Hoax Brian Stelter, 2020-08-25 INSTANT NEW YORK TIMES BESTSELLER An NPR Best Book of the Year "A thorough and damning exploration of the incestuous relationship between Trump and his favorite channel." —The New York Times "A Rosetta Stone for stuff about this presidency that doesn't otherwise make sense to normal humans." —Rachel Maddow, MSNBC "Stelter's critique goes beyond salacious tidbits about extramarital affairs (though there are plenty of those) to expose a collusion that threatens the pillars of our democracy." —The Washington Post The urgent and untold story of the collusion between Fox News and Donald Trump from the New York Times bestselling author of *Top of the Morning*. While other leaders were marshaling resources to combat the greatest pandemic in modern history, President Donald Trump was watching TV. Trump watches over six hours of Fox News a day, a habit his staff refers to as "executive time." In January 2020, when Fox News began to downplay COVID-19, the President was quick to agree. In March, as the deadly virus spiraled out of control, Sean Hannity mocked "coronavirus hysteria" as a "new hoax" from the left. Millions of Americans took Hannity and Trump's words as truth—until some of them started to get sick. In *Hoax*, CNN anchor and chief media correspondent Brian Stelter tells the twisted story of the relationship between Donald Trump and Fox News. From the moment Trump glided down the golden escalator to announce his candidacy in the 2016 presidential election to his acquittal on two articles of impeachment in early 2020, Fox hosts spread his lies and smeared his enemies. Over the course of two years, Stelter spoke with over 250 current and former Fox insiders in an effort to understand the inner workings of Rupert Murdoch's multibillion-dollar media empire. Some of the confessions are alarming. "We don't really believe all this stuff," a producer says. "We just tell other people to believe it." At the center of the story lies Sean Hannity, a college dropout who, following the death of Fox News mastermind Roger Ailes, reigns supreme at the network that pays him \$30 million a year. Stelter describes the raging tensions inside Fox between the Trump loyalists and the few remaining journalists. He reveals why former chief news anchor Shep Smith resigned in disgust in 2019; why a former anchor said "if I stay here I'll get cancer;" and how Trump has exploited the leadership vacuum at the top to effectively seize control of the network. Including never before reported details, *Hoax* exposes the media personalities who, though morally bankrupt, profit outrageously by promoting the President's propaganda and radicalizing the American right. It is a book for anyone who reads the news and wonders: How did this happen?

**Live Free Or Die** Sean Hannity, 2020-08-04 #1 NEW YORK TIMES BESTSELLER America's top-rated cable news host offers his first book in over ten years: a look at America's fight against those who would reverse our tradition of freedom. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. With the Democratic victory in 2020, we are now at risk for a big step toward full-blown socialism along with the economic dysfunction and social strife that are its hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic.

*Network of Lies* Brian Stelter, 2023-11-14 An account of Fox News Channels' attempts to manipulate the truth, mislead the public, and influence elections in the United States.

Deliver Us from Evil Sean Hannity, 2009-03-17 Nearly three years have passed since that tragic day in September. Since then, our wounds have healed, but our senses and memories have dulled. At first, the nation rallied behind its leader. But by the time the confrontation with Iraq presented itself, our courage and moral certainty seemed to fade in the face of partisan bickering and posturing. Now

the political left and the Democratic Party are trying to use the demanding aftermath of the war to exploit our national cause for their own political advantage. How could we allow ourselves to forget so soon? --from *Deliver Us from Evil* Sean Hannity's first blockbuster book, the New York Times bestseller *Let Freedom Ring*, cemented his place as the freshest and most compelling conservative voice in the country. As the host of the phenomenally successful *Hannity & Colmes* on the Fox News Channel and *The Sean Hannity Show* on ABC Radio, Hannity has won a wildly devoted fan base. Now he brings his plainspoken, take-no-prisoners style to the continuing War on Terror abroad -- and liberalism at home -- in *Deliver Us from Evil*. Evil exists, Hannity asserts. It is real, and it means to harm us. And in these pages he revisits the harsh lessons America has learned in confronting evil in the past and the present, to illuminate the course we must take in the future. Tracing a direct line from Adolf Hitler and Joseph Stalin through Saddam Hussein and Osama bin Laden, he reminds us of the courage and moral clarity of our great leaders. And he reveals how the disgraceful history of appeasement has reached forward from the days of Neville Chamberlain and Jimmy Carter to corrupt the unrepentant leftists of the modern Democratic Party -- from Howard Dean and John Kerry to Bill and Hillary Clinton. As Americans face the ongoing war against terrorists and their state sponsors around the world, Sean Hannity reminds us that we must also cope with the continuing scourge of accommodation and cowardice at home. With his trademark blend of passion and hard-hitting commentary, he urges Americans to recognize the dangers of putting our faith in toothless multilateralism when the times call for decisive action. For only through strong defense of our freedoms, at home and around the world, can we preserve America's security and liberty in the dangerous twenty-first century.

**Let Freedom Ring** Sean Hannity, 2009-03-17 The hard-hitting and provocative first book from the fastest-rising conservative voice in the country Sean Hannity is the hottest phenomenon in TV and talk radio today. His gutsy, take-no-prisoners interviews and commentary on the Fox News Channel's *Hannity & Colmes* has made him one of the network's most popular personalities. And his ascendance to the top of the talk radio world with ABC Radio's *The Sean Hannity Show* has won him a huge and devoted conservative following, and ensured his place alongside Rush Limbaugh and Bill O'Reilly as one of the country's most influential commentators. Now, in *Let Freedom Ring*, Sean Hannity offers a survey of the world—political, social, and cultural—as he sees it. Drawing on stories from his own life, and on the inspiration of political figures like Ronald Reagan and George W. Bush, he recounts the experiences that have shaped his perspective on the dramatic issues that face America today: • Terrorism and National Security • The Economy • Liberal Media Bias • Education • Faith, Character, and the Family As America meets the challenges of the post-9/11 world—abroad and at home—Sean Hannity's position is clear: "We are engaged in a war of ideas. And we must win. Civilization itself is at stake."

**Sean Hannity** Connor Thompson, 2016-12-17 Sean Hannity is an American radio and television host, author, and conservative political commentator. He is the host of *The Sean Hannity Show*, a nationally syndicated talk radio show that airs throughout the United States. Hannity also hosts a cable news show, *Hannity*, on Fox News Channel. Hannity has written three New York Times - bestselling books *Let Freedom Ring: Winning the War of Liberty over Liberalism*, *Deliver Us from Evil: Defeating Terrorism, Despotism, and Liberalism*, and *Conservative Victory: Defeating Obama's Radical Agenda*.

**Live Free Or Die** Sean Hannity, 2020-08-04 #1 New York Times Bestseller America's top-rated cable news host offers his first book in ten years: a look at America's fight against those who would reverse our tradition of freedom—a fight we can't afford to lose in 2020. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy first in the sixties and now—more insidiously than ever—in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. Our fate if we succumb to a Democratic victory in 2020? A big step toward full-blown socialism along with the economic dysfunction and social strife that are its

hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic. His solution is simple: if all you can do is vote, then vote. But if you can inform people of the truth, that's even better. And the truth is that the future of American freedom rests on Donald Trump's reelection.

*Frankly, We Did Win This Election* Michael C. Bender, 2021-07-13 THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump's first impeachment and ending with his second, *FRANKLY, WE DID WIN THIS ELECTION* chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president's attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of never-before-reported details about the campaign. *FRANKLY, WE DID WIN THIS ELECTION* is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.

**The Loudest Voice in the Room** Gabriel Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes—the brash, sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER • NOW A SHOWTIME LIMITED SERIES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996, American politics and media changed forever. With a remarkable level of detail and insight, *Vanity Fair* magazine reporter Gabriel Sherman puts Ailes's unique genius on display, along with the outsize personalities—Bill O'Reilly, Sean Hannity, Megyn Kelly, Sarah Palin, Karl Rove, Glenn Beck, Mike Huckabee, Gretchen Carlson, Bill Shine, and others—who have helped Fox News play a defining role in the great social and political controversies of the past two decades. From the Clinton-Lewinsky scandal to the Bush-Gore recount, from the war in Iraq to the Tea Party attack on the Obama presidency, Roger Ailes developed an unrivaled power to

sway the national agenda. Even more, he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court. How did this man become the master strategist of our political landscape? In revelatory detail, Sherman chronicles the rise of Ailes, a frail kid from an Ohio factory town who, through sheer willpower, the flair of a showman, fierce corporate politicking, and a profound understanding of the priorities of middle America, built the most influential television news empire of our time. Drawing on hundreds of interviews with Fox News insiders past and present, Sherman documents Ailes's tactical acuity as he battled the press, business rivals, and countless real and perceived enemies inside and outside Fox. Sherman takes us inside the morning meetings in which Ailes and other high-level executives strategized Fox's presentation of the news to advance Ailes's political agenda; provides behind-the-scenes details of Ailes's crucial role as finder and shaper of talent, including his sometimes rocky relationships with Fox News stars such as O'Reilly, Hannity, and Carlson; and probes Ailes's fraught partnership with his equally brash and mercurial boss, Rupert Murdoch. Roger Ailes's life is a story worthy of *Citizen Kane*. Featuring an afterword about Ailes's epic downfall during the extraordinary 2016 election, *The Loudest Voice in the Room* is an extraordinary feat of reportage with a compelling human drama at its heart.

**The Borowitz Report** Andy Borowitz, 2010-05-11 Prepare to be shocked. From the man *The Wall Street Journal* hailed as a Swifitean satirist comes the most shocking book ever written! *The Borowitz Report: The Big Book of Shockers*, by award-winning fake journalist Andy Borowitz, contains page after page of news stories too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is Give us thirty minutes -- we'll waste it.

Tales from the Left Coast James Hirsen, NewsMax, 2007-12-18 When Barbra Streisand sends Dick Gephardt a personal fax, it makes headline news. When international relations expert Sean Penn leads his own tour of peace in Baghdad, every news desk across the country reports it. It's no secret that Hollywood has a leftward tilt when it comes to politics. But what the celebrity-fawning media fail to show is how Hollywood's liberal bias affects actors, movies, and even public policy. In *Tales from the Left Coast*, author and political commentator James Hirsen digs deep into the liberal underbelly of Hollywood to reveal how biased politics have corrupted the entire entertainment industry. Through extensive research and scores of interviews, Hirsen uncovers some of the most ridiculous, infuriating, and damning political stunts pulled by celebrities of yesterday and today, and he traces the tangled web of influence the Hollywood elite have over politicians in Washington, D.C.

Outfoxed Alexandra Kitty, 2005-04-01 The director of 2004's smash hit documentary *Outfoxed: Rupert Murdoch's War on Journalism* teams with journalist Alexandra Kitty in an even more detailed and updated examination of how media empires, led by Rupert Murdoch's Fox News, have been running a "race to the bottom" in television news. They examine media consolidation by focusing on the Fox News Channel: How did Fox gain prominence? How did the Fox News Channel gain audiences and influence public debate? How does Fox report reality? Is the network merely interpreting events or is it pushing propaganda? Who are the main players and how do they treat their friends and enemies? Why should readers care about how Fox takes liberties with its facts? Each chapter blends interviews from Greenwald's documentary, transcripts from Fox programs, and other research pertaining to Fox News not only to illustrate the Fox "mentality," but also to show the factual, ethical and structural problems with the news channel. Interviews and transcripts are analyzed to give readers a strong sense of what Fox is actually telling its audiences.

**Conservative Victory** Sean Hannity, 2010-03-30 Barack Obama and his radical team of self-professed socialists, fringe activists, and others are trying to remake the American way of life. They have used their new Democratic majority to launch an alarming assault on our capitalist system—while abandoning the war on terror, undermining our national security, and weakening our position in the eyes of our enemies. The candidate of change is threatening to change our country irreparably, and for the worse—if we don't act to stop him now. Sean Hannity has been sounding the alarms about Obama and his agenda from the start. Now—in his first new book in six years—he issues

a stirring call to action. Hannity surveys all the major Obama players—from the president's affiliation with radical theology to his advisers' history of Marxist activism, repression of the media, support for leftist dictators, and worse. He exposes their resulting campaign to dismantle the American free-market system and forfeit our national sovereignty. But he draws on the examples of Ronald Reagan and the GOP's Contract with America to show how conservatives can unite behind this country's most cherished principles and act now to get America back on the right track—while we still can.

**Changing Minds or Changing Channels?** Kevin Arceneaux, Martin Johnson, 2013-08-27 We live in an age of media saturation, where with a few clicks of the remote—or mouse—we can tune in to programming where the facts fit our ideological predispositions. But what are the political consequences of this vast landscape of media choice? Partisan news has been roundly castigated for reinforcing prior beliefs and contributing to the highly polarized political environment we have today, but there is little evidence to support this claim, and much of what we know about the impact of news media come from studies that were conducted at a time when viewers chose from among six channels rather than scores. Through a series of innovative experiments, Kevin Arceneaux and Martin Johnson show that such criticism is unfounded. Americans who watch cable news are already polarized, and their exposure to partisan programming of their choice has little influence on their political positions. In fact, the opposite is true: viewers become more polarized when forced to watch programming that opposes their beliefs. A much more troubling consequence of the ever-expanding media environment, the authors show, is that it has allowed people to tune out the news: the four top-rated partisan news programs draw a mere three percent of the total number of people watching television. Overturning much of the conventional wisdom, *Changing Minds or Changing Channels?* demonstrate that the strong effects of media exposure found in past research are simply not applicable in today's more saturated media landscape.

**The Elements of Journalism** Bill Kovach, Tom Rosenstiel, 2001-07-24 In July 1997, twenty-five of America's most influential journalists sat down to try and discover what had happened to their profession in the years between Watergate and Whitewater. What they knew was that the public no longer trusted the press as it once had. They were keenly aware of the pressures that advertisers and new technologies were putting on newsrooms around the country. But, more than anything, they were aware that readers, listeners, and viewers — the people who use the news — were turning away from it in droves. There were many reasons for the public's growing lack of trust. On television, there were the ads that looked like news shows and programs that presented gossip and press releases as if they were news. There were the docudramas, television movies that were an uneasy blend of fact and fiction and which purported to show viewers how events had really happened. At newspapers and magazines, celebrity was replacing news, newsroom budgets were being slashed, and editors were pushing journalists for more edge and attitude in place of reporting. And, on the radio, powerful talk personalities led their listeners from sensation to sensation, from fact to fantasy, while deriding traditional journalism. Fact was blending with fiction, news with entertainment, journalism with rumor. Calling themselves the Committee of Concerned Journalists, the twenty-five determined to find how

the news had found itself in this state. Drawn from the committee's years of intensive research, dozens of surveys of readers, listeners, viewers, editors, and journalists, and more than one hundred intensive interviews with journalists and editors, *The Elements of Journalism* is the first book ever to spell out — both for those who create and those who consume the news — the principles and responsibilities of journalism. Written by Bill Kovach and Tom Rosenstiel, two of the nation's preeminent press critics, this is one of the most provocative books about the role of information in society in more than a generation and one of the most important ever written about news. By offering in turn each of the principles that should govern reporting, Kovach and Rosenstiel show how some of the most common conceptions about the press, such as neutrality, fairness, and balance, are actually modern misconceptions. They also spell out how the news should be gathered, written, and reported even as they demonstrate why the First Amendment is on the brink of becoming a commercial right rather than something any American citizen can enjoy. *The Elements of Journalism* is already igniting a national dialogue on issues vital to us all. This book will be the starting point for discussions by journalists and members of the public about the nature of journalism and the access that we all enjoy to information for years to come.

*The Fox Effect* David Brock, Ari Rabin-Havt, Media Matters for America, 2012-02-21 Here is comprehensive overview of the tumultuous career of former Fox News president Roger Ailes and a must-read for anyone looking to understand his legacy and impact on news media. Based on the meticulous research of the news watchdog organization Media Matters for America, David Brock and Ari Rabin-Havt show how Fox News, under its president Roger Ailes, changed from a right-leaning news network into a partisan advocate for the Republican Party. *The Fox Effect* follows the career of Ailes from his early work as a television producer and media consultant for Richard Nixon, Ronald Reagan, and George H. W. Bush. Consequently, when he was hired in 1996 as the president of Rupert Murdoch's flagship conservative cable news network, Ailes had little journalism experience, but brought to the job the mindset of a political operative. As Brock and Rabin-Havt demonstrate through numerous examples, Ailes used his extraordinary power and influence to spread a partisan political agenda that is at odds with long-established, widely held standards of fairness and objectivity in news reporting. Featuring transcripts of leaked audio and memos from Fox News reporters and executives, *The Fox Effect* is a damning indictment of how the network's news coverage and commentators have biased reporting, drummed up marginal stories, and even consciously manipulated established facts in their efforts to attack the Obama administration.

**Summary Book of Sean Hannity Live Free Or Die** Summary Nerd, 2020-09-08 SUMMARY of Sean Hannity's *LIVE FREE OR DIE - America (and the World) on the Brink* Sean Hannity, the author of *Live Free or Die America (And the World) On the Brink*, is a self-proclaimed conservative writer, media personality, who is currently the host of Hannity on Fox News and the nationally syndicated radio program, *The Sean Hannity Show*, a Christian, who used his book to uncover and reveal the current events in the political scene towards the United States of America's forthcoming Presidential election. He is also widely known as the author of three New York Times bestsellers - *Conservative Victory*, *Deliver Us from Evil* and *Let Freedom Ring*. The author used the book to let Americans and readers to get the actual happenings and have a vigorous insight into the United States of America's political elements. His primary focus is on the heavy opposition and endless attacks on the administration and personality of President Donald Trump, majorly from the Democrats, Leftists, and Progressives. Again, the original work sought to display the conspiracies, collision, and politics in which the political and pull of power events is based, mainly between President Donald Trump, Democrats, and the Media. The author analyzed how power skirmish and eagerness of the Democrats to take over the presidency and oust Donald Trump started and deliberately grew all of a sudden over the period of President Trump's 4 years remarkable tenure, and how Donald Trump, in return, through his formidable policies and zeal to make America Great Again, completely outsmarted the Democrats and the media. A political battle that had led to a cycle of defamation, indictments, and counter-accusations from both sides of the political divide. He categorized his book into Ten Chapters and they include: 1) A Republic-If You Can Keep It 2) Welcome to Fantasyland: The Democrats' 2020

Agenda3) Deep State I: Russian Collusion-The Hoax of the Century4) Enemy of the People: The Hate-Trump Media Mob5) Trump's Response to the Coronavirus and America's Great Comeback This book thoroughly delivers a comprehensive and well-explained dialogue and an overview of Sean Hannity's original work. This summary will help readers gain substantial knowledge of what the author meant by Live Free or Die: America (and the World) on the Brink. Therefore, based on each chapter's key themes and overview, this book will strictly provide the readers with an adequate understanding of Donald Trump's Administration. PLEASE TAKE NOTE: It should be well understood that this summary and analysis is not the original book nor in any way affiliated to the original work of the author. Also, it does not in any way ridicule or criticize the work of Sean Hannity, rather it makes the book a successful guide to help readers understand the need for a better leadership and administration. *Talk Radio's America* Brian Rosenwald, 2019-08-13 The march to the Trump presidency began in 1988, when Rush Limbaugh went national. Brian Rosenwald charts the transformation of AM radio entertainers into political kingmakers. By giving voice to the conservative base, they reshaped the Republican Party and fostered demand for a president who sounded as combative and hyperbolic as a talk show host.

## FAQs About Sean Hannity Show News Books

**What is a Sean Hannity Show News PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sean Hannity Show News PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sean Hannity Show News PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape

or Smallpdf, also offer basic editing capabilities. **How do I convert a Sean Hannity Show News PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sean Hannity Show News PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
