Leadership and Management in Police Organizations Matthew J. Giblin,2016-09-16 Built on a foundation of nearly 1,200 references, Leadership and Management in Police Organizations is a highly readable text that shows how organizational theory and behavior can be applied to improve the operations, leadership, and management of law enforcement. Author Matthew J. Giblin emphasizes leadership and management as separate skills in successful police supervisors and executives, illustrating to students how the two skills combine to improve individual and organizational efficacy in policing. Readers will come away with a stronger understanding of why organizational decisions matter and the impact research can have on police departments.

Haunted Gloucester, Salem and Cumberland Counties Kelly Lin Gallagher-Roncace,2017-08-28 The Jersey Devil isn't the only supernatural entity that stalks the Garden State: Here are tales of pirates, patients, and prisoners, oh my! Few places are as obsessed with the paranormal as New Jersey, and the area once known as West Jersey is a hotbed of supernatural activity. The ghost of a young boy in Mannington appears to welcome guests and partygoers to a historic bed-and-breakfast. The tortured soul of a weathered sea pirate remains in Greenwich, still imprisoned after three hundred years. Malevolent spirits haunt the abandoned Salem County Insane Asylum, menacing those who dare venture to the solitary confinement rooms in the basement. Paranormal investigator and researcher Kelly Lin Gallagher-Roncace shares frightening New Jersey folklore that makes for great fireside storytelling. Includes photos! "During Gallagher-Roncace's time as a reporter for the South Jersey Times, she created a weekly column called 'Paranormal Corner,' where she would divulge into anything 'weird'— UFOs, Bigfoot, Jersey Devils and hauntings. Through her exploration with her paranormal investigation group Jersey Unique Minds Paranormal Society — also known as JUMPS — she experienced 'the feels' for the first time in the old Bunker Hill Presbyterian Church." —The Washington Township Sun

On the End of Privacy Richard E. Miller,2019-02-19 On the End of Privacy explores how literacy is transformed by online technology that lets us instantly publish anything that we can see or hear. Miller examines the 2010 suicide of Tyler Clementi, a young college student who jumped off the George Washington Bridge after he discovered that his roommate spied on him via webcam. With access to the text messages, tweets, and chatroom posts of those directly involved in this tragedy, Miller asks: why did no one intervene to stop the spying? Searching for an answer to that question leads Miller to online porn sites, the invention of Facebook, the court-martial of Chelsea Manning, the contents of Hillary Clinton's email server, Anthony Weiner's sexted images, Chatroulette, and more as he maps out the changing norms governing privacy in the digital age.

Expelling Public Schools John Arena,2023-06-20 Exploring the role of identitarian politics in the privatization of Newark's public school system In *Expelling Public Schools*, John Arena explores the more than two-decade struggle to privatize public schools in Newark, New Jersey—a conflict that is raging in cities across the country—from the vantage point of elites advancing the pro-privatization agenda and their grassroots challengers. Analyzing the unsuccessful effort of Cory Booker—Newark's leading pro-privatization activist and mayor—to generate popular support for the agenda, and Booker's rival and ultimate successor Ras Baraka's eventual galvanization of the charter movement, Arena argues that Baraka's black radical politics cloaked a revanchist agenda of privatization. *Expelling Public Schools* reveals the political rise of Booker and Baraka, their one-time rivalry and subsequent alliance, and what this particular case study illuminates about contemporary post-civil rights Black politics. Ultimately, *Expelling Public Schools* is a critique of Black urban regime politics and the way in which antiracist messaging obscures real class divisions, interests, and ideological diversity.

In Lady Liberty's Shadow Robyn Magalit Rodriguez,2017-06-22 Home to Ellis Island, New Jersey has been the first stop for many immigrant groups for well over a century. Yet in this highly diverse state, some of the most anti-immigrant policies in the nation are being tested. American suburbs are home to increasing numbers of first and second-generation immigrants who may actually be bypassing the city to settle directly into the neighborhoods that their predecessors have already begun to plant roots in—a trajectory that leads to nativist ordinances and other forms of xenophobia. In *Lady Liberty's Shadow* examines popular white perceptions of danger represented by immigrants and their children, as well the specter that lurks at the edges of suburbs in the shape of black and Latino urban underclasses and the ever more nebulous hazard of (presumed-Islamic) terrorism that threatening to undermine "life as we know it." Robyn Magalit Rodriguez explores the impact of anti-immigrant municipal ordinances on a range of immigrant groups living in varied suburban communities, from undocumented Latinos in predominantly white suburbs to long-established Asian immigrants in "majority-minority" suburbs. The "American Dream" that suburban life is supposed to represent is shown to rest on a racialized, segregated social order meant to be enjoyed only by whites. Although it is a case study of New Jersey, *In Lady Liberty's Shadow* offers crucial insights that can shed fresh light on the national immigration debate. The Routledge Handbook of Poverty in the United States Stephen Haymes,Maria Vidal de Haymes,Reuben Miller,2014-12-17 In the United States, the causes and even the meanings of poverty are disconnected from the causes and meanings of global poverty. The Routledge Handbook of Poverty in the United States provides an authoritative overview of the relationship of poverty with the rise of neoliberal capitalism in the context of globalization. Reorienting its national economy towards a global logic, US domestic policies have promoted a market-based strategy of economic

development and growth as the obvious solution to alleviating poverty, affecting approaches to the problem discursively, politically, economically, culturally and experientially. However, the handbook explores how rather than alleviating poverty, it has instead exacerbated poverty and pre-existing inequalities – privatizing the services of social welfare and educational institutions, transforming the state from a benevolent to a punitive state, and criminalizing poor women, racial and ethnic minorities, and immigrants. Key issues examined by the international selection of leading scholars in this volume include: income distribution, employment, health, hunger, housing and urbanization. With parts focusing on the lived experience of the poor, social justice and human rights frameworks – as opposed to welfare rights models – and the role of helping professions such as social work, health and education, this comprehensive handbook is a vital reference for anyone working with those in poverty, whether directly or at a macro level.

He sits on the Committee on Environment and Public Works, Committee on Foreign Relations, and the Senate Committee on the Judiciary, where he emerged as a strong voice in the Kavanaugh hearings. The *Meet the Candidates 2020* series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election. Each book gives an unbiased, political insider's analysis of each contender, featuring: candidate interviews; an introduction by campaign adviser, Democratic Coalition co-founder, and Dworkin Report host Scott Dworkin; and compilation and writing by Occupy Democrats Editor at Large Grant Stern. In two hours of reading, you'll understand their defining characteristics, credentials, campaign issues, challenges, presidential chances, and everything else you need to know to decide who should challenge Donald Trump. Courting Justice Paul L. Tractenberg, 2013-07-23 Since 1947 a modernized New Jersey Supreme Court has played an important and controversial role in the state, nation, and world. Its decisions in cutting-edge cases have confronted society's toughest issues, reflecting changing social attitudes, modern life's complexities, and new technologies. Paul Tractenberg has selected ten of the court's landmark decisions between 1960 and 2011 to illustrate its extensive involvement in major public issues, and to assess its impact. Each case chapter is authored by a distinguished academic or professional expert, several of whom were deeply involved in the cases' litigation, enabling them to provide special insights. An overview chapter provides context for the court's distinctive activity. Many of the cases are so widely known that they have become part of the national conversation about law and policy. In the *Karen Ann Quinlan* decision, the court determined the right of privacy extends to refusing life-sustaining treatment. The *Baby M* case reined in surrogate parenting and focused on the child's best interests. In the *Mount Laurel* decision, the court sought to increase affordable housing for low- and moderate-income residents throughout the state. The *Megan's Law* case upheld legal regulation of sex offender community notification. A series of decisions known as *Abbott/Robinson* required the state to fund poor urban school districts at least on par with suburban districts. Other less well known cases still have great public importance. *Henningsen v. Bloomfield Motors* reshaped product liability and tort law to protect consumers injured by defective cars; *State v. Hunt* shielded privacy rights from unwarranted searches beyond federal standards; *Lehmann v. Toys 'R' Us* protected employees from sexual harassment and a hostile work environment; *Right to Choose v. Byrne* expanded state constitutional abortion rights beyond the federal constitution; and *Marini v. Ireland* protected low-income tenants against removal from their homes. For some observers, the New Jersey Supreme Court represents the worst of judicial activism; others laud it for being, in its words, "the designated last-resort guarantor of the Constitution's command." For Tractenberg, the court's activism means it tends to find for the less powerful over the more powerful and for the public good against private interests, an approach he applauds.
