David Stevenson

The Downloader's Handbook, PC Edition David Stevenson,2006-08 The mass arrival of broadband has caused a revolution on the internet. The major activity online is now the downloading of music and video files. Music download services offer millions of songs for immediate download to users and where music has led, film is about to follow. Nearly all music and film content has now been turned into digital content and is available in some shape or form online. But where can all this be found? Is it safe to download? And what about the legal issues? These are questions which this book answers. Written in straight-forward language this book is a practical guide to: - Setting up a computer to download files over the internet in a safe environment- What programs to use to download and play music and video files- Where to find free and paid-for media files on the net- Which portable MP3 players to buy- How to navigate around all file-sharing networks- How not to be fazed by all the jargon like MP3, OGG and DivX- How to understand the legal position when you download filesThe book is not for computer experts, but for people with ordinary home PCs who want to join the entertainment revolution. Your computer has turned into tomorrow's entertainment center - this book shows you how to take simple control of it. Millions of users globally are online, downloading music and video day in, day out. You can either ignore the revolution, or start downloading now!

Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth. On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began... There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the living. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.
