

Push To Kindle

Donald Benjamin

Push Sapphire,2021-06-22 A new 25th anniversary edition of the instant classic that inspired the major motion picture and Sundance Film Festival winner *Precious*: Based on the Novel by Sapphire, whose power and ferocity influenced a generation of writers. Precious Jones, an illiterate sixteen-year-old, has up until now been invisible to the father who rapes her and the mother who batters her and to the authorities who dismiss her as just one more of Harlem's casualties. But when Precious, pregnant with a second child by her father, meets a determined and radical teacher, we follow her on a journey of education and enlightenment as she learns not only how to write about her life, but how to make it truly her own for the first time.

Push Nyla K,2019-09-15 To the unassuming observer, Ben Lockwood is your typical, suburban dad. Aside from the fact that he's only thirty-six and his daughter is a sophomore in college. He and his wife, Jessica, had their only daughter, Hailey, when they were in high school. So you can imagine the unease Ben is feeling when said daughter brings her new boyfriend home for Thanksgiving? To stay, in their house, for the whole weekend. Ryan Harper, otherwise known as The Boyfriend, is every dread Ben's ever had in his daughter dating come to fruition. There's nothing wrong with Ryan. He's polite, smart, and charming? He doesn't have any neck tattoos or facial piercings, and he drives a BMW. But still, he's dating Ben's daughter. That makes him a threat. It's in Ben's best interest to keep an eye on the kid. You know, to make sure there's no funny business going on under his roof. Unfortunately for him, the tension in the house is less about Ryan being his daughter's boyfriend, and more about him being a strangely intriguing human. And soon enough, Ben can't tell if he's watching Ryan to protect his daughter's innocence, or obliterate his own. It seems like the boring married-guy image isn't going to hold up for long? Not after this bizarre, life-changing weekend. What are these new, strange feelings and desires? Where did they come from? And why do they have to center around what belongs to his daughter? Ben and Ryan's situation couldn't get much more complicated? Until Jessica steps into the mix. An unexpected push is all it took for their lives to change forever.

Blythe College Rochelle Paige,

Don't Push the Button! Bill Cotter,2013-11 There's only one rule in Larry's book: don't push the button. (Seriously, don't even think about it!) Even if it does look kind of nice, you must never push the button. Who knows what would happen? Okay, quick. No one is looking... push the button. Uh, oh.

Pull Nyla K,2022-02-14 So you fell in love with your daughter's boyfriend? What happens next? I'll tell you? You finally begin to live again. You take trips, celebrate anniversaries, and attend your first Pride parade as an out-and-proud polyamorous throuple, apparently. Life isn't perfect for you now that you've had a brand new happily ever after. In fact, far from it. But you make it work. You find your way through the jealousy and the unrest of people who don't understand your quirky little family. And most importantly, you love. You love so hard there's no possible way only one partner could handle it all. It's a damn blessing I found two.

Roman Ice Dave Bartell,2018-11-16 His rich discovery will make history? if someone doesn't steal it first. Darwin Lacroix wants to rewrite the story of the past. The archaeologist knows that a \$10 million discovery of diamonds in Iceland is just a fraction of Emperor Nero's fortune. He's read the ancient scrolls buried beneath Mt. Vesuvius, and he's about to prove that Nero lined the lava tubes with impossible amounts of gold. But when a powerful cartel seizes control of the hunt, Darwin's quest becomes a race against time to reveal the mother lode first. With a volcanologist and an unsavory diamond expert on board, the academic's search for riches meets lethal obstacles at every turn. Deep underground, the choices Darwin makes could determine who in his party makes it out alive. *Roman Ice* is a thrilling suspense novel in the tradition of *Sahara*, *The Lost World*, and *Treasure Island*. If you like alternate history, archaeological adventures, and complex characters, then you'll love Dave Bartell's action-packed tale

Push the Envelope Rochelle Paige, 2014-01-08 Alexa is just your average college junior, attending classes and piloting Mile High Club charter flights. Boys haven't been on her radar for a couple of years since the disastrous breakup with her high school sweetheart. Her plans to focus on school hit a bit of a snag when she meets bad boy Drake Bennett and he sets his sights on making her his own.

E-Reading: Getting the Most Out of Your Kindle or Other E-Book Reader Jeff Blum, 2023-08-29 A concise, but thorough, guide that will tell you everything you should—but probably don't—know about reading in the digital age. Whether you are considering a new e-reader, are the happy owner of a Kindle or other device, or use an e-reading app on your mobile device, this book is for you. Part I discusses the different e-reading options, including dedicated e-readers and apps for personal computers, tablets, and smartphones. Various e-reading features and e-book formats are also presented. Part II presents a comprehensive look at the various places to source and organize your e-reading materials, including free public domain books, articles on the Web and your own personal documents. The majority of resources discussed are free. Part III gives you tips, advice, and resources to get the most from your Kindle. Whether you're looking for ways to stay current on all things Kindle, want to learn how to easily send almost any reading content to your Kindle, use it more effectively with shortcuts, or even learn about some hidden features, this section is for you. Part IV is a concise buyers' guide for anyone interested in purchasing an e-reader. The main devices considered are the Kindle, Nook, Kobo, and Onyx e-readers, though others are mentioned as well.

The Push Claire McGowan, 2020-11 From the bestselling author of *What You Did* comes a stunning psychological thriller. One party. Thirteen people. By 3.02 p.m., one of them will be dead. The party should have been perfect: six couples from the same baby group, six newborns, a luxurious house. But not everything has gone to plan, and while some are here to celebrate, others have sorrows to drown. When someone falls from the balcony of the house, the secrets and conflicts within the group begin to spill out ... DS Alison Hegarty, herself struggling with infertility, is called in to investigate. She's convinced the fall was not an accident, and finds the new parents have a lot to hide. Wealthy Ed and Monica show off their newborn while their teenage daughter is kept under virtual house arrest. Hazel and Cathy conceived their longed-for baby via an anonymous sperm donor--or so Hazel thinks. Anita and Jeremy planned to adopt from America, but there's no sign of the child. Kelly, whose violent boyfriend disrupted previous group sessions, came to the party even though she lost her baby. And then there's Jax, who's been experiencing strange incidents for months--almost like someone's out to get her. Is it just a difficult pregnancy? Or could it be payback for something she did in the past? It's a nightmare of a case, and as events get even darker it begins to look impossible. Only one thing is clear: they all have something to hide. And for one of them, it's murder.

The Seventh Sons Domino Finn, 2014-10-24 Two years after his wife went missing, Detective Maxim Dwyer is still running down leads. The isolated woods of Sycamore are home to many lawless

men, and no one's talking, but that hasn't stopped Maxim from gathering suspects. Topping his list is the local motorcycle club, the Seventh Sons. His biggest obstacle? Everyone swears the bikers are werewolves. The small-town residents are wary of provoking the MC, and the marshal's office is no exception. Everything changes when a routine biker brawl turns fatal. Going against procedure, Maxim presses an enigmatic stranger for answers. But Diego de la Torre is running his own con. The outlaw deals in lies and legends, and no adversary can back him down. Not even the police. It's too bad that nobody's above the law for Maxim. He's willing to risk his badge, and his life, to prove it.

Push Jerry Bonsu, 2013-01-24 Believing that God can take you safely through all of the storms of this life can be difficult. God's timing doesn't always line up with our way of doing things and it may seem that we are alone in our battles. The raging storms of life brings many questions: What do you do when you are facing a serious medical issue, a crumbling marriage, financial difficulty, an addiction or any overwhelming problem that just won't go away? How do you continue waiting on God especially when you are pregnant with purpose? In PUSH, worship leader and conference host Jerry Bonsu shares practical truths about the power of Praise, Prayer and Persistence that will carry you to new and exciting heights of splendor, hope, and love that only the Master could design - especially for you. You'll gain insight into how you can learn to stand firmly and have lasting peace and confidence in the face of adversity.

Pushing Patrick Megyn Ward, 2017-08-15 It was a bet. A stupid bet. One I never should have made. One I knew, that could cost me everything. To be honest, I didn't even think it would work. I kissed Patrick the night we met and he couldn't have made it clearer-he isn't into me. Not like that. He's funny and sweet and entirely too good for a girl like me. He's perfect and I'm... not. So, we're friends. Just friends. When my life falls apart and I need a place to live, Patrick comes to my rescue, no questions asked. I know it doesn't mean anything. It's just one friend, helping out another. I know that... but I can't help but want more. I can't help but want him. It's my friend, Tess, who points out that Patrick may be perfect, but he's still just a man. That if I want him, all I have to do is say so. That if I push hard enough, I can make him want me. I know she's wrong because I've felt the sting of his rejection and I have no desire to subject myself to it again... but what if she's right? What if all Patrick needs is a little push?

Push Catherine C Stack Nd, 2019-07-23 Hopefully, by now, you know about the birds and the bees. But, have you ever wondered about all that goes on behind the doors of a busy labor and delivery unit? If you love medical shows such as ER, Grey's Anatomy or Chicago Med, you will surely love the Labor & Delivery version-real life unpredictability. Part comedy, part tragedy, and absolute reality. We have all lived through our own version of the PUSH and now it's time to take a look from an insider's unique perspective. Whether you were a C-section or escaped via the vaginal route, PUSH is likely to give you a new appreciation for childbirth. This book was written for the layperson or labor coach, mom-to-be, labor nurse, midwife, resident and even obstetrician. For those of you that work within these walls, you will relate to many of these experiences. There are plenty of text

books out there, and enough of what to expect when you're expecting, but PUSH brings a whole new insight to the world of birthing babies. PUSH delivers when it comes to fast paced information that will leave you feeling warm and fuzzy, gasping in horror, laughing out loud, or crying with some of the most heart wrenching stories. Catherine (Cathi) Stack has been working Labor and Delivery for 30 years and will never say that she has seen it all, but she has certainly seen enough to give you an inner glimpse of this mostly wonderful, sometimes chaotic, sometimes horrifying world that we have ALL survived.

The Road to Lavender Donald Benjamin, 2020-05 A mystery novel set on the Western Slope of Colorado, the story features ANNE SCRIPTOR, a troubled young woman, and TRINIDAD SANDS, a handsome detective, who are caught up in a plot to smuggle a priceless artifact. A murderous Russian mob, a county sheriff, the FBI, a renegade Saudi prince, and a dangerous soldier of fortune are all out to claim the artifact and it will take courage and cunning to survive a deadly treasure hunt.
