Old Herbaceous (Classic Reprint) Reginald Arkell,2017-02-17 Excerpt from Old Herbaceous It was one of those mild autumn mornings when early mist had turned to soft rain and water dripped from everything. N O real touch of winter yet; just a soft pause between the seasons, giving you the best of both. Not 1 too warm, as it had been; not too cold, as it would be. This was the time of year and the

time of day that the old man loved best. He couldn't get around so much now, but they had made up his bed by the cottage window, and there he would sit, half waking and half sleeping, dreaming of this and that. From where he sat, propped up among his cushions, he could see into the Manor gardens. Not what they were - not by a long chalk. Mind you, it was only fair to admit they were still a bit short-handed, and you had to take the dry summer into account, but these young fellows ought to have made a better job of it than that. When he was a young chap, he had to move at double their pace. No slipping off when the clock struck for him. Hours he'd spent watering when the sun was off the borders. But not today. That meant overtime, and where was the money to pay for that? So the old garden wasn't what it had been when he was in charge. Everything was different to what it was in his day. They earned more money, and that was only right. But the more they got, the less they seemed to care. You had to be proud of a garden to do any good with it. Gardening was a whole-time job, like the cows or the sheep. Cows had to be milked, whatever happened; and who thought of stopping in bed when the sheep were lambing? In a garden, you had to work with the seasons. There were slack times, when you could take an easy with a pipe behind the tool shed, but when the grass started growing and the weeds were getting on top of you, there was an end to all that nonsense. Hours he'd spent watering. But these young fellows.. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Song of Serenity Brey Willows,2021-12-14 Being a muse in the twenty-first century is a lot harder than it was in Ancient Greece. Life was simple when Calliope Ardalides, firstborn of the nine Muses, only had to concentrate on music and justice. But now she's arbitrating between arguing gods, answering complaints from cantankerous humans irked by how their prayers are being answered, and keeping her eight sisters in line. When it's time for her annual break from Afterlife, Inc, she goes to the one place she can count on to keep her sane: the Temple of the Muses in the quiet countryside of Scotland. But Jordan James shows up with her contractors, builders, and noisy equipment. Her adventure park will take up most of the idyllic region, turning the serenity Calliope treasures into a haven for adrenaline junkies. Jordan is resistant to Calliope's powers of persuasion, but Calliope's beauty remains a potent force. Stubbornly, Jordan vows to take on even the most beautiful immortal to make her dream come true, especially if it means spending more time with her.
