*The Little Book of Project Management Wisdom* Robert Forsyth Pmp,2021-03 This book is one that every frustrated project manager would like to place on the desk of those who cook-up projects without involving the troops on the ground. Based on the author's experience managing information technology projects in the US and Canada, The Little Book of Project Wisdom is a valuable resource and easy to read. It's an essential quick reference guide for new and seasoned project managers, project sponsors, executives, professional services salespeople, and anyone in customer service. Taking a pragmatic look at many of the unwritten challenges faced by project personnel, this compact volume offers common-sense approaches to these problems. While the book refers to challenges faced in the IT industry, it's also a valid reference for projects anywhere and in any sector. Sensitive topics such as isolated ivory-tower executives, overzealous salespeople, stress, and remote foreign resources are covered with respect and in good detail. This book is a major revision of Give Your Project Wings and has been updated extensively. This work is not a textbook and offers practical, and sometimes entertaining, real-world perspectives on project management beyond the boring project theory books.

**Project Management For Dummies** Jonathan L. Portny,Stanley E. Portny,2022-04-19 Improve your project management skills and accomplish more in no time at all In these days when projects seem to be bigger and more challenging than ever before, you need to make sure tasks stay on track, meet the budget, and keep everyone in the loop. **Head First Agile** Andrew Stellman,Jennifer Greene,2017-09-18 Head First Agile is a complete guide to learning real-world agile ideas, practices, principles. What will you learn from this book? In Head First Agile, you'll learn all about the ideas behind agile and the straightforward practices that drive it. You'll take deep dives into Scrum, XP, Lean, and Kanban, the most common real-world agile approaches today. You'll learn how to use agile to help your teams plan better, work better together, write better code, and improve as a team—because agile not only leads to great results, but agile teams say they also have a much better time at work. Head First Agile will help you get agile into your brain... and onto your team! Preparing for your PMI-ACP® certification? This book also has everything you need to get certified, with 100% coverage of the PMI-ACP® exam. Luckily, the most effective way to prepare for the exam is to get agile into your brain—so instead of cramming, you're learning. Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First Agile uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.
