Atha Vairagyashatakam Bhartṛhari,Rajendra Kumar Tandon,2005 Bhartrihari occupies a prominent place among the ancient poets of Sanskrit literature. He belonged to the eminent tradition of Valmiki, Vyasa, and Kalidasa, the greatest poet and dramatist of Sanskrit literature. The King turned hermit and a great poet, Bhartrihari, in Vairagyashatakam, leads us onto the path of inner peace and equilibrium. His advice is practical, easy to follow and result oriented. Long before the modern man discovered a health spa in Rishikesh or on the banks of the Ganges or in God's own country, Kerala, Bhartrihari laid down in Vairagyashatakam, the same approach to health and happiness.

Management Insights from Motivational Slokas Karanam Nagaraja Rao,Bharathi Devarakonda, In India, the Sanskrit literature is an abundant ocean of knowledge and the more we explore, the more we get. In this book, there are around 108 selected slokas, many of which are from Bhartruhari Niti Sataka, Vidura Niti, Kautilya's Arthashastra, Maha Bharatha, Pancatantra and few others. These slokas are basically for the rulers of the kingdoms and are also known as subhashitas (literal meaning is good words of advice). In olden days these Subhashitas were viewed with great respect. Kautilya opined that Subhashita is on par with other basic requirements like water and food. There are many books in English giving the literary meaning of these subhashitas / slokas. But, in this book, an attempt is made to interpret them from leadership and managerial perspectives. And again for the question, why from ancient wisdom, it is felt that people who want happiness in life are increasingly looking towards spirituality as an alternative to materialistic culture.

They need some 'spiritual hooks' or 'skyhooks' to cling upon to justify their decisions. The slokas provide the ground on which spiritual thoughts can propel and proliferate. For those who cannot read Devanagari script, an English version of the sloka in I-Trance format is provided. This book is highly useful for practicing managers, leadership coaches, mentors and the CEOs. Though the title of the book refers managerial insights, the book includes psychological, sociological, and human centric perspectives of the business environment.

Vulnerable Vice Chancellor Satya Prakash, 2023-03-06 Govind was from a very humble family background of rural India with all hurdles of rural life in his path of evolution. But he was moving toward the unknown destination. He could get the education in the prominent institutions, he could have the opportunity to serve the premier educational institutions, and he had the opportunity to work with leading academicians in his subject in the world. He was very much satisfied with what nature has given to him, a loving family, respectful living and academic accomplishments. The author was well aware of Govind story. One day one of his respected colleagues asked him to write all the happenings in the story of Govind. This may illustrate the inside story of working of university education system and state universities in particular. This may be the fine academic contribution of a researcher teacher and may be helpful in future reorganization of university education. The author was reluctant for his own reasons but it was destined for him to narrate this story. It was the time of Covid-19, he was not going to university to supervise the research work of his PhD students. He had to stay at home for most of the time. One day his wife advised him that you take few hours for yourself, sit on your working desk and do write the story of Govind as suggested by your respected colleague. This will keep you intellectually involved and relaxed. It will be satisfying at the end that you have written your concerns about university education. The author started writing what Govind has narrated to him and what he could recollect through his memory. He tried honestly to put all that in words with prejudice to none. He believes that truth pervades.

Shrimad Bhagwad Geeta Sanskrit & Romanized Shloka with translation Bansi Dhameja, 2021-07-04 Shrimad Bhagavad Gita is one of the most read, recited, reviewed and revered spiritual texts in the world translated in maximum number of languages. Composed of 700 shlokas (verses), it is the dialogue between Lord Krishna and warrior Arjuna in the midst of an epic battle Mahabharat fought between Pandvas and Kaurvas at Krukshetra. Shrimad Bhagavad Gita offer us a clear direction to our lives; it shows us how to lead a spiritually meaningful life without withdrawing from the society. Today, forgetting the values of life we are busy fulfilling our selfish interests and as a result lead disturbed life ourselves and create problems for others too. Relationships are being sacrificed for fulfillment of material needs and physical pleasure. Families are disintegrating. Moral character is declining sharply. Sexism is on the rise and rapes and other heinous crimes against women are increasing day by day. Man is moving towards unthinkable low level. We also observe that the world is running towards a nuclear war which will soon lead the world to catastrophic end. Under the present scenario I feel the knowledge of Shrimad Bhagavad Gita ji can show the right path to entire humanity, there by save the whole world from sorrow and unrest. Let us together encourage our family members and loved ones to study Shrimad Bhagavad Gita to enable them to bring about a change in their lives and lead a happy, peaceful and loving life and thereby transform the world.

Bakhtin and Translation Studies Dr. Amith Kumar P.V.,2016-01-14 This book investigates the process of translation in light of the dialogical principles proposed by the Russian literary theorist and philosopher Mikhail Bakhtin. It problematizes interlingual translations by questioning the two extreme tendencies in translation; namely, complete target-orientedness on the one hand, and close imitation of the source-text on the other. In the field of cultural encounters, it envisages a Bakhtinian model which is proposed as an alternative to the existing interpretations that discuss the cultural subtleties when two different cultures encounter each other. The overall framework of the book is Bakhtinian, that is, it adopts a dialogic approach, and its main focus is the examination of a Western theoretical formulation through examples from Indian literatures and cultural situations. Such an extension of Bakhtin's ideas, especially to explore examples from Indian literary, cultural and translational fields, has not yet received sufficient attention. The study is not only a unique endeavour in filling up the lacunae, but also draws Bakhtin closer to the Indian literary condition.
