The Private Eye Bran Nicol, 2013-07-15 From Philip Marlowe and Sam Spade to Jake Gittes, private eyes have made for some of the most memorable characters in cinema. We often view these detectives as lone wolves who confront and try to make sense of a violent and chaotic modern world. Bran Nicol challenges this stereotype in *The Private Eye* and offers a fresh take on this iconic character and the film noir genre. Nicol traces the history of private eye movies from the influential film noirs of the 1940s to 1970s neonoir cinema, whose slow and brilliant decline gave way to the fading of detectives into movie mythology today. Analyzing a number of classic films—including *The Maltese Falcon*, *The Big Sleep*, *Chinatown*, and *The Long Goodbye*—he reveals that while these movies are ostensibly thrillers, they are actually occupied by issues of work and love. The private eye

is not a romantic hero, Nicol argues, but a figure who investigates the concealments of others at the expense of his own private life. Combining a lucid introduction to an underexplored tradition in movie history with a new approach to the detective in film, this book casts new light on the private worlds of the private eye.

L.A. Private Eyes Dahlia Schweitzer, 2019-03 L.A. Private Eyes examines the tradition of the private eye as it evolves in films, books, and television shows set in Los Angeles from the 1930's through the present day. This book explores the metamorphosis of the solitary detective figure and the many facets of the genre itself.

Groucho Marx, Private Eye Ron Goulart, 2015-07-21 Groucho Marx made the transition from screen to paper in Ron Goulart's widely acclaimed first novel, Groucho Marx, Master Detective, where he debuted as a radio star-cum-private eye. Groucho and Frank aren't enjoying their latest costar, singing child prodigy Polly Pilgrim, a spoiled ingenue. When a prominent Beverly Hills plastic surgeon is found dead in his palatial home, and Polly's mother, the faded actress Frances London, is accused of his murder, Polly's request for Groucho and Frank to help prove her mother's innocence surprises them. She is convinced that Frances has been framed, and despite the mounting evidence against the washed-up performer, the pair takes on the case.

Private Eyes Sam Brown, Gini Graham Scott, 2013-05-02 This book is based on interviews with eight top investigators with different specialties, describing how they became private eyes and solve their cases. It's a behind the scenes look at investigating murder and mayhem, using high-tech listening or spying devices, tailing someone, going undercover, conducting interrogations, using public records, and working with police and government agencies.

Spygirl Amy Gray, 2009-04-02 While her friends are making mad cash and getting massages at their dot-com jobs, Amy Gray quits her low-status publishing position to realize her girlhood dream of being a private investigator. Joining a small Manhattan agency, she finds herself plunged into an intriguing world of “con men, lunatics, narcissists, polygamists, sociopaths, felons, petty thieves, and pathological liars”—a description almost as apt for the men in her social life as for her on-the-job subjects. Working with a gang of misfit colleagues (a former zookeeper, a one-time child star, an avant-garde philosopher, and other eccentrics), Amy discovers even more about herself as she detects uncanny parallels between her investigations and her tumultuous love life.

The Legendary Detective John Walton, 2015-11-10 Private detectives and detective agencies played a major role in American history from 1870 to 1940. Pinkerton, Burns, Thiels, and the smaller independents were a multi-million dollar industry, hired out by many if not most American corporations, who needed services of surveillance, strike breaking, and labor espionage. Not only is John Walton's account the first sustained history of this industry, it is also the first book to trace the ways in which the private detective came to occupy a cherished place in popular imagination. Walton paints lively portraits of these mythical figures from Sherlock Holmes, the brilliant eccentric, to Sam Spade, the hard-boiled hero of Dashiell Hammett's best-selling tales. There's a great question lurking in here: how did pulp magazine editors shape the image of the hard-boiled private eye, and what

sorts of interplay obtained between the actual records (agency files, memoirs) of these motley individuals in real life and the legend of the private detective in mass-market fiction? This history of the private eyes and this account of how the detective industry and the culture industry played off of each other is a first. Walton show us, in clean clear outline, the figure of the classical private eye, and he shows us further how the memory of this iconic figure was sustained in fiction, radio, film, literary societies, product promotions, adolescent entertainments, and a subculture of detective enthusiasts.

Vasquez Private Eye Edward Bardes, 2014-07-29 Johnson Vasquez is a policeman with a highly troubled past. He survived a plane crash, and in the six years following the disaster, his friends have undergone surreal changes. What he doesn't realize is that as he attempts to move forward, the crash will come back to haunt him. Johnson and his partner, Zelda Thomson, are working to unravel a series of court cases gone horribly awry. As the investigation is conducted, a cryptic note comes into Johnson's possession. In little more than an hour, a murderer strikes. What started as a normal day at work suddenly spirals into one of the biggest murder mysteries in the state. Johnson must find the clues and stop the killer. But nothing could prepare him for the truth, the whole truth, and nothing but the truth, so help him God.

The President's Private Eye Tony Ulasewicz, Stuart A. McKeever, 1990 THE PRESIDENT'S PRIVATE EYE is the amazing story of one man's journey into history. From New York's Lower East Side to the White House this episodic memoir tells of the orbit traveled by Tony Ulasewicz, the Runyonesque ex-detective who retired from the NYPD to become President Nixon's private investigator, the first ever hired by a President of the United States. Tony U carried the badge of a New York City cop for twenty-seven years; twenty of those years as a detective with the Bureau of Special Service & Investigation (BOSSI), the intelligence unit of the NYPD which was known in

Washington as the little FBI & the little CIA. No other detective, real or imagined, has ever been involved, center stage or peripherally, in so many historical cases & coverups such as the kidnapping of Professor Jesus de Galindez of Columbia University who wrote a book condemning Dominican Dictator Rafael Trujillo; the conspiracy to blow up the Statue of Liberty by the Black Liberation Front; the effort of George Lincoln Rockwell & his American Nazi Party to march on New York & finally, Chappaquiddick & Watergate, the bookends of Tony's career as President Nixon's private eye.

Private Eyelashes Jack French, Barbara J. Watkins, 2009-05 This book examines radio and mystery drama from about 1932 to the genre's final appearance in the late 1950's. While its focus is on women detectives, French provides minute and fascinating details about dozens of mystery programs and includes a comprehensive listing of source material ranging from magazine articles, to dime detective novels, to film noir. Each lady detective appearing under one of eight cleverly conceived categories gets handsome, multi-page treatment. The author traces the chronological appearance of the subject's show, examines the program's history and origins, and details with substantial documentation the manner of the show's presentation and production. He intersperses the text with actual dialogue taken directly from the program scripts. Winner of the Agatha Award!

STEWART SINCLAIR, Private Eye Elizabeth Greenwood, 2014-05-30 Elizabeth Greenwood studied sculpture at St. Martin's School of Art, and in Florence and Rome. She had a classical education, preferring Greek to Latin for the richness of its vocabulary and her sculpture with its reference to Greek mythology reflects this predilection; she is also a dedicated writer. Apart from poetry, she enjoys producing emblematic fiction based on Mary Poppins' philosophical song 'a spoonful of sugar makes the medicine go down', thus fulfilling the writer's task as entertainer cum moralist. Both creative activities date from early childhood. Although they were largely ignored, she

was fortunate in having been born into a family where close relatives had universal minds, uniting a passion for Literature with a keen interest in Politics, the Cinema and Science, especially Space Science. Officially, she began her writing career by producing educational scripts for the BBC World Wide Services which taught her the invaluable benefit of dedicated researching. In later years, to counteract a tendency to create works of the imagination, she has applied herself to the discipline of academic work in the field of biblical studies with particular regard to the Dead Sea discoveries, now well-documented, which give insights into the rise of Christianity. Her particular interest in Sherlock Holmes as an innovative detective relates to his having been born in America in a play on Broadway where it was an immediate success, with a famous actor in the lead while Conan Doyle, the British creator of Sherlock Holmes, was serving with the Friends' Ambulance Service as a volunteer front-line surgeon during the Boer war in South Africa.
