Empire City Matt Gallagher,2021-01-26 From the author of *Youngblood* comes a “brilliant and daring” (Phil Klay, award-winning author of *Redeployment*) novel following a group of super-powered soldiers and civilians as they navigate an imperial America on the precipice of a major upheaval—for fans of *The Fortress of Solitude* and *The Plot Against America*. Thirty years after its great triumph in Vietnam, the United States has again become mired in an endless foreign war overseas. Stories of super soldiers known as the Volunteers tuck in little American boys and girls every night. Yet domestic politics are aflame—an ex-military watchdog group clashes with police while radical terrorists threaten to expose government experiments within the veteran rehabilitation colonies. Halfway between war and peace, the Volunteers find themselves waiting for orders in the vast American city-state, *Empire City*. There they encounter a small group of civilians who know the truth about their powers, including Sebastian Rios, a young bureaucrat wrestling with survivor guilt, and Mia Tucker, a wounded army pilot-turned-Wall Street banker. Meanwhile, Jean-Jacques Saint-Preux, a Haitian American Volunteer from the International Legion, decides he’ll do whatever it takes to return to the front lines. Through it all, a controversial retired general emerges as a frontrunner in the presidential campaign, promising to save the country from itself. Her election would mean unprecedented military control over the country, with promises of security and stability—but at what cost? “A passionate, scary, wise, and perhaps even prophetic novel” (Tim O’Brien, author of *The Things They Carried*), *Empire City* is a rousing vision of an alternate-yet all too familiar-America on the brink written by a “preeminent voice in American writing” (Sara Novic, author of *Girl at War*).

A Danish-American Knight’s Reflections Viggo Conradt-Eberlin,2014-11-13 Looking back, a lot has happened since Dan graduated from high school. He joined the Navy’s Ready Reserve, went to sea, and visited many med ports. One of his buddies that he went ashore with on liberty was a civilian working on a book about the USS HUNT DD-674, going by the name Andrew Jackson. Dan finished his two years of active duty and got out of the active service to go to college at JU as a business major. Unbeknown to Dan, Professor Wade (a.k.a. Andrew Jackson) worked undercover there as political science professor at JU. Dan entered college, and two and a half years later, President Kennedy was elected in November of 1960 and took office in January of 1961. In March ’61, Russia became the first country to put a man in space. Our president responded with a rousing speech that challenged Russia by saying that we would put the first man on the moon and would do it in ten years. He asked “all Americans to ask not what our country could do for them, but what we could do for our country.”

All God's Children Rene Denfeld,2007-01-30 James Daniel Nelson first hit the streets as a teenager in 1992. He joined a clutch of runaways and misfits who camped out together in a squat under a Portland bridge. Within a few months the group—they called themselves a family—was arrested for a string of violent murders. While Nelson sat in prison, the society he had helped form grew into a national phenomenon. Street families spread to every city from New York to San Francisco, and to many small towns in between, bringing violence with them. In 2003, almost eleven years after his original murder, Nelson, now called Thantos, got out of prison, returned to Portland, created a new street family, and killed once more. Twelve family members were arrested along with him. Rene Denfeld spent over a decade following the evolution of street family culture. She discovered that, contrary to popular belief, the majority of these teenagers hail from loving middle-class homes. Yet they have left those homes to form insular communities with cultish hierarchies, codes of behavior, languages, quasireligions, and harsh rules. She reveals the extremes to which desperate teenagers will go in their search for a sense of community, and builds a persuasive and troubling case that street families have grown among us into a dark reversal of the American ideal.

The Polls of Heaven C. Paul Owens,2017-12-28 The Polls of Heaven By: C. Paul Owens After Clint Greene sold his weekly newspaper in Ohio following the death of his wife, he returned to his family home in the Cumberland Mountains of Kentucky overlooking an unnamed town (for obvious reasons), the setting for a large part of our story. Soon after his return, Clint went down the hill to the business person’s morning coffee hour in the back of the town’s only drug store. Clint was looking for old friends who might still be alive, finding a few, very few. The coffee “club” was now a debate hour for these intellectuals who felt their purpose was to solve the world’s problems. Today it was climate change, possibly meaning the end of it all. There was also a belief that TV and a cynicism of the age had brought about a dramatic loosening of morals, especially among the young. The coffee clubbers had declared they no longer had a leader to guide them out of their troubles and threats of world’s end. Clint with two others who were new to him, with all the playfulness the situation called for, began a guessing game of who might be reincarnated to lead us out of our problems. This resulted in jokes of who among them was ready to go to Heaven and recruit this leader. The three coffee club instigators decided to form OMEN, Old Men to save Earth’s Neighborhoods. The three were veterans of three wars. The local editor and his woman were in the Battle of Chicago, rebels of the post-war rebellion against their society. Clint himself was a Marine in the Southwest Pacific jungles and the third began his war against his native Russia. He went over to the Allies as a fighter against the communists who had taken over his Mother Russia and his people. As a Cossack, the Russian’s tribe had supported the Tsars for four hundred years. After the war he’d found a girl in Britain, only learning later that she had borne him a son. He had been forced to leave to pursue and kill a fellow Cossack. The man had betrayed his people to Stalin, his identification of those fellow soldiers resulting in their deaths. The pursuit had led him to find a home in the Kentucky hills. After an accident and monthlong coma, Clint had found himself in Heaven as chairman of a committee to present the proposal before the Heaven Senate. His “return” had prompted him to visit an old Cherokee friend in search of his soul. Three men and their women, two weddings, a father’s search for his son and a question over the fate of OMEN’s future all figure in the story.

Smiley's People John le Carre,2002-11-26 A spy story that gives the final convulsive confrontation between George Smiley and his mortal enemy, Karla.

The Karla Trilogy Digital Collection Featuring George Smiley John le Carré,2011-12-06 TINKER, TAILOR, SOLDIER, SPY The first novel in John le Carré's celebrated and New York Times bestselling Karla trilogy featuring George Smiley, Tinker, Tailor, Soldier, Spy is a heart-stopping tale of international intrigue. The man he knew as Control is dead, and the young Turks who forced him out now run the Circus. But George Smiley isn't quite ready for retirement—especially when a pretty, would-be defector surfaces with a shocking accusation: a Soviet mole has penetrated the highest level of British Intelligence. Relying only on his wits and a small, loyal cadre, Smiley recognizes the hand of Karla—his Moscow Centre nemesis—and sets a trap to catch the traitor. THE HONOURABLE SCHOOLBOY As the fall of Saigon looms, master spy George Smiley must outmaneuver his Soviet counterpart on a

battlefield that neither can afford to lose. The mole has been eliminated, but the damage wrought has brought the British Secret Service to its knees. Given the charge of the gravely compromised Circus, George Smiley embarks on a campaign to uncover what Moscow Centre most wants to hide. When the trail goes cold at a Hong Kong gold seam, Smiley dispatches Gerald Westerby to shake the money tree. A part-time operative with cover as a philandering journalist, Westerby insinuates himself into a war-torn world where allegiances—and lives—are bought and sold. Brilliantly plotted and morally complex, The Honourable Schoolboy is the second installment of John le Carré's renowned and New York Times bestselling Karla Trilogy, the follow-up to Tinker, Tailor, Soldier, Spy. SMILEY'S PEOPLE Tell Max that it concerns the Sandman... A very junior agent answers Vladimir's call, but it could have been the Chief of the Circus himself. No one at the British Secret Service considers the old spy to be anything except a senile has-been who can't give up the game—until he's shot in the face at point-blank range. Although George Smiley (code name: Max) is officially retired, he's summoned to identify the body now bearing Moscow Centre's bloody imprimatur. As he works to unearth his friend's fatal secrets, Smiley heads inexorably toward one final reckoning with Karla—his dark “grail.” In Smiley's People, master storyteller and New York Times bestselling author of The Spy Who Came in from the Cold and Our Kind of Traitor John le Carré brings his acclaimed Karla Trilogy, to its unforgettable, spellbinding conclusion. John le Carré's memoir, The Pigeon Tunnel: Stories from My Life, will be available from Viking in September 2016

Smileys Dale Dougherty,1993 From the people who put an armadillo on the cover of a system administration book, comes the first collection of the computer underground hieroglyphics we call smileys. Originally inserted into email messages to denote said with a cynical smile, smileys now run rampant throughout the electronic mail culture. This book advances the state-of-the-art of smileys, including such information as Smiley Comics and Where's Smiley?

Dateline Smileyville Markus Pell,2012-08-01 Markus Pell was leading his life, minding his own business, running Smileyville Cab and Courier while working toward his dream business: the Bright White Light Entertainment Engine. He considers himself 'reasonably normal' and thought his life, too, was 'reasonably normal, ' which it was - reasonably. Until, that is, the ghostly members of his Imaginary Master Mind came to life. There is nothing normal about living with ghosts named Lincoln or Truman, Dickens or Twain. Markus could tell you. He knows. And now those ghosts have come to constitute his 'kitchen cabinet.' This is because, deciding that Markus had more spare time than is healthy, the Smileyville Township Secret Society of Conservative Democrats came out of hiding, became the Conservative Democratic Party, and nominated Markus as its 2012 candidate for President of the United States. They nominated him for 2016, too, just for good measure. And America will never be the same.

Smiley Knight Introduction

In todays digital age, the availability of Smiley Knight books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Smiley Knight books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Smiley Knight books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Smiley Knight versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Smiley Knight books and manuals for download are incredibly convenient. With just a computer

or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Smiley Knight books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Smiley Knight books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Smiley Knight books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Smiley Knight books and manuals for download and embark on your journey of knowledge?
