*The Honest Bengal Cat Guide for Humans* Shirley O'Connor, 2017-12-15 My name is Shirley O'Connor, I have so much insider knowledge about beautiful Bengal cats - I am one, after all. Personally, I believe that the best way to get to know about anyone (or 'anycat') is to talk to them. So here you go, I've written a guide book just for you. The joys and hazards of living with a Bengal cat or kitten. It's been a great experience - being a Bengal, we're VERY clever (as well as charming). I've found it hard to stop writing actually, it's been such good fun, as you'll find out later in the book we can also struggle to stop talking. I've talked to my fiercely loyal (and sometimes territorial) friends and neighbours so I can make sure you have plenty of sensible information about our breed. I will share my experiences along with those of my other Bengal friends (names have been changed to protect privacy for some of my more reserved Bengal acquaintances). I've provided you with everything you need to know about Bengal kittens and cats, our behaviours, markings, our wild heritage and history, IQ,

tricks, mind-sets, favourite games and a bit more about me. I'm so thrilled you're even considering letting us own you, we are beautiful and you won't regret it. Bengals are special.

Guide to Owning a Bengal Cat Jean S. Mill, 1999

**Bengal Cats. Bengal Cat Owners Manual. Guide to Owning a Happy Bengal Cat.** Steve

Richardson, 2015-02-20 A descendant of a regular domestic cat and the wild Asian Leopard cat, the Bengal breed of cat is one of the best breeds to keep as a pet. The fact that the breed has some level of wild blood does not in any way mean that it is wild. The modern Bengal cat turns out to have a sweet temperament while still maintaining the wild appearance of the Asian Leopard cat. Breeding programs in place have gone a long way in eliminating the wildness of

the Asian Leopard cat, leading to development of a breed of cat similar to any other domestic cat, except for its unique characteristics. The large, muscular and attractive Bengal breed of cat is fast becoming very popular with cat lovers across the world. Its growing popularity definitely stems from the fact that it has a sweet temperament and is a very active breed. Apart from its affection and love for human company, this breed also has a very strong personality. Its love for water, which is indeed unique, continues to amaze those who own the cat for the first time. This is one breed of cat that suits almost everyone who loves cats because it bonds very well with all family members including children. The only category of people who may find this breed inappropriate are the elderly simply because of the cat's extreme level of activity. This book will teach you how to make your Bengal cat a happy cat.

*Kitten Care* Kim Dennis-Bryan, 2004 An illustrated guide to selecting and caring for a kitten, including discussions on understanding its personality, feelings and reactions to new situations.

**Our Cats and All About Them** Harrison Weir, 2019-11-21 Although Weir wrote this book in the 19th century, it remains a topical resource for the up to date cat lovers. In addition, it tells people who love cats all the trivia about cats.

Bengal Cat As Pet Dr James Emma, 2021-08-09 Bengal cats square measure stunning, smart, and wild-looking cats. This hybrid cat breed is growing in quality because of its patterns and personalities, and it stays concerning identical size as an oversized domestic domestic cat. They were developed by breeding associate Asian *Felis bengalensis* (*Felis bengalensis*-which is wherever the name Bengal was derived) with a domestic domestic cat like associate house cat, Egyptian mau, or yankee shorthair.

*Busy Bengals* Erin Corcoran, 2020-11-12 *Busy Bengals* drops you into the wild world of the Bengal cat where you - the coloring book artist - get to experience the energy of this spotted cat. Bengals are domestic cats that are the result of breeding a domestic cat with the Asian Leopard cat. This causes the Bengals' beautiful glittering fur with rosettes, spots, and other markings that show their wild ancestry. All these patterns create the perfect coloring page. So dive in and help these busy kitties come to life with color! This cat coloring book has 30 very unique pictures to color of Bengal cats in many different situations, some silly some serious. Each picture is printed on its own page to reduce the likelihood of bleeding. On the back of each page is the information about the cat model that I used. It will include the cat's name, the owner's name, and any associated social media links. This coloring book would be great for any cat lover, not just the lovers of the Bengal cat. It would also be great as a children's coloring book or an adult coloring book, with varying levels of complexity and color from page to page. This coloring book would work best with dry mediums like crayons, colored pencil, pastels, etc. Wet mediums will work with a little extra precaution, like placing a blank sheet of paper between pages. Last thing to note about purchasing this coloring book is that a portion of all profits of *Busy Bengals* will be donated to a foundation that is dedicated to raising awareness and funding to help end Feline Infectious Peritonitis (FIP). FIP ends the life of so many cats and these donations will help.

**Cat Book** Emily Eve Weinstein, 2002 *Cat Book* started out simply enough. Emily Weinstein set out to do a series of monoprints of cats she knew personally. As she explored her subjects she saw that each cat had a story. So she wrote the stories down, and began hearing of fascinating cats

farther afield. The trail led from North Carolina up the East Coast to New York City, where she was able to paint the much-heralded Brooklyn heroine cat, Scarlett, who rescued her five kittens from a ravaging fire. Other cats depicted include Snappy, who has sailed around the world; Wild Boy, feral in the High Sierras; the talking feline Regis, and Max, who has learned to box. It's all great fun -- and wonderful art. Book jacket.
