Switched on Pop Nate Sloan, Charlie Harding, 2019-12-13 Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published What

to Listen for in Music, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to shake it like a Polaroid picture, or Luis Fonsi and Daddy Yankee create harmonic ambiguity in Despacito that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, Switched on Pop brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in Switched on Pop.

**Song of Silver Lake** Rod Mills, 2013-08-28 Synopsis Song of Silver Lake, vol. 2, book 2 Fiddle Girl Demonstrating a giftedness in violin, Grace discussed with her Harvard educated friend, blind Derry London, the feasibility of attending an elite institution like Julliard School of Music in New York. Derry

promised to make a few phone calls, which put her in contact with Mr. Carlton Astor, founder of Astor Plastics in Seattle, also a member of the Julliard board of regents. To Derry's surprise, Mr. Astor seemed more interested in the blind woman's 7 year old niece, Ruth, than he was in Grace, the prospective Julliard student. He even insisted on flying to Silver Lake in his private aircraft to take Derry and Ruth to dinner. What could possibly be Carlton Astor's interest in little Ruth? While Derry researched Julliard School of Music, Grace was invited to tour with the McCoy family, a local amateur bluegrass group. The Real McCoy's annually closed up their Silver Lake mechanics shop to make a month long circuit to county fairs across several states. Grace, first chair in her high school orchestra, but a novice to the Bluegrass fiddle, was shocked when Pop McCoy entered her in the Lexington, Kentucky Bluegrass competition. Loyalties between the fiddle girl and The Real McCoy's were tested as bizarre events unfolded during this month long trip.
