Paris: From the Air Jeffrey Milstein,2021-04-13 Combining daring aerial photography with the restricted airspace over Paris provides both breathtaking and unparalleled views. From sunrise to sunset, Paris is one of the most photographed cities in the world. Shooting with the newest high-resolution medium-format professional cameras while leaning out of helicopters making steep turns with the door off, Milstein captures the highly detailed, iconic, straight-down images that set his work apart. Milstein's distinctive style--straight down--leads to fresh insights of the urban design of this great city. In a way that is impossible from street level, you can see the old neighborhoods of Montmartre and Montparnasse; iconic historical monuments like the Eiffel Tower, Arc de Triomphe or the Invalides; and modern Paris like La Défense or the new neighborhoods around the Bibliothèque Nationale. As a bonus, there is a portfolio of images of the gardens and buildings of Louis XIV's great palace, Versailles. Milstein brings his unique and unmatched aerial vistas of Paris to life--every angle, every moment, every season. This is sure to be treasured by tourists and Parisians alike.

**Paris** Serge Ramelli,2019 - An atmospheric photography book capturing the city's poetic flair, tradition, and modernity - Illuminates the city from sunrise to sunset, and throughout the seasons - Uniquely beautiful and romantic moments from the Pont Neuf in freshly fallen snow to fireworks in front of the Eiffel Tower Paris... so familiar and yet surprising. In pastel shades and dazzling details like the palette of French Impressionism, Serge Ramelli presents a unique and personal photo homage to the City of Lights. With romance and history in her blood, Paris shows her tender side as never seen before. Only Paris offers the inimitable stage that can turn every photo into a film still. In its architectural splendor, its wealth of churches, palaces, parks, and grand boulevards, the city is peerless in its beauty and allure. Add to that a long, rich, and influential history, and this coveted capital is art in its purest form. From the Eiffel Tower and the Louvre, to Montmartre and Saint-Germain-des-Pres, the traces of painters and photographers and echoes of actors and movie directors can be found all over the city. In this exquisite Paris photo book, Serge Ramelli pays tribute to this unique legacy of art and culture, capturing the city's poetic flair. As in vintage postcards, with glowing street lights or only certain details in colour in a black and white panorama, Ramelli accentuates particular picture elements to create a modern, 3D effect, while retaining a close connection to Parisian history. Vivid in one's memory or perhaps imagination, Ramelli collects rapturous moments with his camera -- a brilliant firework display in front of the Eiffel Tower or the sight of the Pont Neuf amidst freshly fallen snow. In the beguiling blue hour, or a nuit (the magical light at sunrise and sunset), the photographer shows a kaleidoscope along the Seine that will delight all who have lived and loved in Paris. Text in English, German and French.
