

Political News Channel

Chris Stirewalt

Changing Minds or Changing Channels? Kevin

Arceneaux, Martin Johnson, 2013-08-27 We live in an age of media saturation, where with a few clicks of the remote—or mouse—we can tune in to programming where the facts fit our ideological predispositions. But what are the political consequences of this vast landscape of media choice? Partisan news has been roundly castigated for reinforcing prior beliefs and contributing to the highly polarized political environment we have today, but there is little evidence to support this claim, and much of what we know about the impact of news media come from studies that were conducted at a time when viewers chose from among six channels rather than scores. Through a series of innovative experiments, Kevin Arceneaux and Martin Johnson show that such criticism is unfounded. Americans who watch cable news are already polarized, and their exposure to partisan programming of their choice has little influence on their political positions. In fact, the opposite is true: viewers become more polarized when forced to watch programming that opposes their beliefs. A much more troubling consequence of the ever-expanding media environment, the authors show, is that it has allowed people to tune out the news: the four top-rated partisan news programs draw a mere three percent of the total number of people watching television. Overturning much of the conventional wisdom, *Changing Minds or Changing Channels?* demonstrate that the strong effects of media exposure found in past research are simply not applicable in today's

more saturated media landscape.

Fox News and American Politics Dan Cassino, 2016-04-14 In recent years, scholars have argued that the ability of people to choose which channel they want to watch means that television news is just preaching to the choir, and doesn't change any minds. However, this book shows that the media still has an enormous direct impact on American society and politics. While past research has emphasized the indirect effects of media content on attitudes – through priming or framing, for instance – Dan Cassino argues that past data on both the public opinion and the media side wasn't detailed enough to uncover it. Using a combination of original national surveys, large scale content analysis of news coverage along with data sets as disparate as FBI gun background checks and campaign contribution records, Cassino discusses why it's important to treat different media sources separately, estimating levels of ideological bias for television media sources as well as the differences in the topics that the various media sources cover. Taking this into account proves that exposure to some media sources can serve to actually make Americans less knowledgeable about current affairs, and more likely to buy into conspiracy theories. Even in an era of declining viewership, the media – especially Fox News – are shaping our society and our politics. This book documents how this is happening, and shows the consequences for Americans. The quality of journalism is more than an academic question: when coverage focuses on questionable topics, or political bias, there are

consequences.

Dark Genius Kerwin Swint, 2012-02-07 Roger Ailes, former Republican political consultant, and current president of Fox News Channel, is a dominant media figure of our age. His made-for-TV imagery and mastery of “style over substance” has overtaken earlier methods of reporting the news, and radically refashioned our political and communications landscapes. Yet, no book has ever been published on this Oz-like figure: **Dark Genius** is the definitive study of Ailes and his controversial career. The 1960 television encounter between Richard Nixon and John F. Kennedy was the moment when slick television imagery began to take over politics. Ailes, a young TV producer, absorbed the lessons of the new video age, and put them into practice. While a director on “The Mike Douglas Show”, he met Richard Nixon, who soon hired Ailes to help him conquer the fledgling medium. Riding the wave of that triumph, Ailes went on to aid other key Republican figures like Ronald Reagan, George H.W. Bush, and Rudy Giuliani. In the 1990s, Ailes was hired to run CNBC, the first cable financial network, bringing a talk radio sensibility to the small screen. Then, Rupert Murdoch hired him to implement the media mogul’s vision for a different kind of cable news network. Now, with Murdoch (whose News Corp. has recently acquired the Wall Street Journal), Ailes is launching the FOX News business channel in 2007. Over the span of several decades, Ailes has played a key role in the growing reach of conservatism, first in politics, then in mass media. Part history, part media

criticism, part current events, *Dark Genius* tracks the rise, dominance, and relevance of political television, and how it has been used and abused by its master.

Broken News Chris Stirewalt, 2022-08-23 One of America's most experienced and exemplary journalists has written an unsparing analysis of the dreadful consequences -- for journalism and the nation -- of 'how the news lost a race to the bottom with itself.'" -- George F. Will In this national bestseller, Chris Stirewalt, a former Fox News political editor, takes readers inside America's broken newsrooms that have succumbed to the temptation of "rage revenue." One of America's sharpest political analysts, Stirewalt employs his trademark wit and insight to reveal how these media organizations slant coverage -- and why that drives political division and rewards outrageous conduct. The New York Times wrote that Stirewalt's book is an often candid reflection on the state of political journalism and his time at Fox News, where such post-mortem assessments are not common... *Broken News* is a fascinating, deeply researched, conversation-provoking study of how the news is made and how it must be repaired. Stirewalt goes deep inside the history of the industry to explain how today's media divides America for profit. And he offers practical advice for how readers, listeners, and viewers can (and should) become better news consumers for the sake of the republic.

News That Matters Shanto Iyengar, Donald R. Kinder, 2010-10-15 Almost twenty-five years ago, Shanto Iyengar and Donald R. Kinder first

documented a series of sophisticated and innovative experiments that unobtrusively altered the order and emphasis of news stories in selected television broadcasts. Their resulting book *News That Matters*, now hailed as a classic by scholars of political science and public opinion alike, is here updated for the twenty-first century, with a new preface and epilogue by the authors. Backed by careful analysis of public opinion surveys, the authors show how, despite changing American politics, those issues that receive extended coverage in the national news become more important to viewers, while those that are ignored lose credibility. Moreover, those issues that are prominent in the news stream continue to loom more heavily as criteria for evaluating the president and for choosing between political candidates. "News That Matters does matter, because it demonstrates conclusively that television newscasts powerfully affect opinion. . . . All that follows, whether it supports, modifies, or challenges their conclusions, will have to begin here."—The Public Interest

Image Bite Politics Maria Elizabeth Grabe, Erik Page Bucy, 2009-03-02 *Image Bite Politics* is the first book to systematically assess the visual presentation of presidential candidates in network news coverage of elections and to connect these visual images with shifts in public opinion. Presenting the results of a comprehensive visual analysis of general election news from 1992-2004, encompassing four presidential campaigns, the authors highlight the remarkably potent influence of television images when it comes to evaluating

leaders. The book draws from a variety of disciplines, including political science, behavioral biology, cognitive neuroscience, and media studies, to investigate the visual framing of elections in an incisive, fresh, and interdisciplinary fashion. Moreover, the book presents findings that are counterintuitive and challenge widely held assumptions--yet are supported by systematic data. For example, Republicans receive consistently more favorable visual treatment than Democrats, countering the conventional wisdom of a liberal media bias; and image bites are more prevalent, and in some elections more potent, in shaping voter opinions of candidates than sound bites. Finally, the authors provide a foundation for promoting visual literacy among news audiences and bring the importance of visual analysis to the forefront of research.

The Oh Really? Factor Peter Hart, Fairness and Accuracy in Reporting, 2011-01-04 Since emerging from tabloid-television infamy as the former host of Inside Edition, Bill O'Reilly has taken his brand of provocative rhetoric to the next level: from shock-TV to the No Spin Zone. Despite his outspoken support for Bush's tax cuts and a war with Iraq, and his attacks on everything from National Public Radio to welfare mothers, O'Reilly fashions his program, The O'Reilly Factor, as without an agenda or any ideological prejudices. Presenting opposing viewpoints and likely to express views that occasionally diverge from the conservative orthodoxy, O'Reilly has styled himself as a straight-shooting man of the people,

wary of the conservative label with which liberals would tag him. In *The Oh Really? Factor*, brimming with examples of O'Reilly's error, contradiction, and hard-right political tilt, Hart exposes the No Spin Zone as little more than clever marketing. *The Oh Really? Factor* reflects hundreds of hours of research, fact checking, and analysis of the same evidence O'Reilly uses to support his claims. In this concise and compelling analysis of O'Reilly's views, Hart underscores this pundit's masked partisanship; adversarial stance toward unions, Blacks, immigrants, and gays and lesbians; and his kid-gloves treatment of the Right. Forming an important corrective, *The Oh Really? Factor* snags O'Reilly in his own spin.

Fox News. An Analysis of the News Channel's Political Bias Annegret Bieber, 2022

Breaking News? Frédéric Bastien, 2018-01-15 In the thousand-channel universe, politicians must find innovative ways to reach citizens via television. Viewership for news and current affairs television programs has dropped dramatically. Meanwhile, the rise of programming that blends information with entertainment – infotainment – on French Canadian television has provided new opportunities for today's politicians. *Breaking News?* traces the development of infotainment and exposes the impact of these kinds of programs on modern political communication. Though not without its controversies, infotainment ultimately makes a positive contribution to democratic life by piquing the audience's interest in public affairs and motivating it to pay more attention to

political news in general.

The Power of News Michael Schudson, 1995 Some say it's simply information, mirroring the world. Others believe it's propaganda, promoting a partisan view. But news, Michael Schudson tells us, is really both and neither; it is a form of culture, complete with its own literary and social conventions and powerful in ways far more subtle and complex than its many critics might suspect. A penetrating look into this culture, *The Power of News* offers a compelling view of the news media's emergence as a central institution of modern society, a key repository of common knowledge and cultural authority. One of our foremost writers on journalism and mass communication, Schudson shows us the news evolving in concert with American democracy and industry, subject to the social forces that shape the culture at large. He excavates the origins of contemporary journalistic practices, including the interview, the summary lead, the preoccupation with the presidency, and the ironic and detached stance of the reporter toward the political world. His book explodes certain myths perpetuated by both journalists and critics. The press, for instance, did not bring about the Spanish-American War or bring down Richard Nixon; TV did not decide the Kennedy-Nixon debates or turn the public against the Vietnam War. Then what does the news do? True to their calling, the media mediate, as Schudson demonstrates. He analyzes how the news, by making knowledge public, actually changes the character of knowledge and allows people to act on that knowledge in new and significant ways. He brings

to bear a wealth of historical scholarship and a keen sense for the apt questions about the production, meaning, and reception of news today.

Apprehending Politics Marco Calavita, 2012-02-01
This groundbreaking book examines the significance of the news media for the political beliefs and behavior of contemporary Americans. Relying on original, in-depth interviews with members of the group known as Generation X, Marco Calavita analyzes the memories and understandings of these individuals' political development dating back to childhood. Specifically, he focuses on the developmental significance of news media engagement in the context of institutions and phenomena like family, peers, schooling, and popular culture. Calavita succeeds where others have failed at exploring the inevitably contextualized and ecological nature of individual political development, and the specific roles of news media in that development. *Apprehending Politics* illuminates the subtle but fundamental power of news media in who we are politically, and how we got that way.

The People's News Joseph E. Uscinski, 2014-02-03
Uncovers the surprising cause behind the recent rise of fake news In an ideal world, journalists act selflessly and in the public interest regardless of the financial consequences. However, in reality, news outlets no longer provide the most important and consequential stories to audiences; instead, news producers adjust news content in response to ratings, audience demographics, and opinion polls. While such criticisms of the news media are widely shared,

few can agree on the causes of poor news quality. The People's News argues that the incentives in the American free market drive news outlets to report news that meets audience demands, rather than democratic ideals. In short, audiences' opinions drive the content that so often passes off as "the news." The People's News looks at news not as a type of media but instead as a commodity bought and sold on the market, comparing unique measures of news content to survey data from a wide variety of sources. Joseph Uscinski's rigorous analysis shows news firms report certain issues over others—not because audiences need to know them, but rather, because of market demands. Uscinski also demonstrates that the influence of market demands also affects the business of news, prohibiting journalists from exercising independent judgment and determining the structure of entire news markets as well as firm branding. Ultimately, the results of this book indicate profit-motives often trump journalistic and democratic values. The findings also suggest that the media actively responds to audiences, thus giving the public control over their own information environment. Uniting the study of media effects and media content, The People's News presents a powerful challenge to our ideas of how free market media outlets meet our standards for impartiality and public service.

Network of Lies Brian Stelter, 2023-11-14 An account of Fox News Channels' attempts to manipulate the truth, mislead the public, and influence elections in the United States.

The Loudest Voice in the Room Gabriel

Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes—the brash, sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER • NOW A SHOWTIME LIMITED SERIES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996, American politics and media changed forever. With a remarkable level of detail and insight, Vanity Fair magazine reporter Gabriel Sherman puts Ailes’s unique genius on display, along with the outsize personalities—Bill O’Reilly, Sean Hannity, Megyn Kelly, Sarah Palin, Karl Rove, Glenn Beck, Mike Huckabee, Gretchen Carlson, Bill Shine, and others—who have helped Fox News play a defining role in the great social and political controversies of the past two decades. From the Clinton-Lewinsky scandal to the Bush-Gore recount, from the war in Iraq to the Tea Party attack on the Obama presidency, Roger Ailes developed an unrivaled power to sway the national agenda. Even more, he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court. How did this man become the master strategist of our political landscape? In revelatory detail, Sherman chronicles the rise of Ailes, a frail kid from an Ohio factory town who, through sheer willpower, the flair of a showman, fierce corporate politicking, and a profound understanding of the priorities of middle America, built the most influential television news empire of our time. Drawing on hundreds of interviews with Fox News insiders past and

present, Sherman documents Ailes's tactical acuity as he battled the press, business rivals, and countless real and perceived enemies inside and outside Fox. Sherman takes us inside the morning meetings in which Ailes and other high-level executives strategized Fox's presentation of the news to advance Ailes's political agenda; provides behind-the-scenes details of Ailes's crucial role as finder and shaper of talent, including his sometimes rocky relationships with Fox News stars such as O'Reilly, Hannity, and Carlson; and probes Ailes's fraught partnership with his equally brash and mercurial boss, Rupert Murdoch. Roger Ailes's life is a story worthy of Citizen Kane. Featuring an afterword about Ailes's epic downfall during the extraordinary 2016 election, *The Loudest Voice in the Room* is an extraordinary feat of reportage with a compelling human drama at its heart.

Niche News Natalie Jomini Stroud, 2011-05-09 Fox News, MSNBC, The New York Times, The Wall Street Journal, The Rush Limbaugh Show, National Public Radio--with so many options, where do people turn for news? In *Niche News*, Natalie Stroud investigates how people navigate these choices and the political implications that their choice ultimately entails. By combining an analysis of the various news formats that citizens rely on with innovative surveys and experiments, she offers the most comprehensive look to date at the extent to which partisanship influences our media selections. At the heart of *Niche News* is the concept of partisan selective exposure, a behavior that leads individuals to select news sources that match their own views. This phenomenon helps

explain the political forces at work behind media consumption. Just as importantly, she finds that selective exposure also influences how average citizens engage with politics in general. On one hand, citizens may become increasingly divided as a result of using media that coheres with their political beliefs; on the other hand, partisan selective exposure may encourage participation. Ultimately, Stroud reveals just how intimately connected the mainstream media and the world of politics really are, a conclusion with significant implications for the practice of American democracy.

The Nightly News Nightmare Stephen J. Farnsworth, S. Robert Lichter, 2007 Beginning with the 1988 presidential election and now updated through 2004, *The Nightly News Nightmare* shows how network news coverage of what is arguably the nation's most important political event has declined. Through extensive analysis of news content from the 'Big Three' and Fox, acclaimed media scholars Farnsworth and Lichter compare what the candidates said with what the networks say they said and judge the disparity a nightmare. The authors go on to suggest that perhaps the candidates themselves do a better job of portraying the campaigns than those who used to be the trusted network guardians of the news. While making clear that overall coverage of the Bush-Kerry race marked an improvement compared to previous elections, Farnsworth and Lichter also point out that in other ways, things were worse.

Politicians, Partisans, and Parasites Tucker Carlson, 2003-09-15 From the host of *Tucker Carlson*

Tonight on Fox News comes a wild and informative ride behind the scenes of a news correspondent. A must read for Americans of any party. -- Rev. Al Sharpton Political pundit Tucker Carlson cracks commentary on all things Washington with the acerbic wit and razor-sharp insight that have made him a beloved conservative commentator. An unabashed insider whose profile is unmatched, Carlson stands ready to pounce on anyone and everyone who dares enter the political fray. Whether it's the towel-snapping prowess of former presidents or the dumbfounding exploits of his predecessors, there is no sacred ground. Carlson's debut covers his beat with equal parts hilarity and insight in a jocular review that both exposes and defends the absurdity that underlies the world of politics.

Political News Channel Introduction

In today's digital age, the availability of Political News Channel books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of

knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political News Channel books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political News Channel books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political News Channel versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political News Channel books and

manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily

annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political News Channel books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political News Channel books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-

profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology,

and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political News Channel books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why

not take advantage of the vast world of Political News Channel books and manuals for download and embark on your journey of knowledge?

FAQs About Political News Channel Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an

eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political News Channel is one of the best book in our library for free trial. We provide copy of Political News Channel in digital format, so the resources that you find are reliable. There

are also many Ebooks of related with Political News Channel. Where to download Political News Channel online for free? Are you looking for Political News Channel PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Political News Channel. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to

assist you try this. Several of Political News Channel are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Political News Channel. So depending on what exactly you are searching, you will be

able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Political News Channel To get started finding Political News Channel, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Political News Channel So depending on what exactly you are searching, you will be able tochoose ebook to

suit your own need.
Thank you for reading
Political News Channel.
Maybe you have knowledge
that, people have search
numerous times for their
favorite readings like
this Political News
Channel, but end up in
harmful downloads.
Rather than reading a
