**Help! Somebody's Robbing My Piggy Bank!** Ricky Holley, 2011-10-20 We live in a high tech world. With digital televisions, computers, cell phones, IPODS, and video games out there, one can become overwhelmed. There's technology out there to do almost everything for us. When was the last time you sat down with pen and paper and did a simple math problem? You know, add, subtract, multiply, or divide. Calculators and computers can do this for us. Most of us have to do business with banks. Many of you have felt that you've been cheated or just plain taken advantage of by banks. There are high interest rates, overdraft fees, other fees and other hidden cost. You might be surprised to find out that banks will take money from your account without any accountability. You had better brush up on your math skills. I served in the United States Air Force and lived in several states and in Great Britain. Over the past 38 years, I've had bank accounts in the United States and abroad. My story is about my encounters with only four of these banks. One good and three that was not so pleasant. Money was taken from my accounts without accountability. I'll show you how I was able

to keep track of their actions and finally what I did about it.
