United States. Congress. Senate. Impeachment Trial Committee

Intrepid Woman Betty Lussier, 2010-11-15 A teenager on a Maryland farm when World War II began, Betty Lussier went to England to help the British fight off an impending invasion. Armed with a private pilot's license, she joined the Air Transport Auxiliary and was soon ferrying planes and pilots for the RAF, and her memoir describes those days in thrilling detail. After the Normandy invasion, when women pilots were barred from delivering planes to the combat zones on the continent, she joined a counter-intelligence branch of the Office of Strategic Services. Her experiences with a special liaison unit in Algeria, Sicily, Italy, and France helping to set up a chain of double agents and transmit misinformation to the enemy are described for the first time as she takes the reader step-by-step through some memorable cases that helped bring the war to an end.

Mayfly Mike James,2024-03-01 Much has been written about aviation, nearly all of it focussed on the glamorous work of pilots. Even cabin crew have checked in their stories. However, though a hundred of us stand behind every

pilot, virtually nothing has been written about groundlings, without whom there would be no flying. Mayfly is one man's account of his two-and-a-half-decade adventure in aviation; the fun, the excitement, the tragedy, as witnessed (mostly) from the ground.
