Carrying On Jordan Reid, 2015-12-22 When you find out that you're pregnant, you might be nervous. I certainly was, mostly because I didn't know anything, and I wanted to know it all. Right now. In *Carrying On*, lifestyle blogger Jordan Reid weaves real-world fashion, beauty, home d r, and entertaining advice into a candid account of what pregnancy (and new parenthood) is really like. Fearlessly taking on topics that every mom-to-be wrestles with, including judgment from peers (and total strangers), relationship upheavals, intimacy issues, and the greatest worry of all -- can you ever truly be ready for a change as big as a baby? -- *Carrying On* is a must-read for any woman looking for a humorous (and sometimes heartbreaking) account of what life is like when you're waiting for your new one to start.

*The Story of a Candy Rabbit* Laura Lee Hope, 1920

*Sister Tricksters*, 2006 Two brothers team up to present a collection of trickster tales from the American South that features such female animal characters as Molly Cottontail and Miz Goose.

**The Origin of Ideas** Mark Turner, 2014-01-02 What makes human beings so innovative, so adept at rapid, creative thinking? Where do new ideas come from, and once we have them, how can we carry them mentally into new situations? What allows our thinking to range easily over time, space, causation, and agency--so easily that we take this truly remarkable ability for granted? In *The Origin of Ideas*, Mark Turner offers a provocative new theory to answer these and many other questions. While other species do what we cannot--fly, run amazingly fast, see in the dark--only human beings can innovate so

rapidly and widely. Turner argues that this distinctively human spark was an evolutionary advance that developed from a particular kind of mental operation, which he calls blending: our ability to take two or more ideas and create a new idea in the blend. Turner begins by looking at the lionman, a 32,000-year-old ivory figurine, one of the earliest examples of blending. Here, the concepts lion and man are merged into a new figure, the lionman. Turner argues that at some stage during the Paleolithic Age, humans reached a tipping point. Before that, we were a bunch of large, unimaginative mammals. After that, we were poised to take over the world. Once biological evolution hit upon making brains that could do advanced blending, we possessed the capacity to invent and maintain culture. Cultural innovation could then progress by leaps and bounds over biological evolution itself, leading to the highest forms of human cognition and creativity. For anyone interested in how and why our minds work the way they do, *The Origin of Ideas* offers a wealth of original insights-and is itself a brilliant example of the innovative thinking it describes.

**Her Mercy** Elizabeth Barone, The last time Bree ran away, she put Mercy in prison. Now he's got to find her and convince her they belong together so they can both be free. Bree has been running for decades. Every time she gets into trouble, the River Reapers MC covers her tracks. That's how she met Mercy, the only man who's ever loved her, and the reason she's running again. Mercy has an ache in his bones that not even freedom can soothe. When Bree disappeared, she put him in prison both metaphorically and physically. Now that he's out, Mercy hopes to find Bree and the home they once had in each other. Bree is still buckling under the weight of her own secrets, and when both Mercy and the past finally catch up to her, it's time for her to save herself so she can have the happily ever after she always dreamed of with the man who showed her mercy. Her Mercy is a second chance romance that spans decades of heartache and births the beginning of the River Reapers MC.

*A Fatal Prospect* Elizabeth Barone, 2021-04-28 Our enemies of past and present are uniting to put us in our graves. Not even death would destroy our love, but death isn't the only thing that's fatal... Cliff I've finally got Olivia, but she can't give me the two things I want most: three words so I know I'm not in this alone, and a family so I can redeem all the horrible things I've done. My past is still chasing me, and the only way I can let it go is if I stop running and face it. I can't allow the monster in my blood to take over, but it's rising to the surface and I can't fight it much longer. Olivia After all I've been through, I'm never giving away my heart, even if my heart has other plans. War strikes before Cliff and I get a chance to figure it out. When a teen football player is unspeakably violated, only my club can avenge him. A rival motorcycle club from the past is also looking for revenge, just

as I realize my true feelings for Cliff. When someone betrays us, we'll pay the ultimate price, in both blood and love... A FATAL PROSPECT is the third book in the River Reapers MC series, a dark romance with a body count. Some content may be disturbing to some readers.

**A Risky Prospect** Elizabeth Barone, 2019-03-19 If we can't keep each other from the dark, we'll have to be each other's light, even if our revenge blackens everything we love. Olivia I've been burned by the system, but that won't stop me from using it to cleanse my corrupt town. When my roommate comes to me with a dark secret and a plea for help, I'll do whatever it takes to convince my club and child protective services to intervene. If they won't listen, I'll make them. Cliff I'm finally settling into life on the outside, but I'm falling for a woman who can't love me back. It's time to find my own way in this world, but I'll never turn my back on my woman. When Olivia's traumatic past walks into the clubhouse, I'm itching to make him pay, but she won't let me risk my probation. When Olivia takes revenge into her own hands, it's up to me to keep us out of prison. With our hearts and freedom in danger, it's hard to tell which is the most risky prospect... A RISKY PROSPECT is the second book in the River Reapers MC series, a dark romance with a body count. Some content may be disturbing to some readers.

**Bunny Brown and His Sister Sue** Laura Lee Hope,2023-07-13 Bunny! Bunny! Wake up! It's time! Wha, what's matter? sleepily mumbled little Bunny Brown, making his words all run together, like molasses candy that has been out in the hot sun. What's the matter, Sue? Bunny asked, now that he had his eyes open. He looked over the side of his small bed to see his sister standing beside it. She had left her own little room and had run into her brother's. What's the matter, Sue? Bunny asked again. Why, it's time to get up, Bunny, and Sue opened her brown eyes more widely, as she tried to get the sleepy feeling out of them. It's time to get up! Time to get up so early? Oh, Sue! It isn't Christmas morning; is it, Sue? and with that thought Bunny sat up suddenly in his bed. Christmas? No, of course not! said Sue, who, though only a little over five years of age (a year younger than was Bunny), sometimes acted as though older than the blue-eyed little chap, who was now as widely awake as his sister. Well, if it isn't Christmas, and we don't have to go to the kindergarten school, 'cause it's closed, why do I have to get up so early? Bunny wanted to know. Bunny Brown was a great one for asking questions. So was his sister Sue; but Sue would often wait a while and find things out for herself, instead of asking strangers what certain things meant. Bunny always seemed in a hurry, and his mother used to say he could ask more questions than several grown folks could answer. Why do you want me to get up so early?

Bunny asked again. He was wide awake now. Why, Bunny Brown! Have you forgotten? asked Sue, with a queer look in her brown eyes. Don't you remember Aunt Lu is coming to visit us to-day, and we're going down to the station to meet her? Oh yes! That's so! I did forget all about it! Bunny said. I guess it was because I dreamed so hard in the night, Sue. I dreamed I had a new rocking-horse, and he ran away with me, up-hill Rocking-horses can't run away, Sue said, shaking her head, the hair of which needed brushing, as it had become tousled in her sleep.
