Keep Your Passwords Secret Shannon Miller,2013-07-15 Passwords are important personal information that should not be shared—not even with a best friend. Readers will learn why password privacy is key to their safety and the potential consequences of telling others confidential information. This lesson will help students stay safe online.

Super Secret Password Journal Rachel MacAdams,2015-07-18 People who need to write down the details about their passwords and other secrets are those that write it down in their special Super Secret Password Journal. It allows the smart and detail oriented man or woman to keep track of their passwords and internet activities by recording specific details in order to keep them secure. It's crucially important to write down all of the passwords, internet websites and activities on a daily basis - keeping it for future reference is important. The descriptions of every new password and website are worth recording and noting - what better way to do it than with your very own Super Secret Password Journal.

Password Book (Secrets of the Freemasons) Ceri Clark,2017-03-05 Are you always forgetting your website logins, usernames and passwords? Do you have lots of sticky notes, old envelopes or labels around the house to remember them? Would you like to find a better way? Secrets of the Freemasons: The secret history behind the Illuminati and the Freemasons is a discreet password notebook that is disguised as a sensational Freemasonry conspiracy book. Add all your website information in one handy place to organize your internet life. The design is a password journal with a difference. It was created so that opportunist thieves won't know what it is at a glance. This means that you can hide it in plain sight on your bookshelf at home with other books. What you can expect from this internet password organizer: Tabbed effect alphabetical pages Are you looking for a password book with tabs? This knitting password book has alphabetical tabs running down the right page. Disguised cover to make it not so obvious what it contains There are several password logbooks on the market but this one was created so it could be hidden in plain sight. It looks like a book about Freemasons from the outside but inside there are 3 boxes for your login information on each page. Section on creating secure passwords There are risks to however a password is stored. These can be from online thieves or opportunist burglars. At the front of the book is a brief section for creating a secure password that can be written down but can't be used by someone who has the book (unless you tell them the extra password information needed). Notes and other pages to add other useful information like software licenses There is a section at the back to add information that won't fit in the usual password boxes. There are notes pages but also places to add home network settings and license information. If you have a friend coming around who wants to use the WiFi, just add it in here and you will be able to instantly find it when you need it. More space to write in your information This handy-sized password keeper is 8.5 inches wide by 11 inches high for more space to write in your login information. There are 3 boxes per page. It is easier to read with larger text and more space to write in all the information you need. If you are looking for a password logbook that is a bit different and you love conspiracy theories or masonic books, look no further. Secrets of the Freemasons: The secret history behind the Illuminati and the Freemasons is part of the Disguised Password books series which include: * Meow-nificent Kittens by Ceri Clark * Paws-itively Puppies by Ceri Clark * Birds: A Secret LIfe by Ceri Clark * Find your Hoppy by Ceri Clark * Horse Play by Ceri Clark * Diesel Engine Repair Manual by Ceri Clark - Knitting for Beginners by Ceri Clark For more advice on security, please take a look at A Simpler Guide to Online Security for Everyone by Ceri Clark.

Ziggy's Secrets Rosemary Augustine,2015-08-28 An Internet password keeper, Ziggy's Secrets is designed to look like a cat story book yet is disguised to be your personal internet password book for use at home or in the office. There is plenty of room with 150 pages, including space for entries such as the name of your account, the URL, your log in / user name, and password, as well as space for answers to security questions, a place for your account # and any additional notes. There is lots of white space in the margins for notes and the last 4 pages allows for additional notes, special instructions or a place to glue a 6 x 9 envelope (not included) and fill with licensing documentation or information. Because of the disguising nature of the cover, you can display it on your desk with comfort that others will not know of its contents. We purposely did not add alphabetical letters to the margins since you have the option to enter your information alphabetically, numerically or by category so as not to restrict your use of this book. There is a lined space if you want to add any letter, word or number in the margin. Use in good health and know that Ziggy will keep your secrets safe inside. Keep Your Passwords Secret Shannon McClintock Miller,2014 Readers will learn why password privacy is key to their safety and the potential consequences of telling others confidential information.

Once Upon A Password J. K. Cypher,2019-04 This Is Not A Novel! This is an Internet Password Logbook cleverly disguised as a novel. At a glance it looks like many other novels you might have on your shelf, but there are hints in the title, author name, and book description on the back as to it's true purpose. Showing that this is a tongue in cheek book meant to be a bit of a parody fiction readers to enjoy. With this logbook you can help keep your passwords for the internet hidden in plain sight. The pages for passwords are alphabetized, helping you quickly find the information you're looking for. It also includes a page for things like info about your internet provider and a few pages for software license information. Product Details: ► Alphabetized Pages ► Premium matte finish cover design ► Printed on bright-white 60 lb paper stock ► 6.0 x 9.0 pages Note: There are risks in keeping your passwords written down, especially if what they are written down in is lost or stolen. Please use with caution.

Hidden Secrets Secure Password Publishing,2019-07-08 Available in a variety of different cover designs! Are you storing your internet usernames and passwords in text files on your computer? There is a better, more secure way! Introducing Secure Password Publishing's line of discreet logbooks with a bonus cipher. Store all your website URLs, usernames, passwords and security question/answers along with notes in one convenient location, completely organized. Access your email, online banking, social media accounts and more with your new password notebook. Many password logbooks are being sold which claim to be discreet because they do not include the words password logbook on the cover. Yet these same books have the words on the spine of the book for anyone to see, which makes it obvious to anyone that is contained within the book! Not very discreet at all. At Secure Password Publishing, we produce truly discreet books which have no mention of password on the cover or the spine. At a glance, only you will know what is contained within. But what if someone does find your book with all your passwords? We've got you covered with a unique cipher system that will encrypt your passwords so that only you can decode what you have written. Features: Tips for creating a strong, secure password A bonus cipher technique to encrypt your password Alphabetically organized pages (4 or 5 pages per letter) Discreet cover design 118 pages! Convenient 6 x 9 size

White Rose Secrets Logbook Crackerjack Books,2019-03-25 GIFT IDEAS | JOURNALS & ORGANIZERS | ORGANIZATION All the way back to the ancient Greeks the white rose has been a symbol of privacy, secrecy and confidentiality. The Latin expression sub rosa means under the seal of secrecy, literally meaning under the rose. This wonderful, cute, little White Rose Secrets notebook could really be a lifesaver! Are you woefully awful at remembering logins and passwords? How many times have you changed, lost or forgotten a website password or login? Or changed your PC without backing up. Or had your portable storage backup device corrupted without another backup of your backup, poof, gone! Many companies are moving exclusively to online statements and payments - it can be really tough to keep track of them all, and maybe you don't want to save your login information on your laptop or PC for security reasons. Yes, there are apps, clouds and websites that can save your passwords but they aren't infallible; it's still all just soft, ephemeral digital data which can always be hacked or vanish in the blink of an eye with the next solar storm or unforeseen event. For extra security and peace of mind you should keep all your important, valuable passwords organized, safe and secure in this small, super useful, easy access hard copy logbook journal and then keep it in a safe and secure place, or because it looks like an innocuous, innocent little journal, maybe just pop it on your bookshelf amongst your other reads. Plus if, god forbid, anything should happen to you, your family can access your accounts, social media and financial accounts. There is ample space for listing all your internet sites and accounts, usernames, password hints, PINs, security questions and additional notes. At the back are pages to record information for your ISP, Network Settings, Computer & Software Serial Numbers, Smartphone, SmartWatch, Fitbit, Smart Locks, Smart Doorbells, Smart Alarm Systems, Smart Lights, Smart Bulbs, Smart Cameras, Smart Motion Detectors, Smart Plugs, and any other Smart Appliance you want to record. And finally plenty of notes pages for anything else you need to remember. Each page has a blank letter tab so that you can alphabetically or annotate to your own desire. Product Details: Premium matte finish cover design High quality stylishly designed interior Perfect for all writing implements Printed on bright-white 60lb (90gsm) paper stock Portable format 5.0 x 8.0 (12.5cm x 20cm) 70 pages to add 240 website entries, other information and notes With a regular description free cover which doesn't advertise itself, the White Rose Secrets Internet Password Logbook is the perfect organizational means to make life easier and will make the perfect gift for yourself, your partner, your son or daughter, wife or husband, brother or sister, girlfriend or boyfriend, or anyone who would feel secure in the knowledge that all their private internet information is safe and sound. Click the Buy button at the top of the page to begin. Thank you for checking out our product.

A Secret Password Book Sophie Johnson,2015-02-23 Don't keep a written password book, that is the usual advice and you should follow it. However it is so convenient to have your passwords close at hand that we are tempted to keep one anyway. How about a Secret Password Book then? This clever journal offers you the way to write down your passwords in a manner that only you can read, the formula shown is simple and has unlimited different and impenetrable passwords to keep your information safe and secure. The cover is also part of the secret, it is plain and does not shout 'here are all my passwords'. In this day and age we have passwords for so many things, websites, memberships, social sites, games plus the really secret ones such as banks, Paypal, phones and other very private accounts. There are of course online ways to keep your passwords but somehow we still reach for a pen as it is quicker and easier to record and find them in a notebook. We are told to use a different password for each site but I suspect that most of us are afraid of not being able to remember them and so we use a favourite one over and over. Of course that offers hackers a wide open gate to your privacy once they have managed to crack one site, they have them all and some websites have far less security than others. This simple Secret Password Book formula shows you how to overcome the risks and you can still enjoy the speed and ease of keeping a written password journal. You won't run out of passwords and neither will you be worried about having lots of them and remembering them. There are spaces for over 400 passwords with plenty of room to record notes, changes and reminders. At the end of the journal there are several pages for you to write non secret things that you need to remember easily such as phone numbers, bank account names etc. So keep your Secret Password Book to hand and enjoy the security of knowing that only you can unlock those personal passwords. There is a good suggestion that you might consider purchasing two of the Secret Password Book and keeping one written with the passwords written in clear and storing it separately in a safe so that if anything happened to you, your relatives would be able to deal with your password protected sites.
