Shanghai Business Travel Guide Lawrence Frank Deangelo, 2006-01-15 An e-book that contains information from experienced Shanghai travelers on travel, hotels, entertainment, health issues, safety, and business etiquette. This Shanghai Business Travel Guide assumes you are a

North American businessperson traveling directly from North America to Shanghai, China. The Guide's goal is to provide you with practical and current information that will allow you to plan and execute your trip most effectively. The Guide contains information written by business people who have lived, worked, and played in Shanghai. The Guide is different from most China travel guides, which are written for tourists not business people and are not frequently updated. Travel guides usually contain glowing reports of life in a particular country; we tell it like it is! This Guide helps you prepare for your trip by advising you how much to budget for your trip, how to get a visa, and what vaccinations you should have. We suggest the best hotels and help you find your way from the airport to your hotel. Of course the main purpose of your trip is business, and understanding Chinese business etiquette may mean the difference between a successful trip and a failure. We explain how the Chinese conduct business and guide you through business meetings and dinners. The Guide is packed with advice from experienced Shanghai travelers on all the things we love about the city and many of the problems we have encountered. We tell you how to power up your laptop and where to find the best restaurants and bars and what to do in an emergency. The Guide is packed with hyperlinks to relevant sites and even has a chapter on critical Chinese phrases you will need. And you can hear a native speaker recite the phrases. This is an electronic document that will be emailed to you (Be sure to include your email address with your order.) The document is in PDF format and can be read with free Adobe Acrobat Reader software (www.adobe.com).

Shanghai Travel Guide Nick Verroi, 2016-02-29 Shanghai is the largest and most developed city in China, the country's main center for finance and fashion, and one of the world's most populous and important cities. Shanghai has existed for centuries but grew enormously after it became a major center of the China trade in the 1840s. By the early 20th century, Shanghai was the largest and most prosperous city in the Far East, and one of the wildest. With the opening up of China in the past few decades, Shanghai has regained much of its former glory and has surpassed it in many ways; the pace of development in recent years has been absolutely furious. Today, Shanghai is back to being one of the largest and most prosperous cities in Asia, though not nearly as wild as it once was. It is now a very attractive city for travellers from all over the world, and a major destination for both tourism and business. A Forbes article ranks Shanghai as the world's 14th most visited city, with 6.5 million visitors in 2012. Shanghai is definitely a cosmopolitan city by Chinese standards, although it is less diverse than many western cities. The population was 23 million as of the 2010 census; 9 million (almost 40%) of those were migrants, people from elsewhere in China who have come to find work or to attend one of Shanghai's many educational institutions. There is also a substantial international contingent: 208,300 foreigners lived in Shanghai as of 2010, slightly over a

third of the national total of 594,000. There are services that cater to these markets - restaurants with food from anywhere in China for the migrants (in particular, lots of good cheap Sichuan food and West-of-China noodles) and a good range of grocery stores, restaurants and bars that cater to the foreigners. Shanghai has a humid subtropical climate. Cities at roughly comparable latitude (just over 30°) include New Orleans, Cairo and Perth. Spring can feature lengthy periods of cloudy and rainy weather. Summer temperatures often get over 35°C (95°F) with very high humidity, which means that you will perspire a lot and should take lots of changes of clothing or plan on shopping for clothing during the visit. Thunderstorms also occur relatively often during the summer. There is some risk of typhoons in their July-September season, however they are not common. Autumn is generally mild with warm and sunny weather. During winter, temperatures rarely rise above 10°C (50°F) during the day and often fall below 0°C (32°F) at night. Snowfall is rare, typically only occurring only once every few years, but transportation networks can sometimes be disrupted in the event of a sudden snowstorm. Despite the fact that winter temperatures in Shanghai are not particularly low, the wind chill factor combined with the high humidity can actually make it feel less comfortable than some much colder places that experience frequent snowfalls. Also, back in Mao's era the official rule was that north of the Yangtze buildings were heated in winter but south of it they were not; Shanghai is on the south bank so many older buildings do not have heating. There are water towns in the Western suburbs, popular with both Shanghai residents and visitors. They are quite scenic with canals as the main method of transport and many traditional-style bridges and buildings. It is one of the major financial centers for Asia and home to one of the world's busiest ports. Its history goes back for thousands of years, though it is perhaps not until the last thousand or so that Shanghai has been of any significance except to its inhabitants. For centuries a major administrative, shipping, and trading town, Shanghai grew in importance in the 19th century due to European recognition of its favorable port location and economic potential. The city was one of several opened to foreign trade following the British victory over China in the First Opium War, which allowed the establishment of the Shanghai International Settlement. The city then flourished as a center of commerce between East and West, and became the undisputed financial hub of the Asia Pacific in the 1930s. Today, Shanghai is a popular tourist destination. It has been described as the showpiece of the booming economy of China. There is only one thing to do now - visit! Let's go! Your guide, WanderStories
