Settle Up Allison Speka, 2023-08-30 Jared may look rough around the edges with his tattoos and intense good looks, but he's a golden retriever at heart-he's loyal, energetic, and possesses a heart of gold. His band is on the cusp of a breakthrough, and he wants nothing more than to be the rockstar his teenage self always dreamed of becoming. Enter Evie-she's just passing through Chicago with her bright clothing and even brighter personality. She knows a thing or two about social media and thinks she can help put Jared's band on the map. She's bubbly and always down for something fun, which immediately captures Jared's attention. While opposite on the outside, Jared and Evie are drawn to each other. But she's a nomad at heart who's leaving soon, and a relationship is the last thing on his mind. So, naturally, they decide it would be best just to be friends. If only it were that easy...

Never Quit Jimmy Settle,Don Rearden,2017-03-07 “That Others May Live” is a mantra that defines the fearless men of Alaska’s 212th Pararescue Unit, the PJs, one of the most elite military forces on the planet. Whether they are rescuing citizens injured and freezing in the Alaskan wilderness or saving wounded Rangers and SEALs in blazing wildfires at war, the PJs are the least known and most highly trained of America’s warriors. Never Quit is the true story of how Jimmy Settle, an Alaskan shoe store clerk, became a Special Forces Operator and war hero. After being shot in the head during a dangerous high mountain operation in the rugged Watapur Valley in Afghanistan, Jimmy returns to battle with his teammates for a heroic rescue, the bullet fragments stitched over and still in his skull. In a cross between a suicide rescue mission and an against-all-odds mountain battle, his team of PJs risk their lives again in an epic firefight. When his helicopter is hit and begins leaking fuel, Jimmy finds himself in the worst possible position as a rescue specialist—forced to leave members from his own team behind. Jimmy will have to risk everything to get back into the battle and bring back his brothers. From death-defying Alaskan wilderness training, wild rescues, and vicious battles against the Taliban and Al Qaeda, this is an explosive special operations memoir unlike any that has come before, and the true story of a man from humble beginnings who became an American hero.

The Power of Gold Peter L. Bernstein, 2012-03-12 The need for realism in reform of its monetary system is what makes Bernstein's story of the Power of Gold so timely. It is a compelling reminder that maintaining a fixed price for gold and fixed exchange rates were difficult even in a simpler financial environment....Peter Bernstein was reluctant to project the story of gold into the future. But to me his message was clear. Yes, gold will be with us, valued not only for its intrinsic qualities but as a last refuge and store of value in turbulent times. But its days as money, as a means of payment and a fixed unit of account are gone. —From the New Foreword by Paul Volcker This bestselling book reveals a record of human nature in the ubiquity of gold with a new foreword by Paul Volcker In this exciting book, the late Peter L. Bernstein tells the story of history's most coveted, celebrated, and inglorious asset: gold. From the ancient fascinations of Moses and Midas through the modern convulsions caused by the gold standard and its aftermath, gold has led many of its most eager and proud possessors to a bad end. And while the same cycle of obsession and desperation may reverberate in today's fast-moving, electronically-driven markets, the role of gold in shaping human history is the striking feature of this tumultuous tale. Such is the power of gold. Whether it is Egyptian pharaohs with depraved tastes, the luxury-mad

survivors of the Black Death, the Chinese inventor of paper money, the pirates on the Spanish Main, or the hardnosed believers in the international gold standard, gold has been the supreme possession. It has been an icon for greed and an emblem of rectitude, as well as a vehicle for vanity and a badge of power that has shaped the destiny of humanity through the ages. Discusses the beginnings of gold as something with magical, religious, and artistic qualities and follows its trail as we progress to the invention of coinage, the transformation of gold into money, and the gold standard Other bestselling books by the late Peter Bernstein: *Against the Gods*, *Capital Ideas*, and *Capital Ideas Evolving* Contemplates gold from the diverse perspectives of monarchs and moneyers, potentates and politicians, men of legendary wealth and others of more plebeian beginnings Far more than a tale of romantic myths, daring explorations, and the history of money and power struggles, *The Power of Gold* suggests that the true significance of this infamous element may lie in the timeless passions it continues to evoke, and what this reveals about ourselves.
