Thrill Me Benjamin Percy, 2016-10-18 In fifteen essays that challenge the notion that literary and genre fiction are mutually exclusive turns to Cormac McCarthy, Ursula K. Le Guin, Stephen King, and others to discover how contemporary writers engage plot, character, dialogue, and suspense-- Page 4 of cover.

Understanding Me Herbert Marshall McLuhan, 2010-06-25 *Unbuttoned McLuhan!* An intimate exploration of Marshall McLuhan's ideas in his own words. In the last twenty years of his life, Marshall McLuhan published - often in collaboration with others - a series of books that established his reputation as the pre-eminent seer of the modern age. It was McLuhan who made the distinction between "hot" and "cool" media. It was he who observed that "the medium is the message" and who tossed off dozens of other equally memorable phrases from "the global village" and "pattern recognition" to "feedback" and "iconic" imagery. McLuhan was far more than a pithy-phrase maker, however. He foresaw - at a time when the personal computer was a techie fantasy - that the world would be brought together by the internet. He foresaw the transformations that would be wrought by digital technology. He understood, before any of his contemporaries, the consequences of the revolution that television and the computer were bringing about. In many ways, we're still catching up to him. In *Understanding Me*, Stephanie McLuhan and David Staines have brought together eighteen previously unpublished lectures and interviews by or involving Marshall McLuhan. They have in common the informality and accessibility of the spoken word. In every case, the text is the transcript taken down from the film, audio, or video tape of the actual encounters - this is not what McLuhan wrote but what he said. The result is a revelation: the seer who often is thought of as aloof and obscure is shown to be funny, spontaneous, and easily understood.

The Forgotten Bridge of Acadia Therese Marshall,2021-06 Charity Kane lives in a blue and white cottage in Bar Harbor, Maine. On this special summer day, she and her dog Mariah will explore their island home-the shore, Main Street, the village green, the harbor-all by themselves, hoping for adventure. What they find is a huge, beautiful pink-granite bridge with three arches, sadly overgrown and hidden from view. Charity, her father and the townspeople discover the history of the bridge and clear away the brush to reveal, once again, the Forgotten Bridge of Acadia. From author/illustrator Therese Klotz Marshall: When I was a child growing up on Eagle Lake Road in Bar Harbor, Maine, in the 1950s, my family would drive into Acadia National Park up to the top of Cadillac Mountain to look at the view of Frenchmans Bay and the Porcupine Islands. Driving on Route 3 into Bar Harbor, my parents would say, Look to the right. It's coming up. Don't look away or you will miss it. There it is! We would chime, I saw it! We were talking about Dad's bridge, formally known as the Duck Brook Motor Bridge on Paradise Hill Road. My father designed and was construction supervisor for the real Forgotten Bridge of Acadia, completed in 1952.

King Me Roger Reeves,2016-08-22 On the “Best Poetry Books of the Year” list from Library Journal “A sophisticated and breathtaking writer, Reeves takes the reader on a harrowing journey: each poem comes packed with arresting imagery, relentless in its examination of how tragedy and trauma become internalized — cleaning out the wounds to understand the pain.”—Los Angeles Review of Books “Roger Reeves' King Me stitches together many worlds into one startling and visceral book. His ranging, encyclopedic knowledge crosses history, medicine, biology, metapoetics and more, but he tackles it all with a bold and sonorous surrealist flow.”—American Microreviews From a horse witnessing the lynching of Emmett Till to Mikhail Bulgakov chronicling the forced famines in Poland in the 1930s, King Me examines the erotics of care and the place of song, elegy, and praise as testaments to those moments. As Roger Reeves said in an interview, While writing King Me, I became very interested in the mythology of king, the one who is sacrificed at the end of the harvest season. . . . For me, the myth manifests in the killing of young black men, Emmett Till, and in the ways America deems young, black male bodies as expendable—Jean Michel Basquiat, Mike Tyson, Jack Johnson. These are the young kings whom we love to kill—over and over again. From Some Young Kings: The hummingbirds inside my chest,with their needle-nosed pliers for tonguesand hammer-heavy wings, have left a messof ticks in my lungs and a punctured lullabyin my throat. Little boy blue come blowyour horn. The cow's in the meadow. And Dorothy's alone in the corn with Jack, his black fingers, the brass of his lips, the half-moons of his fingernails clickingalong her legs until she howls—Charlie Parker. Charlie Parker. Charlie Parker . . . Roger Reeves earned his MFA from the James A. Michener Center for Creative Writing and his PhD from the University of Texas. His poems have appeared in Poetry, American Poetry Review, and Boston Review. He teaches at the University of Illinois, Chicago.
