Sing Musicals: A History Of Singapore Musical Theatre Kenneth Lyen,2023-07-21 This is the first book documenting the history of the Singapore musical. It aims not only to portray what the Singapore theatre scene was like in the past, but also how the stories and language used can capture its culture, art and social life. The first musicals appeared in 1988 and for the next couple of decades there has been a flourishing of new musicals. However, this was stalled for three years during the COVID-19 pandemic with the closure of theatres. Recovery is starting again and there is a renaissance in creativity with new musicals being written and staged. This book covers original Singapore stage musicals, pantomimes, operas, movies and college musicals. It also touches on Chinese language musicals. Important playwrights, lyricists, composers, producers and directors are highlighted in the book. It ends by proposing several ways to stimulate further creation of new musicals which will have an impact on the evolution of Singapore's musical theatre. Initially influenced by Broadway and West End musicals, Singapore has evolved into its own unique style of presentation. Documentation of this development is important. The final chapter recommends how musicals can be developed further, and this can have a significant impact on the creation of future Singapore musicals. The Foreword is written by Professor Tommy Koh, the Founder President of the National Arts Council of Singapore.

A Chinese from Singapore Samuel Wong,2009-03-23 A young Chinese came to the U.S. for theological training. His goal was to become a pastor/teacher in Singapore. Upon graduation, he returned to Singapore with his Caucasian wife to fulfill his obligations and to do post-graduate study, concurrently. Unwittingly, the young couple was entangled in church and secular politics and they had to leave Singapore. They began a new life in America. At several critical junctures of the protagonist's career when he was in a relatively comfortable environment, he moved out of the comfort zone to tackle a new challenge, in response to a higher calling. The detours in his life journey, the prejudice and discrimination in the workplace, the consistent acts of fairness of people of good will, the secrets of his success, and the mellowing of his worldview and religious faith are the substance of this unusual book of inspiration. For a deeper appreciation of one who has led a life full of challenges, a life characterized by many successes against high odds and a life replete with recognitions and awards in secular and religious settings, I invite you to read on.
