Wild Mushroom Picker's Code of Conduct English Nature, 1998-12-01

Edible Mushrooms Barbro Forsberg, 2014-03-04 Wandering the woods in search of mushrooms is one of life's great pleasures. But be careful to pick the right ones! With *Edible Mushrooms* in your backpack, you'll know to pick only the safest, most delicious chanterelles, truffles, morels, and more. Author Barbro Forsberg presents forty edible species, and reveals how, when, and where to find them—knowledge gained over the course of four decades spent mushrooming in the woods. Discover such aspects of mushrooming as: • Characteristics of edible mushrooms, per species • Cooking, cleaning, and drying the day's bounty • Edible, inedible, or toxic? Photographs and descriptions for what to pick and what to avoid • Poisonous varieties and how to recognize them All content has been verified by a professional mycologist. Plus, nature and educational photographs illustrate how mushrooms grow, the environments where you can expect to find them, and the ways in which the same species may vary from one sample to the next. So whether you're an experienced mushroom hunter or a novice to the art, with *Edible Mushrooms* you can confidently recognize, pick, and eat the tastiest wild mushrooms.

Basically Morels Larry Lonik, 2001-03 An excellent body of knowledge for the novice or seasoned pro, from the expert who continues to do it all with mushrooms: picking, cooking and growing. This is the information mushroom hunters want, and the curious need to get started safely on this wonderful, healthy family activity. This book is part of Lonik's 'Nature and Cooking Series'.

The Mushroom Hunters Langdon Cook, 2023-08-08 "A beautifully written portrait of the people who collect and distribute wild mushrooms . . . food and nature writing at its finest."—Eugenia Bone, author of *Mycophilia* "A rollicking narrative . . . Cook [delivers] vivid and cinematic scenes on every page."—The Wall Street Journal In the dark corners of America's forests grow culinary treasures. Chefs pay top dollar to showcase these elusive and enchanting ingredients on their menus. Whether dressing up a filet mignon with smoky morels or shaving luxurious white truffles over pasta, the most elegant restaurants across the country now feature one of nature's last truly wild foods: the uncultivated, uncontrollable mushroom. The mushroom hunters, by contrast, are a rough lot. They live in the wilderness and move with the seasons. Motivated by Gold Rush desires, they haul improbable quantities of fungi from the woods for cash. Langdon Cook embeds himself in this shadowy subculture, reporting from both rural fringes and big-city eateries with the

flair of a novelist, uncovering along the way what might be the last gasp of frontier-style capitalism. Meet Doug, an ex-logger and crabber—now an itinerant mushroom picker trying to pay his bills and stay out of trouble; Jeremy, a former cook turned wild-food entrepreneur, crisscrossing the continent to build a business amid cutthroat competition; their friend Matt, an up-and-coming chef whose kitchen alchemy is turning heads; and the woman who inspires them all. Rich with the science and lore of edible fungi—from seductive chanterelles to exotic porcini—The Mushroom Hunters is equal parts gonzo travelogue and culinary history lesson, a fast-paced, character-driven tour through a world that is by turns secretive, dangerous, and quintessentially American.

The Pocket Guide to Wild Mushrooms Pelle Holmberg, Hans Marklund, 2013-01-01 Learn how to recognize mushrooms in the wild with this handy guide.

Mushroom Hunting Notebook Mushroom Hunting Notebook, 2019-06-30 Your Personal Notebook for Mushroom Hunting Your heart beats for mushroom foraging?
