Cooperative Development in the South China Sea Huaigao Qi, Song Xue, 2020-10-28 Boundary disputes in the South China Sea have been a long-standing threat to peace and security in East and Southeast Asia. Without agreed definition of boundaries, provisional arrangements to develop resources in the disputed area have become the favored, and most effective, solution. Therefore, joint development between various countries has taken place in the form of ad hoc arrangements with the goal of achieving positive outcomes for all parties involved. Incorporating insights from ten authors from six countries (Brunei, China, Indonesia, Malaysia, the Philippines, and Vietnam), this book provides a comprehensive analysis of the incentives and policies to joint development in the South China Sea disputes. The authors also discuss the bottlenecks and proposed policy options. The authors ease doubts over joint development in South China Sea disputes and shed light on creative ways to promote cooperation. The book is a key reference for students and scholars in politics and international relations, Asian Studies, and maritime law.

Recent Developments in the South China Sea Dispute Wu Shicun, Nong Hong, 2014-05-30 The South China Sea region contains potentially huge deposits of petroleum and natural gas, important shipping lanes and fishing areas, and is subject to a number of maritime territorial disputes. This edited volume analyzes the most recent development in the South China Sea dispute looking at the positions taken by China, the ASEAN countries, and the US. In recent years maritime joint development zones have emerged as an important means to overcome deadlock in relation to maritime jurisdictional claims. This book tests the applicability of joint development regime in this region and explores the prospect of joint development of resources as a way to successfully manage the conflict in the South China Sea. Eminent scholars in the field of South China Sea studies have contributed original chapters to the volume covering such issues as: the legal framework for joint development; how joint development might work in practice; the challenges faced by and the prospects arising from joint development; and the way forward for the region.

The Extraordinaries TJ Klune,2020-07-14 An Indie Bestseller! An Indie Next Pick! A Gold Nautilus Book Award Winner! Some people are extraordinary. Some are just extra. New York Times bestselling author TJ Klune's YA debut, The Extraordinaries, is a queer coming-of-age story about a fanboy with ADHD and the heroes he loves. Nick Bell? Not extraordinary. But being the most popular fanfiction writer in the Extraordinaries fandom is a superpower, right? After a chance encounter with Shadow Star, Nova City's mightiest hero (and Nick's biggest crush), Nick sets out to make himself extraordinary. And he'll do it with or without the reluctant help of Seth Gray, Nick's best friend (and maybe the love of his life). Rainbow Rowell's Fangirl meets Marissa Meyer's Renegades in TJ Klune's YA debut. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Girl the Sea Gave Back Adrienne Young,2019-09-03 From Adrienne Young, New York Times bestselling author of Sky in the Deep, comes her new gut-wrenching epic The Girl the Sea Gave Back. For as long as she can remember, Tova has lived among the Svell, the people who found her washed ashore as a child and use her for her gift as a Truthtongue. Her own home and clan are long-faded memories, but the sacred symbols and staves inked over every

inch of her skin mark her as one who can cast the rune stones and see into the future. She has found a fragile place among those who fear her, but when two clans to the east bury their age-old blood feud and join together as one, her world is dangerously close to collapse. For the first time in generations, the leaders of the Svell are divided. Should they maintain peace or go to war with the allied clans to protect their newfound power? And when their chieftain looks to Tova to cast the stones, she sets into motion a series of events that will not only change the landscape of the mainland forever but will give her something she believed she could never have again—a home.

Preserving Italy Domenica Marchetti, 2016-06-14 Capture the flavors of Italy with over 150 recipes for preserves, pickles, sauces, liqueurs, and more in this “engagingly informative” guide (Elizabeth Minchilli, author of *Eating Rome*). The notion of preserving shouldn’t be limited to American jams and jellies, and in this book, Domenica Marchetti puts the focus on the ever-alluring flavors and ingredients of Italy. There, abundant produce and other Mediterranean ingredients lend themselves particularly well to canning, bottling, and other preserving methods. Think of marinated artichokes in olive oil, classic giardiniera, or, of course, the late-summer tradition of putting up tomato sauce. But in this book we get so much more, from Marchetti’s travels across the regions of Italy to the recipes handed down through her family: sweet and sour peppers, Marsala-spiked apricot jam, lemon-infused olive oil, and her grandmother’s amarene, sour cherries preserved in alcohol. Beyond canning and pickling, the book also includes recipes for making cheese, curing meats, infusing liqueurs, and even a few confections, plus recipes for finished dishes so you can savor each treasured jar all year long. “Pack artichokes, peppers and mushrooms in oil. Make deliciously spicy pickles from melon. Even limoncello, mostarda and confections like torrone can come straight from your kitchen... The techniques may have been passed down by generations of nonnas, but they knew what they were doing.”—Florence Fabricant, *The New York Times* “Marchetti elevates preserved food from the role of condiment to center stage.”—*Publishers Weekly*

Four Fish Paul Greenberg, 2011-05-31 “A necessary book for anyone truly interested in what we take from the sea to eat, and how, and why.” —Sam Sifton, *The New York Times Book Review* Acclaimed author of *American Catch* and *The Omega Principle* and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna. Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. *Four Fish* offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception.

Unlost Gail Muller,2021-09-07 'Gail writes with humour, heart and passion.' Giovanna Fletcher, Sunday Times #1 bestselling author Gail Muller was told she'd be wheelchair bound by the age of forty. At forty-one, she embarked on one of the world's toughest treks - The Appalachian Trail. An inspiring, uplifting and moving account of one woman's incredible journey into the unknown and how she reclaimed herself in the process. As Gail took her first steps on the 2,200-mile trek through the wilderness of the USA, she had no idea what lay ahead of her, but she knew she felt burnout from city life, lost and broken - ready to heal a mind and body that she had battled with for so long. From the resilience-building mountain climbs, painful injuries and harsh reality of braving the raw elements, to the unexpected friendships forged with other hikers and the kindness of strangers offering food and shelter - with every step, Gail started to let go of a past dominated by chronic pain and reconnected with herself in a way she'd never been able to before. A love letter to the healing power of the wild outdoors and an incredible testament to the strength of the human spirit, Gail's story is for anyone who has ever felt stuck in a rut, lost or scared. She shows us that even in our darkest times, it's possible to find our inner grit, face our fears and feel hopeful. Essential reading for fans of Cheryl Strayed's *Wild* and Elizabeth Gilbert's *Eat, Pray, Love*.

Make Ink Jason Logan,2018-09-11 "The pigments he concocts from these humble beginnings are as fun to make as they are eye-opening to work with . . . the world never quite looks the same." -MarthaStewart.com A 2018 Best Book of the Year-The Guardian The Toronto Ink Company was founded in 2014 by designer and artist Jason Logan as a citizen science experiment to make eco-friendly, urban ink from street-harvested pigments. In *Make Ink*, Logan delves into the history of inkmaking and the science of distilling pigment from the natural world. Readers will

Organized by color, and featuring lovely minimalist photography throughout, Make Ink combines science, art, and craft to instill the basics of ink making and demonstrate the beauty and necessity of engaging with one of mankind's oldest tools of communication. "Logan demystifies the process, encouraging experimentation and taking a fresh look at urban environments." –NPR "The book is full of inspiration and takes a lot of the mystery out of ink making, at least at its simplest level. And it also reminds me why I love ink—any ink or liquid color as much as I do." –The Well-Appointed Desk "Quite a few recipes . . . that use color from the kitchen: carrots, black beans, blueberries, turmeric, and onion skins all make beautiful ink colors." –Design Observer "Make Ink opens up about methods, providing an open source guide to DIY ink." –CityLab
