*Jockey* Scott A. Gruender,2006-12-06 Being a jockey is more than a career, it's a way of life. The glitz and glamour of the show may belie all the time and effort that goes into it, but the life of a jockey entails a great deal of risk, personal sacrifice and hardship. Often viewed as second-rate athletes, partly because of their small size, these riders are in actuality some of the toughest men in the athletic world. Pound for pound, they are unmatched in physical prowess. Controlling and guiding large thoroughbreds requires a great deal of strength and skill. In addition, there is little room for error during the close-run, high-speed races where the necessity of implementing a winning strategy makes the sport mentally as well as physically taxing. This volume provides an in-depth look at the self-employed, independent contractor known as the jockey and the all-encompassing culture of the race track he

calls home. The book details the qualities and abilities of the successful jockey, the transitory nature of horse racing, the jockey's constant battle regarding weight, the financial motivation of the sport and the close-knit nature of the profession. Interviews with over 100 jockeys including Hall of Famers Pat Day, Earlie Fires and Russell Baze, add a personal focus and give the reader an inside glimpse into the world of horse racing. The last chapter includes brief biographical sketches of the most influential riders from the last 50 years.

**The Rider** Tim Krabbé, 2018-08-16 The instant cult classic about biking, road racing, and the bicyclists who love their sport. Originally published in Holland in 1978, *The Rider* went on to sell more than 100,000 copies. Brilliantly conceived and written at a break-neck pace, it is a loving, imaginative, and, above all, passionate tribute to the art of bicycle road racing. Tim Krabbé begins this story at the very start of the Tour de Mont Aigoual, ready to race his rivals through the mountains of Central France. Over the course of the 150 pages that follows, Krabbé takes his bike 150 kilometers, and pulls his readers into the life of the sport he loves. *The Rider* is beloved as a bicycle odyssey, a literary masterpiece, and the ultimate book for bike lovers as well as the arm-chair sports enthusiast.

**Barrel Racing 101** Marlene Mcrae, 2006-07-01 Few equestrian sports are more exciting than barrel racing, in which horse and rider carve a lightning-fast cloverleaf pattern around

three barrels, then gallop down to the finish line. As thrilling as barrel racing is to watch, doing it is even more fun, as thousands of people are discovering every year. To help them--and you--get started, champion racer and internationally respected instructor and clinician Marlene McRae shares her program that has taken hundreds of her students to success in the arena, as well as to becoming educated horsemen and-women: \* Selecting Your Champion Horse: Choosing a barrel-racing prospect based on conformation and temperament; finding a qualified veterinarian to help you assess the prospects. \* Choosing and Using Equipment: Determining the right saddle, bridle (including bits), leg protection, and other tack to buy, as well as their proper fit and use. \* Feeding and Nutrition: Establishing a basic commonsense feeding regimen for your horse; the role of supplements, as well as their possible misuse. \* Shoeing and Foot Care: Proper foot care, with an emphasis on working with your farrier and veterinarian to avoid foot- and leg-related injuries. \* Conditioning and Exercising: A comprehensive program for developing your horse's stamina and fitness, along with ways to avoid unsoundness problems. \* Getting Started in the Barrel-Racing Patterns: How to set up the pattern correctly; techniques for training the horse, with an emphasis on rider position, balance, and using hands, legs, and voice as communication aids. \* Competing: Locating entry-level local events, clubs, and associations; the mental game of competing to stay focused; achieving teamwork with your horse. Barrel Racing 101 is the perfect textbook for the sport. Study it and use it, and you're bound to finish at the top of your class.

accomplished rider, son of the late Robert and nephew of the late great Joey Dunlop, Michael can fairly claim that racing is in his blood. Now for the first time he talks in depth about his family story, how he got involved in the family business and how he manages to keep getting back on his bike despite all he knows of the deadly risks he encounters every time he crosses the start line. The death of his uncle during a competition in Estonia in 2000 was followed just eight years later by the death of his father at the North West 200. But despite these tragic losses Michael was undeterred and, two days after his father's death, he returned to the North West, and won. The next year Michael won his first TT, joining both his father and uncle in the record books. Now with thirteen TT wins to his name Michael is a phenomenal competitor, and in this sensational autobiography he reveals the highs and lows of racing, what it was like growing up part of a motorcycle dynasty and how that made him the incredible racing driver he is today.

Major Taylor Andrew Ritchie, 1996-02 World champion at 19 . . . One of the first black athletes to become world champion in any sport . . . 1-mile record holder . . . American sprint champion in 1898, 1899, 1900 . . . triumphant tours of Europe and Australia . . . Victories against all European champions . . . Until now a forgotten, shadowy figure, Marshall Walter Major Taylor is here revealed as one of the early sports world's most stylish, entertaining, and gentlemanly personalities. Born in 1878 in Indianapolis, the son of poor rural parents, Taylor worked in a bike shop until prominent bicycle racer Birdie Munger coached him for his first professional racing successes in 1896. Despite continuous bureaucratic—and, at times, physical—opposition, he won his first national championship two years later and became world champion in 1899 in Montreal. This beautifully illustrated, vividly narrated, and scrupulously researched biography recreates the life of a great international athlete at the turn of the century. Based on ten years of research—including extensive interviews with Major Taylor's 91-year old daughter—this is the dramatic story of a young black man who, against prodigious

odds, rose to fame and stardom in the tempestuous world of international professional bicycle racing a century ago.

Bonelli offers a fascinating glimpse into the thought processes and life of a motorcycle racer, as he made lasting friendships, raced at speeds most would think insane, and met eclectic characters along the way. With his mind constantly on motorcycles and the next race, Bonelli details how the rest of his life seemed only incidental to his obsession with going fast. Whether racing on a 250 Harley Sprint or a TZ750 Yamaha, Bonelli shares anecdotes, poetry, and prose that illuminate the pure joy of what it is like to count down the minutes until he can zip his leathers, hop in his van with his bike in the back, and head out to race again. *Zen and the Art of Racing Motorcycles* shares a seasoned motorcycle racer's perspective on why he loves to ride with the wind with the throttle wide open and nothing but excitement and the possibility of a win before him.
