

Personal Development Gurus

Karl Moore

Judgment Detox Gabrielle Bernstein, 2018-01-02

"Gabrielle is the real thing. I respect her work immensely." –Dr. Wayne Dyer "A new role model." –The New York Times "I came to one of Bernstein's monthly lectures and got my first look at the woman I'd one day unabashedly refer to as 'my guru.'" –Elle From #1 New York Times bestselling author Gabrielle Bernstein comes a clear, proactive, step-by-step process to release the beliefs that hold you back from living a better life. This six-step practice offers many promises. Petty resentments will disappear, compassion will replace attack, the energy of resistance will transform into freedom and you'll feel more peace and happiness than you've ever known. I can testify to these results because I've lived them. I've never felt more freedom and joy than I have when writing and practicing these steps. My commitment to healing my own relationship to judgment has changed my life in profound ways. My awareness of my judgment has helped me become a more mindful and conscious person. My willingness to heal these perceptions has set me free. I have been able to let go of resentments and jealousies, I can face pain with curiosity and love, and I forgive others and myself much more easily. Best of all, I have a healthy relationship to judgment so that I can witness when it shows up and I can use these steps to quickly return to love. The Judgment Detox is an interactive six-step process that calls on spiritual principles from the text A Course in Miracles, Kundalini yoga, the Emotional Freedom Technique (aka Tapping), meditation,

prayer and metaphysical teachings. I've demystified these principles to make them easy to commit to and apply in your daily life. Each lesson builds upon the next to support true healing. When you commit to following the process and become willing to let go, judgment, pain and suffering will begin to dissolve. And the miracles will keep coming. Once you begin to feel better you start to release your resistance to love. The more you practice these steps, the more love enters into your consciousness and into your energetic vibration. When you're in harmony with love, you receive more of what you want. Your energy attracts its likeness. So when you shift your energy from defensive judgment to free-flowing love your life gets awesome. You'll attract exactly what you need, your relationships will heal, your health will improve and you'll feel safer and more secure. One loving thought at a time creates a miracle. Follow these steps to clear all blocks, spread more love and live a miraculous life.

Self Improvement David Riklan, 2004-01-01

Described as the Encyclopedia of Self Improvement, this useful reference guide narrows down the top experts in the field and sorts through their vast supply of products and information.

Sham Steve Salerno, 2006-09-26 Self-help: To millions of Americans it seems like a godsend. To many others it seems like a joke. But as investigative reporter Steve Salerno reveals in this groundbreaking book, it's neither—in fact it's much worse than a joke. Going deep inside the Self-Help and Actualization Movement (fittingly,

the words form the acronym SHAM), Salerno offers the first serious exposé of this multibillion-dollar industry and the real damage it is doing—not just to its paying customers, but to all of American society. Based on the author's extensive reporting—and the inside look at the industry he got while working at a leading “lifestyle” publisher—SHAM shows how thinly credentialed “experts” now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy. Americans spend upward of \$8 billion every year on self-help programs and products. And those staggering financial costs are actually the least of our worries. SHAM demonstrates how the self-help movement's core philosophies have infected virtually every aspect of American life—the home, the workplace, the schools, and more. And Salerno exposes the downside of being uplifted, showing how the “empowering” message that dominates self-help today proves just as damaging as the blame-shifting rhetoric of self-help's “Recovery” movement. SHAM also reveals:

- How self-help gurus conduct extensive market research to reach the same customers over and over—without ever helping them
- The inside story on the most notorious gurus—from Dr. Phil to Dr. Laura, from Tony Robbins to John Gray
- How your company might be wasting money on motivational speakers, “executive coaches,” and other quick fixes that often hurt quality, productivity, and morale
- How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything—from drug abuse to “sex addiction” to

shoplifting—a dysfunction or disease • How Americans blindly accept that twelve-step programs offer the only hope of treating addiction, when in fact these programs can do more harm than good • How the self-help movement inspired the disastrous emphasis on self-esteem in our schools • How self-help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows, to describe self-help as a waste of time and money vastly understates its collateral damage. And with SHAM, the self-help industry has finally been called to account for the damage it has done. Also available as an eBook

Personal Development Non Fiction

Author, 2016-04-28 Personal development gurus are sought-after by persons and organizations alike to nurture individual awareness, positive attitude and behavior, integrity, humanity, morals, mentoring, culture, emotional and psychological maturity which are crucial to an individual as it is to an entire organization as well. These intangible resources can foster and encourage the success of a person or a company as it develops each individual to the best that they can be. For this very reason, life coaches and personal development gurus will be in greater demand in the coming years. Read this book and learn more.

Lifestyle Gurus Stephanie A. Baker, Chris Rojek, 2020-01-16 The rise of blogs and social media provide a public platform for people to share information online. This trend has facilitated an industry of self-appointed 'lifestyle gurus' who have become instrumental in

the management of intimacy and social relations. Advice on health, wealth creation, relationships and well-being is rising to challenge the authority of experts and professionals. Pitched as 'authentic', 'accessible' and 'outside of the system', this information has produced an unprecedented sense of empowerment and sharing. However, new problems have arisen in its wake. In *Lifestyle Gurus*, Baker and Rojek explore how authority and influence are achieved online. They trace the rise of lifestyle influencers in the digital age, relating this development to the erosion of trust in the expert-professional power bloc. The moral contradictions of lifestyle websites are richly explored, demonstrating how these technologies encourage a preoccupation with the very commercial and corporate hierarchies they seek to challenge. A timely account of how lifestyle issues are being packaged and transacted in a wired-up world, this book is important reading for students and scholars of media, communication, sociology and related disciplines.

Self-Empowerment Lcsw Ken Howard, 2013-03-01 If you read only one self-help book this year, make *Self-Empowerment: Have the Life You Want!* it. It's the portable therapist to help you close the gap between how life is, and how you would like it to be, in important areas of your life, such as your Mental Health, Health, Career, Relationships, Finances, Family, Community, and Spirituality, based on over 20 years of counseling, psychotherapy, and coaching by Ken Howard, LCSW.

Personal Development for Smart People Steve Pavlina, 2010-07 Despite promises of 'fast and

easy'' results from slick marketers, real personal growth is neither fast nor easy. The truth is that hard work, courage, and self-discipline are required to achieve meaningful results - results that are not attained by those who cling to the fantasy of achievement without effort. Personal Development for Smart People reveals the unvarnished truth about what it takes to consciously grow as a human being. As you read, you'll learn the seven universal principles behind all successful growth efforts (truth, love, power, oneness, authority, courage, and intelligence); as well as practical, insightful methods for improving your health, relationships, career, finances, and more. You'll see how to become the conscious creator of your life instead of feeling hopelessly adrift, enjoy a fulfilling career that honors your unique self-expression, attract empowering relationships with loving, compatible partners, wake up early feeling motivated, energized, and enthusiastic, achieve inspiring goals with disciplined daily habits and much more! With its refreshingly honest yet highly motivating style, this fascinating book will help you courageously explore, creatively express, and consciously embrace your extraordinary human journey.

The Seeking Self Richard Lind, 2000-01-01 Whether seeking recognition, spirituality, or some other kind of self improvement, we are endlessly striving to become something 'better'. But even if we obtain what we are looking for, we cannot refrain from creating another quest. Always driven to distraction in pursuit of our goals, we have

never been able to enjoy-or even live-the life that was ours. In *The Seeking Self*, the author suggests that self-transformation can only occur if we are able to stop interfering with the experience of who we naturally are.

Live Life Aggressively!: What Self Help Gurus Should Be Telling You Mike R. Mahler, 2011-08-01

Live Life Aggressively! What Self-Help Gurus Should Be Telling You is a much different take on the self-help genre. This book is a slap in the face! It will force the reader out of his or her comfort zone, and will move the reader to remember what he or she needs to know to move forward with purpose. It is about taking charge of your life, and striving for greatness, rather than accepting mediocrity, or a life of quiet desperation. This is what it means to live life aggressively! It means to live with strong purpose and resolve. This book covers areas that few have the courage to talk about, and that is the problem. It is the white elephant in the room that everyone wants to ignore. Instead of confronting this problem, most people waste time watching nonsense like reality television and texting all day long. Self-help books are so focused on making you feel good about yourself, that they fail to help you be honest with yourself. Without brutal honesty you will never move forward. Without a strong sense of purpose, and passion, you will never persevere through the inevitable plethora of hard times that are coming your way in life. People need to accept that they will suffer in order to lead a fulfilling life and that the suffering should be embraced rather than avoided. Embrace the

suffering and avoid procrastination the true destroyer of hopes and dreams. This book's focus is to induce real/lasting change and that comes as result of being aggressively honest with yourself, using pressure to your advantage, running toward risk rather than away from it and having a clear vision of what you want and what you are willing to sacrifice to get it. Some of the unique topics covered in this book include: the importance of hormone optimization for well-being and achieving goals, why the real battles in life are within, the necessity of negative thinking, what really makes people happy, and why people should avoid being attached to the results of actions. 50% of profit from book sales will be going to two fantastic organizations. Lifequest Transitions a great organization that helps wounded warriors and the Nevada SCPA an excellent organization that helps abandoned animals find new homes.

The Power of Now Eckhart Tolle, 2010-10-06 It's no wonder that *The Power of Now* has sold over 16 million copies worldwide and has been translated into over 30 foreign languages. Much more than simple principles and platitudes, the book takes readers on an inspiring spiritual journey to find their true and deepest self and reach the ultimate in personal growth and spirituality: the discovery of truth and light. In the first chapter, Tolle introduces readers to enlightenment and its natural enemy, the mind. He awakens readers to their role as a creator of pain and shows them how to have a pain-free identity by living fully in the present. The journey is thrilling, and along the way, the author shows how to connect to the

indestructible essence of our Being, the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death.

Featuring a new preface by the author, this paperback shows that only after regaining awareness of Being, liberated from Mind and intensely in the Now, is there Enlightenment.

Gurus for Hire, Enlightenment for Sale Rinpoche Tsem Tulku, 2007

Gurus of Modern Yoga Mark Singleton, Ellen Goldberg, 2014 *Gurus of Modern Yoga* explores the contributions that individual gurus have made to the formation of the practices and discourses of yoga in today's world.

Creating Personal Presence Dianna Booher, 2011-10-03 Personal presence is difficult to define but easy to recognize. People with presence carry themselves in a way that turns heads. When they talk, people listen. When they ask, people answer. When they lead, people follow. Personal presence can help you get a date, a mate, a job, or a sale. It can help you lead a meeting, a movement, or an organization. Presence is not something you're born with—anyone can learn these skills, habits, and traits. Award-winning speaker and consultant Dianna Booher shows how to master dozens of small and significant things that work together to convey presence. She details how body language, manners, and even your surroundings enhance credibility and build rapport. You'll learn to use voice and language to demonstrate competence, deliver clear and memorable messages, and master emotions. You'll learn to think strategically, organize ideas coherently, and

convey to others genuine interest, integrity, respect, and reliability. Take her self-assessment to measure your progress. With Dianna Booher's expert, entertaining advice, you can have the same kind of influence as the most successful CEOs, celebrities, and civic leaders.

Good Leaders Ask Great Questions John C.

Maxwell, 2014-10-07 A #1 New York Times bestselling author and leadership expert answers questions from his readers about what it takes to be in charge and make a difference. John Maxwell, America's #1 leadership authority, has mastered the art of asking questions, using them to learn and grow, connect with people, challenge himself, improve his team, and develop better ideas. Questions have literally changed Maxwell's life. In **GOOD LEADERS ASK GREAT QUESTIONS**, he shows how they can change yours, teaching why questions are so important, what questions you should ask yourself as a leader, and what questions you should be asking your team. Maxwell also opened the floodgates and invited people from around the world to ask him any leadership question. He answers seventy of them--the best of the best--including . . . What are the top skills required to lead people through difficult times? How do I get started in leadership? How do I motivate an unmotivated person? How can I succeed working under poor leadership? When is the right time for a successful leader to move on to a new position? How do you move people into your inner circle? No matter whether you are a seasoned leader at the top of your game or a newcomer wanting to take the first steps into leadership, this book will change

the way you look at questions and improve your leadership life.

Stand Firm Svend Brinkmann, 2017-02-27 The pace of modern life is accelerating. To keep up, we must keep on moving and adapting – constantly striving for greater happiness and success. Or so we are told. But the demands of life in the fast lane come at a price: stress, fatigue and depression are at an all-time high, while our social interactions have become increasingly self-serving and opportunistic. How can we resist today's obsession with introspection and self-improvement? In this witty and bestselling book, Danish philosopher and psychologist Svend Brinkmann argues that we must not be afraid to reject the self-help mantra and 'stand firm'. The secret to a happier life lies not in finding your inner self but in coming to terms with yourself in order to coexist peacefully with others. By encouraging us to stand firm and get a foothold in life, this vibrant anti-self-help guide offers a compelling alternative to life coaching, positive thinking and the need always to say 'yes!'

What You Can Change... and What You Can't Martin Seligman, 2011-02-22 If you believe that dieting down to your ideal weight will prolong your life; that reliving childhood trauma can undo adult personality problems; that alcoholics have addictive personalities, or that psychoanalysis helps cure anxiety, then get ready for a shock. In the climate of self-improvement that has reigned for the last twenty years, misinformation about treatments for everything from alcohol abuse to sexual dysfunction has flourished. Those of us

trying to change these conditions are often frustrated by failure, mixed success, or success followed by a relapse. But have you ever asked yourself: can my condition really be changed? And if so, am I going about it in the most effective way? Grounding his conclusions in the most recent and most authoritative scientific studies, Seligman pinpoints the techniques and therapies that work best for each condition, explains why they work, and discusses how you can use them to change your life. Inside, you'll discover: the four natural healing factors for recovering from alcoholism; the vital difference between overeating and being overweight, and why dieters always gain back the pounds they lost; the four therapies that work for depression, and how you can dispute your way to optimistic thinking; the pros and cons of anger, and the steps to take to understand it and much more!

Wildpreneurs Tamara Jacobi, 2020-02-11 Real-life "wildpreneur" Tamara Jacobi shares her insights on what it takes to successfully make the leap from a safe yet soul-crushing day job to chasing your dreams. This book illuminates how surf guides, ski builders, yoga and wellness instructors, environmental activists, nature lovers, podcasters, artisans, and other creatives achieve an adventurous lifestyle and financial viability. Whether you're stuck in the nine-to-five grind, are an enterprising college grad, a dynamic retiree, or are just an out-of-the-box thinker, it's time to embrace your free spirit and become a Wildpreneur! Entrepreneur and author Tamara Jacobi understands the challenge and reward of turning

your passion into a business. Over ten years ago, she and her family started the Tailwind Jungle Lodge, a treehouse style eco-lodge in the jungle on the Mexican Pacific coastline. Jacobi shares the lessons she's learned, alongside stories and wisdom from other Wildpreneurs. In Wildpreneurs, you will: Access a practical blueprint for starting and managing an unconventional business. Receive the support needed to stay on track with what can be a difficult path filled with unexpected challenges and is worth it in the end. Gain insights into the world of Wildpreneurship, its characters, and the lifestyle that is within anyone's grasp. Discover an alternative to living on autopilot, an opportunity to move beyond fear, come alive, and tune into inspiration while also making a living. Let Wildpreneurs help you blaze the path to your own journey of meaning, purposefulness, and adventure—and start living the life of your dreams.

Executive Coaching for Results Brian O

Underhill, 2007-11-01 The field of executive coaching is growing at an astonishing rate. Corporations are increasingly turning to coaching as an intervention, as it offers leaders and managers both on-the-job learning and built-in follow-up. But how can you make the best use of coaching within your organization? Executive Coaching for Results helps this critical leadership development method come of age. This is not a "how-to-coach book"—there are already plenty of those—but rather a comprehensive guide on how to strategically use coaching to maximize development of talent and link the impact of

coaching to bottom-line results. Underhill, McAnally, and Koriath draw on their rigorous original research (through Executive Development Associates) with Fortune 1000 and Global 500 companies such as Disney, IBM, UBS, Unilever and many others, and combine that with their years of industry experience to advance the state of the art. Executive Coaching for Results includes topics such as: Integrating coaching into your organization's overall leadership development strategy Locating and screening coaches worldwide Developing an internal coaching program Deciding which coaching assessments and instruments are appropriate to your situation Measuring the impact and ROI of coaching Following up after coaching Throughout, the authors provide numerous examples from major organizations such as Dell, Johnson and Johnson, Intel, and Wal-Mart. Offering practical learning, best practices, and illuminating case studies, this is the first definitive guide to the effective use of executive coaching in the corporate environment.

The Secret Art of Self-Development Karl Moore, 2009-01-29 Stop being a seeker - Start being a finder! Self-development is an amazing quest. It's the desire to find your own freedom and happiness. It's about letting go of limitations, and learning how to live successfully. This book is a series of 16 simple pep talks for that self-development journey. No hype, no rituals, no follow-on courses. Just a series of conversations to help you finally discover your own true freedom. Forget The Secret, set aside religious texts and ignore the so-called gurus. This book

will guide you straight to the only true authority on your own self-development. You.

Live It! Jairek Robbins, 2014-09-30 Offers advice on improving one's everyday habits in order to achieve success in health, family, intimate relationships, professional life, and spirituality.

Personal Development Gurus Introduction

In the digital age, access to information has become easier than ever before. The ability to download Personal Development Gurus has revolutionized the way we consume written content. Whether you are a student looking for

course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Personal Development Gurus has opened up a world of possibilities. Downloading Personal Development Gurus provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Personal Development Gurus has democratized knowledge. Traditional books and

academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Personal Development Gurus. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any

charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Personal Development Gurus. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Personal Development Gurus, users should also consider the potential security risks associated with online

platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Personal Development Gurus has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Personal Development Gurus Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
