**A World of Its Own** Matt Garcia,2010-01-27 Tracing the history of intercultural struggle and cooperation in the citrus belt of Greater Los Angeles, Matt Garcia explores the social and cultural forces that helped make the city the expansive and diverse metropolis that it is today. As the citrus-growing regions of the San Gabriel and Pomona Valleys in eastern Los Angeles County expanded during the early twentieth century, the agricultural industry there developed along segregated lines, primarily between white landowners and Mexican and Asian laborers. Initially, these communities were sharply divided. But Los Angeles, unlike other agricultural regions, saw important opportunities for intercultural exchange develop around the arts and within multiethnic community groups. Whether fostered in such informal settings as dance halls and theaters or in such formal organizations as the Intercultural Council of Claremont or the Southern California Unity Leagues, these interethnic encounters formed the basis for political cooperation to address labor discrimination and solve problems of residential and educational segregation. Though intercultural collaborations were not always successful, Garcia argues that they constitute an important chapter not only in Southern California's social and cultural development but also in the larger history of American race relations.

**My Own World** Mike Holmes,2021-06-22 Mike Holmes, the artist behind the hit series Secret Coders and Wings of Fire, delivers his solo debut: My Own World, a middle grade memoir-inflected fantasy graphic novel. Life is difficult for nine-year-old Nathan. All he dreams of is hanging out with his older brother, watching Raiders of the Lost Ark, and enjoying summer vacation far away from the neighborhood bullies. When he overhears his parents talking about a family crisis, he seeks sanctuary from his troubles. In an abandoned lighthouse, Nathan discovers a portal to a berry-colored world where time has little meaning and he, finally, is in control. There, his imagination takes him on wondrous adventures, across seas and through the air, with new extraordinary friends of his own creation. In his magical hideaway, Nathan is safe from the anxieties of his life—but can he bring himself to face the real world?

**Own the World** Aaron Anderson,2009-02-17 Global investing isn't new. In fact, investors have been looking to overseas markets for hundreds of years, and with good reason. A global portfolio can bestow innumerable rewards on the savvy investor, yet many US investors remain woefully under-exposed to foreign equities. Despite the fact that US equity markets make up less than half of world markets, only a small portion of our investment dollars are allocated overseas. Even the most sophisticated investors have been deterred by misconceptions about the risks associated with owning foreign stocks or a lack of information about foreign markets. But the notion investment options are limited by borders is antiquated and downright detrimental to successful investing. Once considered the playground of only the ultra-rich or institutional investors, global investing is fast becoming not only possible, but a necessity, for every investor. As part of Fisher Investments Press, Own the World introduces readers to the vast advantages of seeking investment opportunities all over the planet. Own the World provides investors with tools to build a global portfolio and points out potential hurdles to avoid. It also educates readers on the nuts and bolts of foreign markets, how to easily understand them, and vehicles for investing there. By detailing the vast and currently underappreciated benefits of global investing and the distinct advantages of a global approach, as well as common pitfalls to avoid, Own the World can help readers to tread more confidently into global markets as they look to optimize their investment results.

**A World of Your Own** Laura Carlin,2014-09-15 A beautiful picture book for children 4+ taking the reader on a journey through Laura Carlin's own colorful and imaginative visual world.

**A World of My Own** Graham Greene,2018-08-07 The British author shares the "strange . . . inner layers of his playful, guilty imagination" in this glimpse into a brilliant novelist's subconscious (The New York Times). Culled from nearly eight hundred pages of the author's "dream diaries" kept between 1965 and 1989, this singular journal reveals "the feverish inner life of an intensely private man, providing an uncanny mirror-image of [his] novelistic obsessions, insecurities, and moral preoccupations" (Publishers Weekly). In what Greene calls My Own World—as opposed to the Common World of shared reality—he accompanies Henry James on a disagreeable riverboat trip to Bogota, is caught in a guerilla crossfire with Evelyn Waugh and W. H. Auden, strolls in the Vatican garden with Pope John Paul II who's doling out Perugia chocolates like hosts, offers refuge to a suicidal Charlie Chaplin, and stages a disastrous play in blank verse for Elizabeth Taylor and Richard Burton. He also shares his headspace with Goebbels, Castro, Cocteau, Queen Elizabeth, D. H. Lawrence, and talking kittens. And the landscape is just as wide: from Nazi Germany to Haiti to West Africa to Bethlehem 1 AD and to Sweden where he seeks treatment for leprosy. Greene is a criminal, spy, lover, assassin, witness, and writer. Encompassing life, death, war, feuds, and career, and alternately absurdist, frightening, funny, and revealing, these fertile imaginings—many of which found their way into Greene's fiction—comprise nothing less than "an alternate autobiography . . . a uniquely candid self-portrait" of one of the giants of English literature (Kirkus Reviews).

You Are Not Your Own Alan Noble, 2021-10-12 The Gospel Coalition Book Awards Honorable Mention You are your own, and you belong to yourself. This is the fundamental assumption of modern life. And if we are our own, then it's up to us to forge our own identities and to make our lives significant. But while that may sound empowering, it turns out to be a crushing responsibility—one that never actually delivers on its promise of a free and fulfilled life, but instead leaves us burned out, depressed, anxious, and alone. This phenomenon is mapped out onto the very structures of our society, and helps explain our society's underlying disorder. But the Christian gospel offers a strikingly different vision. As the Heidelberg Catechism puts it, I am not my own, but belong with body and soul, both in life and in death, to my faithful Savior Jesus Christ. In *You Are Not Your Own*, Alan Noble explores how this simple truth reframes the way we understand ourselves, our families, our society, and God. Contrasting these two visions of life, he invites us past the sickness of contemporary life into a better understanding of who we are and to whom we belong.

*A World of Their Own Making* John R. Gillis, 1997 Discusses ritual events we regard as family traditions and how they must be open to perpetual revision so we can satisfy our human needs and changing circumstances.

**Save the World on Your Own Time** Stanley Fish, 2012-04-19 Save the World on Your Own Time is invariably smart, stimulating, and provocative. It is filled with insights and crackles with verve. It is a joy to take in. - Texas Law Review

Arguing the World Joseph Dorman, 2001-11 Joseph Dorman's film *Arguing the World* won New York Magazine's Best New York Documentary award in 1999 as well as the Peabody Award in 1999. His work has also appeared on The Discovery Channel, CBS, and CNN, and has been nominated for two Emmy Awards. Joseph Dorman's acclaimed documentary, *Arguing the World*, included stunning interviews with Irving Howe, Daniel Bell, Irving Kristol, and Nathan Glazer. Now with a new preface, Dorman converted the film into this book that includes an overview of the New York Intellectuals and a chapter on the future of the public intellectual. Expertly spliced together from the film and new material, this book gives the sense that these men are still engaged in their fiery debates that targeted everything from the Depression to McCarthyism to the rise of the New Left through the Age of Reagan.

We Own This Game Robert Andrew Powell, 2007-12-01 A Sports Illustrated Best Book of the Year: "Vivid portraits of the kids, parents and coaches of the Greater Miami Pop Warner league" (Linda Robertson, The Miami Herald). Although its participants are still in grade school, Pop Warner football is serious business in Miami, where local teams routinely advance to the national championships. Games draw thousands of fans; recruiters vie for nascent talent; drug dealers and rap stars bankroll teams; and the stakes are so high that games sometimes end in gunshots. In America's poorest neighborhood, troubled parents dream of NFL stardom for children who long only for a week in Disney World at the Pop Warner Super Bowl. In 2001, journalist Robert Andrew Powell spent a year following two teams through roller-coaster seasons. The Liberty City Warriors, former national champs, will suffer the team's first-ever losing season. The Palmetto Raiders, undefeated for two straight years, will be rewarded for good play with limo rides and steak dinners. But their flamboyant coach (the "Darth Vader of Pop Warner coaches") will face defeat in a down-to-the-wire playoff game. *We Own This Game* is an inside-the-huddle look into a world of innocence and corruption, where every kickoff bares political, social, and racial implications; an unforgettable drama that shows us just what it is to win and to lose in America. "Powell elevates *We Own This Game* well above the average sports book to a significant sociological study." —San Francisco Chronicle

*Right Here I See My Own Books* Sarah Wadsworth, Wayne A. Wiegand, 2012 Explores the creation and significance of an exhibit hall at the 1893 world's fair that contained more than 8,000 volumes of writings by women.

*To Make Their Own Way in the World* Ilisa Barbash, Molly Rogers, Deborah Willis, 2020 *To Make Their Own Way in the World* is a profound consideration of some of the most challenging images in the early history of photography. The fifteen daguerreotypes--made in 1850 by photographer Joseph T. Zealy--portray Alfred, Delia, Drana, Fassena, Jack, Jem, and Renty, men and women of African descent who were enslaved in South Carolina. Since 1976, when the daguerreotypes were rediscovered at Harvard University's Peabody Museum, the photographs have been the subject of intense and widespread study. *To Make Their Own Way in the World* features essays by prominent scholars who explore everything from the photographs' historical context and the science of race to the ways in which photography created a visual narrative of slavery and its effects. Multidisciplinary, deeply collaborative, and with more than two hundred illustrations, including new photography by contemporary artist Carrie Mae Weems, this book frames the Zealy daguerreotypes as works of urgent contemporary inquiry. Copublished by Aperture and Peabody Museum Press

**Perfect in My Own World** Donald Jenkins, 2020-02-14

**Welcome to Hell World** Luke O'Neil, 2019-10-01 When Luke O'Neil isn't angry, he's asleep. When he's awake, he gives vent to some of the most heartfelt, political and anger-fueled prose to power its way to the public sphere since Hunter S. Thompson smashed a typewriter's keys. *Welcome to Hell World* is an unexpurgated selection of Luke O'Neil's finest rants, near-poetic rhapsodies, and investigatory journalism. Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O'Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. *Welcome to Hell World* is, in the author's words, a "fever dream nightmare of reporting and personal essays from one of the lowest periods in our country in recent memory." It is also a burning example of some of the best writing you're likely to read anywhere.

*Girlhood: Teens around the World in Their Own Voices* Masuma Ahuja,2021-02-09 What does a teenage girl dream about in Nigeria or New York? How does she spend her days in Mongolia, the Midwest, and the Middle East? All around the world, girls are going to school, working, dreaming up big futures—they are soccer players and surfers, ballerinas and chess champions. Yet we know so little about their daily lives. We often hear about challenges and catastrophes in the news, and about exceptional girls who make headlines. But even though the health, education, and success of girls so often determines the future of a community, we don't know more about what life is like for the ordinary girls, the ones living outside the headlines. From the Americas to Europe to Africa to Asia to the South Pacific, the thirty teens from twenty-seven countries in *Girlhood* share their own stories of growing up through diary entries and photographs, and the girls' stories are put in context with reporting and research that helps us understand the circumstances and communities they live in. This full-color, exuberantly designed volume is a portrait of ordinary girlhood around the world, and of the world, as seen through girls' eyes.
