They Never Said It Paul F. Boller Jr., John

George, 1990-06-14 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul F. Boller, Jr. and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why we should consign them to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become

popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, falsify the historical record with their blatant dishonesty. And other chillingly vicious ones, filled with virulent racial and religious prejudices, completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and thought-provoking book, *They Never Said It* covers a great deal of history and sets it right. Going beyond a mere catalog of popular misconceptions, Boller and George reveal how rightists and leftists, and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends. The ultimate debunking reference, it perfectly complements handbooks of quotations.

Power Quotes Daniel B. Baker, 1992 In this easy-to-use and fun-to-read collection of more than 4,000 quotes, politicians and philosophers, poets and priests, CEOs and comedians all share their views on leadership and liberty, treason and triumph, sacrifice and scandal, risk and rebellion, weakness and war, and other affaires politiques. For instance, Groucho Marx on politics: Politics is the art of looking for trouble, finding it everywhere, diagnosing it incorrectly and applying the wrong remedies. A Visible Ink bestseller since the reign of George the Senior, it just keeps going and going. Apparently good quotes, like fine wine, just get better with age. Or maybe it's the back cover copy. With *Power Quotes*, readers can learn what Plato and Aristotle had to say about democracy, and find Mark Twain musing on any number of topics, including: Its name is Public Opinion. It is held

in reverence. It settles everything. Some think it is the voice of God. Or look up the self-serving statements James I made to Parliament about the divine nature of kings (he was for it).

Richard Nixon's postmortem on Vietnam: Rarely have so many people been so wrong about so much. Selected with impeccable judgment by quote master Daniel Baker, the quotes are organized under 50 themes such as ethics, monarchy, politics, public opinion, taxes, war and peace, and women in politics, and then arranged chronologically, with sources fully cited.

Everything I Know About Love Dolly Alderton, 2020-02-25 New York Times Bestseller There is no writer quite like Dolly Alderton working today and very soon the world will know it.” —Lisa Taddeo, author of #1 New York Times bestseller *Three Women* “Dolly Alderton has always been a sparkling Roman candle of talent. She is funny, smart, and explosively engaged in the wonders and weirdness of the world. But what makes this memoir more than mere entertainment is the mature and

sophisticated evolution that Alderton describes in these pages. It's a beautifully told journey and a thoughtful, important book. I loved it." —Elizabeth Gilbert, New York Times bestselling author of *Eat, Pray, Love* and *City of Girls* The wildly funny, occasionally heartbreaking internationally bestselling memoir about growing up, growing older, and learning to navigate friendships, jobs, loss, and love along the ride When it comes to the trials and triumphs of becoming an adult, journalist and former Sunday Times columnist Dolly Alderton has seen and tried it all. In her memoir, she vividly recounts falling in love, finding a job, getting drunk, getting dumped, realizing that Ivan from the corner shop might just be the only reliable man in her life, and that absolutely no one can ever compare to her best girlfriends. Everything I Know About Love is about bad dates, good friends and—above all else—realizing that you are enough. Glittering with wit and insight, heart and humor, Dolly Alderton's unforgettable debut weaves together personal stories, satirical observations, a series of lists, recipes, and other vignettes that will strike a chord of recognition with women of every age—making you want to pick up the phone and tell your best friends all about it. Like *Bridget Jones' Diary* but all true, *Everything I Know About Love* is about the struggles of early adulthood in all its terrifying and hopeful uncertainty.

The World's Greatest Collection of Quotes for Moms

Barbour Publishing, 2007 Who deserves to be celebrated more than a mom? *The World's Greatest Collection of Quotes for Moms* does just that through beautiful, meaningful quotes from dozens of such noteworthy individuals as Abraham Lincoln and George Washington. Scripture passages weave their way through the inspirational quotes, reminding moms that God thinks they're pretty special, too.

Furiously Happy Jenny Lawson, 2015-09-22 In *Furiously Happy*, #1 New York Times bestselling author Jenny Lawson explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That

sounds like a terrible idea. But terrible ideas are what Jenny does best. As Jenny says: Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos. Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.' *Furiously Happy* is about taking those moments when things are fine and making them amazing, because those moments are what make us who we are, and they're the same moments we take into battle with us when our brains declare war on our very existence. It's the difference between surviving life and living life. It's the difference between taking a shower and teaching your monkey butler how to shampoo your hair. It's the difference between being sane and being furiously happy. Lawson is beloved around the world for her inimitable humor and honesty, and in *Furiously Happy*, she is at her snort-inducing funniest. This is a book about embracing everything that makes us who we are - the beautiful and the flawed - and then using it to find joy in fantastic and outrageous ways. Because as Jenny's mom says, Maybe 'crazy' isn't so bad after all. Sometimes crazy is just right.

The Book of (More) Delights Ross Gay, 2023-09-19

****Named a Best Book of the Year by The Boston Globe, Garden & Gun, Electric Literature, and St. Louis Public Radio**** The New York Times bestselling author of *The Book of Delights* and *Inciting Joy* is back with exactly the book we need in these unsettling times. Margaret Roach of The New York Times says, "Yes, please. I'll have another dose of delight." In Ross Gay's new collection of small, daily wonders, again written over the course of a year, one of America's most original voices continues his ongoing investigation of delight. For Gay, what delights us is what connects us, what gives us meaning, from the joy of hearing a nostalgic song blasting from a passing car to the pleasure of

refusing the “nefarious” scannable QR code menus, from the tiny dog he fell hard for to his mother baking a dozen kinds of cookies for her grandchildren. As always, Gay revels in the natural world—sweet potatoes being harvested, a hummingbird carousing in the beebalm, a sunflower growing out of a wall around the cemetery, the shared bounty from a neighbor’s fig tree—and the trillion mysterious ways this glorious earth delights us. *The Book of (More) Delights* is a volume to savor and share.

Zero to One Peter Thiel, Blake Masters, 2014-09-16 #1 NEW YORK TIMES BESTSELLER • “This book delivers completely new and refreshing ideas on how to create value in the world.”—Mark Zuckerberg, CEO of Meta “Peter Thiel has built multiple breakthrough companies, and Zero to One shows how.”—Elon Musk, CEO of SpaceX and Tesla The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we’re too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won’t make a search engine. Tomorrow’s champions will not win by competing ruthlessly in today’s marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in

America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

The Moment of Lift Melinda Gates,2019-04-23 NEW YORK TIMES BESTSELLER “In her book, Melinda tells the stories of the inspiring people she’s met through her work all over the world, digs into the data, and powerfully illustrates issues that need our attention—from child marriage to gender inequity in the workplace.” — President Barack Obama “The Moment of Lift is an urgent call to courage. It changed how I think about myself, my family, my work, and what’s possible in the world. Melinda weaves together vulnerable, brave storytelling and compelling data to make this one of those rare books that you carry in your

heart and mind long after the last page.” — Brené Brown, Ph.D., author of the New York Times #1 bestseller *Dare to Lead*

“Melinda Gates has spent many years working with women around the world. This book is an urgent manifesto for an equal society where women are valued and recognized in all spheres of life. Most of all, it is a call for unity, inclusion and connection. We need this message more than ever.” — Malala Yousafzai

Melinda Gates's book is a lesson in listening. A powerful, poignant, and ultimately humble call to arms. — Tara Westover, author of the New York Times #1 bestseller *Educated*

A debut from Melinda Gates, a timely and necessary call to action for women's empowerment. “How can we summon a moment of lift for human beings – and especially for women? Because when you lift up women, you lift up humanity.” For the last twenty years, Melinda Gates has been on a mission to find solutions for people with the most urgent needs, wherever they live. Throughout this journey, one thing has become increasingly clear to her: If you want to lift a society up, you need to stop keeping women down. In this moving and compelling book, Melinda shares lessons she’s learned from the inspiring people she’s met during her work and travels around the world. As she writes in the introduction, “That is why I had to write this book—to share the stories of people who have given focus and urgency to my life. I want all of us to see ways we can lift women up where we live.” Melinda’s unforgettable narrative is backed by startling data as she presents the issues that most need our attention—from child marriage to lack of access to contraceptives to gender inequity in the workplace. And, for the first time, she writes about her personal life and the road to equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world—and ourselves. Writing with emotion, candor, and grace, she introduces us to remarkable women and shows the power of connecting with one another. When we lift others up, they lift us up, too.

Life as We Knew it Susan Beth Pfeffer, 2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like one marble hits another. The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to *Life As We Knew It*, including *The Dead and the Gone*, *This World We Live In*, and *The Shade of the Moon*.
