*The Tainted City* Courtney Schafer, 2012-09-25 Dev is a desperate man. After narrowly surviving a smuggling job gone wrong, he's now a prisoner of the Alathian Council, held hostage to ensure his friend Kiran — former apprentice to one of the most ruthless mages alive — does their bidding. But Kiran isn't Dev's only concern. Back in his home city of Ninavel, the child he once swore to protect faces a terrible fate if he can't reach her in time, and the days are fast slipping away. So when the Council offers Dev freedom in exchange for his and Kiran's assistance in a clandestine mission to Ninavel, he can't refuse, no matter how much he distrusts their motives. Once in Ninavel the mission proves more treacherous than even Dev could have imagined. Betrayed by allies, forced to aid their enemies, he and Kiran must confront the darkest truths of their pasts if they hope to save those they love and survive their return to the Tainted City.

**Reinventing the Book: How eReaders, Multimedia Content, and Social Reading Are Changing the Way We Read** Joe Wikert, 2012-09-11 NOTE FROM THE AUTHOR Over the last 20+ years I've been an author, a publisher and, most importantly, a frustrated member of the publishing industry. My frustrations stem from the glacial pace of change in publishing as well as a lack of true risk-taking at the highest ranks in our industry. Several years ago I decided to start thinking out loud about where the industry should be heading and posted those thoughts on my Publishing 2020 blog. Those posts are freely accessible by anyone with a web browser, but after 7+ years they're not well organized for a first-time visitor. That's where Hyperink comes into play. I was recently approached by Hyperink to see if I'd be willing to let them curate my posts into ebook format with individual parts set up for each major topic area. I didn't have the time to do this, and since I'm a big fan of experimentation I accepted their offer to do the job for me. What you're reading right now is the results of their efforts. I hope you enjoy it and one or two of the pieces get your creative juices flowing. -Joe Wikert EXCERPT FROM THE BOOK Rethinking Samples March 26, 2012 I'm bored with e-book samples. I feel like I'm collecting a bunch and then forgetting about most of them. I'm pretty sure I'm not alone and I'm even more certain this adds up to a ton of missed sales opportunities. Although this would be impossible to prove, my gut tells me the revenue missed by not converting samples into sales is a much larger figure than the revenue lost to piracy. And yet the publishing industry spends a small fortune every year in DRM but treats samples as an afterthought. Think about it. Someone who pulls down a sample is already interested in your product. They're asking you to win them over with the material you provide. Far too often though that material is nothing more than the front matter and a few pages of the first chapter. Some of the samples I've downloaded don't even go past the front matter. I'm looking for something more. Let's start with the index. Would it really be that hard to add the index to e-book samples? No. And yet I've never seen a sample with the index included. Sure, many of these books have indexes that can be viewed separately on the e-book's catalog page, but why not include them in the sample? Give me a sense of

what amount of coverage I can expect on every topic right there in the sample. How about taking it up a notch? Give me the first X pages of the full content, include the entire index at the end and in between include the rest of the book, but have every other word or two X'd out? That way I can flip through the entire book and get a better sense of how extensively each topic is covered. By the way, if the entire book is included like this then the index can include links back to the pages they reference. Next up, why do I have to search and retrieve samples? Why can't they be configured to automatically come to me? After a while a retailer should be able to figure out a customer's interests. So why not let that customer opt in to auto sample delivery of e-books that match their interests? I love baseball. Send me the samples of every new baseball book that comes out. I've got plenty of memory available in my e-reader and I can delete any samples I don't want. I've also mentioned this before but it's worth saying again: How about letting me subscribe to samples from specific authors? Again, it would be an opt-in program but I wonder how many interesting books I've missed because I didn't discover the sample. Finally, this problem doesn't appear till after the sample is converted into a sale but why can't the newly downloaded e-book open up to where I left off in the sample? Seriously, this has got to be one of the easiest annoyances to fix, so why hasn't anyone taken the time to do so? Buy the book to read more! CHAPTER OUTLINE Introduction + Introduction ...and much more

*Hidden In Liquid* Jane Maria, 2016-09-30 Marisa always knew she was different—in a special way. When she was just a little girl, her father introduced her to her celestial sister, MoonGlow. Throughout her life, Marisa has been aware of mysteries and magic just beyond what she can see. Now in her early forties, she's come to a turning point. She is a young widow, and her son has left for college. It's time for a new dream...and with hope and a mystical "knowing," she buys a supposedly haunted house near the Great Liquid...the ocean, which has always inspired respect and fear in her. As she inhabits her haven by the ocean, she comes to realize that it isn't haunted: it is alive with spirits who want to draw her into a realm where past and present merge—where she can learn of the journey that brought her here. As she surrenders to her sister MoonGlow, and the moon's ancient lover High Tide in an ecstatic dance of fate, Marisa will see the triumphs and tragedies of a past that intertwines with the present, as old friends and lovers become new, as past sorrow pierces her present karma, and past joy flowers into new beginnings. Immersed in High Tide's wonder, guided by MoonGlow, Marisa will truly discover what lies hidden in liquid.

**The Infinite Charm of Firefly Glow** Lisa Shields, 2005 This is the first published book of poetry by Lisa Shields. In these pages you will discover honest and insightful views of life and emotion that embrace every moment with clarity, honesty, passion and sometimes humor. Lisa spares her readers no blushes. Her poetry is often sensual, always thought-provoking and presented in a way that causes most readers to wonder if Lisa is writing about her own feelings, beliefs and life experiences, or theirs.

*Lifeaholic* Stephen Brocklehurst, 2012-12-24 In one year a man from England lost his AGBP100,000 a year job, got arrested, turned 30, worked as an escort, went to Ibiza, sang "Ding Dong Merrily on High" on National TV, kissed another man, hit a sex-doll of a 19th floor balcony, slept with a celebrity, wrote a book, starred in three feature films, lost the love of his life, took over the top two floors of a building, watched the world's best DJ at the world's best club, ended up in court, paid AGBP200 so an international smuggler could find his daughter, became a soldier, converted to Islam, turned gay, became a psychopath, applied for 825 jobs, got sacked, had a 4 day party, traveled the World, fled from 80 cavalry, lost his home, had a threesome, worked with the world's greatest living film director, became a Jehovah's Witness, hired 30 people, climbed up a hotel, hospitalised himself, and died on the streets of London. This is his story.

**The Heavenly Voice** Margaretta Ayres Karr, 1905

**The Wedding Spectacle Across Contemporary Media and Culture** Jilly Boyce Kay, Melanie Kennedy, Helen Wood, 2019-10-24 This book interrogates the hyper-visibility and stubborn endurance of the wedding spectacle across media and culture in the current climate. The wide-ranging chapters consider why the symbolic power of weddings is intensifying at a time when marriage as an

institution appears to be in decline – and they offer new insights into the shifting and complex gender politics of contemporary culture. The collection is a feminist project but does not straightforwardly renounce the wedding spectacle. Rather, the diverse contributions offer close analyses of the myriad forms and practices of the wedding spectacle, from reality television and cinematic film to wedding videography and bridal boutiques. Drawing on feminist and queer theory, the chapters illuminate the paradoxes, contradictions, disappointments, cruelties and pleasures that are intimately bound up with the wedding spectacle. Written by leading and emerging feminist scholars, the chapters range across different national and cultural contexts to explore how the gender politics of weddings are changing and adapting to a new cultural and social landscape. This in-depth analysis of the wedding spectacle will appeal to academics and researchers in the fields of gender and mass media, cultural studies, feminist studies, and intercultural communication.

**Pity the Reader** Kurt Vonnegut,Suzanne McConnell,2019-11-05 “A rich, generous book about writing and reading and Kurt Vonnegut as writer, teacher, and friend . . . Every page brings pleasure and insight.”—Gail Godwin, New York Times bestselling author Here is an entirely new side of Kurt Vonnegut, Vonnegut as a teacher of writing. Of course he’s given us glimpses before, with aphorisms and short essays and articles and in his speeches. But never before has an entire book been devoted to Kurt Vonnegut the teacher. Here is pretty much everything Vonnegut ever said or wrote having to do with the writing art and craft, altogether a healing, a nourishing expedition. His former student, Suzanne McConnell, has outfitted us for the journey, and in these 37 chapters covers the waterfront of how one American writer brought himself to the pinnacle of the writing art, and we can all benefit as a result. Kurt Vonnegut was one of the few grandmasters of American literature, whose novels continue to influence new generations about the ways in which our imaginations can help us to live. Few aspects of his contribution have not been plumbed—fourteen novels, collections of his speeches, his essays, his letters, his plays—so this fresh view of him is a bonanza for writers and readers and Vonnegut fans everywhere. “Part homage, part memoir, and a 100% guide to making art with words, Pity the Reader: On Writing with Style is a simply mesmerizing book, and I cannot recommend it highly enough!”—Andre Dubus III, #1 New York Times bestselling author “The blend of memory, fact, keen observation, spellbinding descriptiveness and zany characters that populated Vonnegut’s work is on full display here.”—James McBride, National Book Award-winning author

T.S Eliot and the Dynamic Imagination Sarah Kennedy,2018-04-05 A wide-ranging and novel study of metaphor as the generative principle giving shape and substance to Eliot's poetic imagination.

**I, the Unspeakable** Walt Sheldon,2017-12-07 What's in a name? might be very dangerous to ask in certain societies, in which sticks and stones are also a big problem! A stunningly awesome science fiction tale, brought to you by one of the best minds in sci- fi wizardry, Walt Sheldon!
