each breath and magically alive as you navigate the unexpected. When you peel back the layers of crusty emotional baggage and old subconscious loops that keep you small, you are able to step into the brilliance of who you are in your soul, and that makes you Spiritually FlyTM.” —Faith Hunter Global yoga and meditation teacher Faith Hunter is known for her ability to help others remember their inherent worth and live more soulful, joyful lives. Here, Faith shares the seven principles behind her life philosophy—the “Spiritually Fly Sutras”—inspiring each of us to embrace our unique flow, on and off the mat. The Spiritually Fly Sutras are dynamic, sacred principles grounded in movement, breathwork, sound, and self-reflection. When practiced together, Faith teaches, “They have the ability to inspire and ignite an inner revolution.” Throughout Spiritually Fly, Faith shares the stories that led to each sutra with raw vulnerability. A young Black girl in the South whose brother was dying of AIDS contracted from a blood transfusion, she often struggled to trust in spirit and God. Her own spiritual journey brings a fresh, grounded vibe to her teachings, as she seamlessly blends classic yoga wisdom with modern-day living. To help you integrate each sutra into your life, Faith provides a wealth of “SoulPrints”—exercises and reflections including yoga asanas and kriyas, journaling prompts, pranayama, chakra explorations, and practices for each of the “three Ms”: mantra, mudra, and meditation. For anyone ready to live their most epic lives, Spiritually Fly offers a radical guide to shift unhealthy patterns, recharge your soul, and fly.
