The Sleep Fix Diane Macedo,2021-12-14 From renowned ABC News anchor/correspondent and former insomniac Diane Macedo, comes a practical, user-friendly guide to getting better sleep. The Sleep Fix flips the switch on common advice, illuminating the reporter’s relentless search for how to get a good night’s sleep and the surprising, scientific, and practical solutions she found along the way. Roughly thirty percent of the population is estimated to be living with insomnia, while many more unknowingly suffer from other sleep disorders. In *The Sleep Fix*, Macedo aims to change that with perspective-shifting research and easy-to-implement solutions based not just on science and experts, but also her own years-long struggle. As an early-morning reporter and overnight news anchor, Macedo learned the hard way how valuable sleep is, and how it affects everything from our heart to our brain to our immune system. The longer Macedo struggled, the more her health deteriorated. Desperate, she tried standard sleep tip after standard sleep tip, but nothing worked - instead, it made her worse. Finally, after developing a tolerance to sleeping pills, Macedo decided to attack the problem as a journalist, interviewing sleep experts from all over the world to get to the bottom of what really keeps us from sleeping—and the various ways to fix it. As Macedo explains, the solution to catching zzz’s isn’t as simple as giving up caffeine, or putting away your phone before bed. With her down-to-earth explanations and humor, she instead teaches us how to:

- Understand sleep biology
- Identify sleep obstacles
- Flag sleep myths and separate fact from fiction
- Try counterintuitive approaches
- Shift our mindset

Most importantly, Macedo — a busy, working mom — teaches us how to adjust and fit these solutions into our everyday lives. Offering expert wisdom, cutting-edge research, intimate sleep stories from public figures, and actionable advice, *The Sleep Fix* is the tell-it-like-it-is guide this sleep-deprived world has been waiting for.

"You, who Disturb My Sleep..." - The Figure of the Mummy in 19th and 20th Century American Literature Desirée Kuthe,2007-11 Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 1,3, University of Dortmund (Institut f r Anglistik und Amerikanistik), course: Way down to Egypt's Land, 9 entries in the bibliography, language: English, abstract: The fascination with old Egypt, which came up in the western world after Napoleon's conquest of Egypt in 1798 and reached a peak in 19th century America, was uttered in a vast amount of novels and stories concerned with Egypt and its symbols. One of the most important of these symbols, among pyramids and Pharaohs, is the mummy - the human body, which has 'survived' not only centuries but millenniums. The interest of novelists with Egypt in general and the mummy in particular may have been in its zenith in 19th century, but it has never completely ceased, as the great variety of books about mummies recently published shows. In this paper, Louisa May Alcott's little-known short story (Trafton 2005:126) *Lost in a Pyramid or the Mummy's Curse*, which was published in 1869, will be compared to a novel by Anne Rice: *The Mummy or Ramses the Damned*, having been published in 1980, but having chosen a setting at the beginning of the 20th century (1914). This paper wants to show, that in spite of having been written with 111 years' time distance, the two texts, use a surprisingly similar set of themes and motives to develop their story. After a short exploration of the historical background of the two texts, I will try to identify and analyze these elements. The examination of the single motives will then lead to the question of a general classification of the two texts, answering the question if, or if not, they belong to the Gothic genre. This paper will also try to make clear, that regardless of the similarity of the set of conventions used in the texts, the means with which this set has been used differ very much.

Liam isn’t too happy to see me when I wind up in his office. And yet, he doesn’t seem to want to let me go either. It’s almost as if he’s protecting me from something. The Insomnia Diaries Miranda Levy,2021-06-10 A Telegraph readers' best book of the year A Financial Times readers' best 2021 summer book 'A powerful new book' - The Daily Mail 'Quite the story... fascinating' - Claire Byrne, RTE1 'This memoir meets manual with expert tips is both honest and helpful' - Victoria Woodhall, Get the Gloss FOREWORD BY DR SOPHIE BOSTOCK '29th June 0 HOURS, 0 MINUTES Eleven forty-seven pm. A door slams as the neighbour's teenage son comes home from the pub. An hour later, the last Tube rumbles past and I thump my pillow over to find a cool spot. I refuse to open the window because of my fear of hearing the first bird of morning, confirmation that the next day is about to start and I have failed, yet again. Failed in my quest to sleep, which one would think is a basic human right. But I am not a POW whose captors breach the Geneva Convention. No one has stolen my sleep from me. I am not wired up to electrodes, a neon light is not shining in my face all night long. I have blackout blinds and a king-size bed all to myself. My enemies are my brain and a body that has forgotten how to shut down.' After a single, catastrophic event, journalist Miranda Levy had one sleepless night, then another, and then another. She sought help from anyone she could: doctors, a therapist, an acupuncturist, a hypnotist, a reiki practitioner and a personal trainer - but nothing seemed to work. Sleep, wellbeing and mental health are intrinsically linked. Yet sleeplessness is surprisingly common: 16 million of us suffer from insomnia, and the sleep industry is worth £100 billion (Daily Mail). In The Insomnia Diaries, Miranda Levy tells the story of her experience of severe, disabling insomnia that affected every aspect of her life for years, and how she ultimately recovered. Part memoir, part reportage, this book will help anyone who struggles to get a good night's sleep - whether occasionally or all of the time - appreciate the issues and understand the options as they find their best way to get the rest they need. Dr Sophie Bostock, scientist, sleep expert and member of the team who developed the award-winning digital programme Sleepio, contributes a foreword. She and a host of expert contributors have advised on the medical elements within the text throughout.
