Hindi Film Songs and the Cinema Anna Morcom, 2017-07-05 Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes, eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial, this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

The Hindi Music Jukebox Manek Premchand, 2018-07-18 This Indian film music book is a collection of eighty essays about the people who made remarkable music in Bollywood cinema, especially during the great era, and the ideas such people brought to the recording studios. When songs had to go without rhythms or when melodies had plenty of Q n A in them. In this music book, we flirt with Rock n Roll and scan songs that speed up at the end, we peep behind the screen to see what the idea was behind chorus songs in our films – even if there was no one to sing that chorus on the screen; it's a huge list. These pages are a reflection of the time when everyone was fired up in their art, and when no one wanted to finish last in the race. It is about artists who every now and then dreamt ideas, and only after crystallizing things perfectly in their mind's eye, went out to translate and transform their dreams into unforgettable melodies in Indian movies. Jukebox will interest the layman as well as the academician.

Bollywood Sounds Jayson Beaster-Jones, 2014-10-09 Bollywood Sounds focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, Bollywood Sounds illustrates how the producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, Bollywood Sounds provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.

Gaata Rahe Mera Dil Balaji Vittal, Anirudha Bhattacharjee, 2015-06-01 Look behind the scenes of fifty celebrated songs, from an estimated repository of over one lakh! 'De de khuda ke naam pe': when Wazir Mohammed Khan sang these words in India's first talkie, *Alam Ara*, he gave birth to a whole new industry of composers, lyricists and singers, as well as an entirely new genre of film-making that is quintessentially Indian: the song-and-dance film. In the eight decades and more since then, Hindi film songs have enraptured listeners all over the world. From 'Babul mora, naihar chhooto jaye' (*Street Singer*, 1938) to 'Dil hai chhota sa' (*Roja*, 1992); from the classical strains of 'Ketaki gulab' (*Basant Bahar*, 1956) featuring Bhimsen Joshi to the disco beats of Nazia Hassan's

'Aap jaisa koi' (Qurbani, 1981); from the pathos of 'Waqt ne kiya' (Kaagaz Ke Phool, 1959) to the exuberance of the back-to-back numbers in Hum Kisise Kum Naheen (1977), here is an extraordinary compilation, peppered with trivia, anecdotes and, of course, the sheer joy of music. Find out answers to questions like: With which unreleased film did Kishore Kumar turn composer? In which song picturization was dry ice first used? Which all-time classic musical was initially titled Full Boots? Where was the title song of An Evening in Paris shot? The idea for which song originated when the film-maker visited Tiffany's in London? Which major musical partnership resulted from the celebrations around an award function for a commercial jingle for Leo Coffee? How many of your favourites find mention here? Make your own list!

The Influence of Hindustani Classical Music on Bollywood Songs. A Statistical Outlook Amrita Singh, Soubhik Chakraborty, 2019-07-19 Master's Thesis from the year 2019 in the subject Musicology, grade: 8.5, , language: English, abstract: The present work attempts to study the impact of Hindustani Classical Music on Bollywood in a legitimate manner using a statistical approach emphasizing on statistical modeling of musical structure and performance and other statistical features such as note duration and inter onset interval with a case study in raga Yaman. Any music originates in the society and develops with the changing realities of it. It accepts new and modifies the existing cultural norms in different periods of time. This process of acceptance and rejection makes any form of art exist for long. In spite of all this, in various phases, Hindustani classical music, being the base of many popular Bollywood songs has helped in their popularity and lifelong existence because of the strong focus on melody. A raga, which is the nucleus of Indian classical music, be it Hindustani or Carnatic, is a melodic structure with fixed notes and a set of rules which characterize a certain mood conveyed by performance. Hindustani ragas have embraced the elements of several Bollywood songs, which has given these songs a strong impact despite the strong influence of western art music in Bollywood music industry. The present work attempts to study this impact in a legitimate manner using a statistical approach emphasizing on statistical modeling of musical structure and performance and other statistical features such as note duration and inter onset interval with a case study in raga Yaman. It turns out that the same statistical model for both the raga bandish and a song based on the same raga, i.e., Yaman, an evening raga of the Kalyan thaat.

R. D. Burman -The Man, The Music Balaji Vittal,Anirudha Bhattacharjee,2012-07-21 To a nation fed on classical music, the advent of Rahul Dev Burman with his repertoire of Western beats was a godsend. RD revolutionized Hindi film music in the 1970s, and with his emphasis on rhythm and beats, this Pied Piper of Hindi film music had young India swinging to his tunes. At the same time, this genius proved his many detractors who criticized him for corrupting popular taste wrong by composing some of the most influential raga-based songs in Hindi cinema and showing an immense comfort with all kinds of music, including Indian folk. RD: The Man, The Music looks at the phenomenon called R.D. Burman and how he changed the way Indians perceived Hindi film music. Through anecdotes and trivia that went into the making of Pancham's music - the many innovations he introduced, like mixed rhythm patterns, piquant chords and sound mixing - and through interactions with the musicians who were part of RD's team, the authors create a fascinating portrait of a man who, through his music, continues to thrive, even fifteen years after his death.

Main Shayar Toh Nahin Rajiv Vijayakar,2019-01-30 With the advent of sound, Hindi songs acquired a grammar of their own, thanks to the introduction of songs as a part of the narrative - a tradition that is unique to Hindi cinema. This gave rise to a class of professionals who acquired a star status that was in the league of the actors themselves - the lyricists. Rajiv Vijayakar's book chronicles the journeys of leading film lyricists - from D.N. Madhok and Pandit Pradeep to Amitabh Bhattacharya and Irshad Kamil, including stalwarts like Shakeel Badayuni and Sahir Ludhianvi, Majrooh Sultanpuri and Anand Bakshi, Gulzar and Javed Akhtar - who have woven magic with the written word. Filled with trivia and never-before-heard-of anecdotes, Main Shaayar Toh Nahin is an introduction to the contribution made by some of the finest wordsmiths to the Hindi film industry.

The Evolution of Song and Dance in Hindi Cinema Ajay Gehlawat, Rajinder Dudrah, 2020-05-21 Exploring the evolution of song and dance in the popular Hindi film, this book examines how these quintessential elements have been and continue to be theorized. As song ‘picturizations’, as they are frequently called, have evolved, shifting from little more than impromptu moves around tree trunks to highly choreographed affairs featuring scores of professional dancers and exotic backgrounds, their theorization has also developed beyond the initial, peremptory dismissals of earlier critics. Featuring a landmark collection of essays from leading theorists, as well as newer contributions from up-and-coming scholars, this book develops new and exciting ways of thinking about song and dance in Hindi cinema and, in turn, explores how these elements work to (re)define popular Hindi cinema in the twenty-first century. This collection will be of interest to students and scholars of Hindi cinema, musicals, and global popular cultures. It was originally published as a special issue of South Asian Popular Culture.
