So Much Trouble in the World Today Melvina Burns,2011-03-10 www.xlibris.com/melvinaburns

So Sad Today Melissa Broder,2016-03-15 From acclaimed poet and creator of the popular twitter account @SoSadToday comes the darkly funny and brutally honest collection of essays that Roxane Gay called sad and uncomfortable and their own kind of gorgeous. Melissa Broder always struggled with anxiety. In the fall of 2012, she went through a harrowing cycle of panic attacks and dread that wouldn't abate for months. So she began @sosadtoday, an anonymous Twitter feed that allowed her to express her darkest feelings, and which quickly gained a dedicated following. In So Sad Today, Broder delves deeper into the existential themes she explores on Twitter, grappling with sex, death, love low self-esteem, addiction, and the drama of waiting for the universe to text you back. With insights as sharp as her humor, Broder explores--in prose that is both ballsy and beautiful, aggressively colloquial and achinglly poetic--questions most of us are afraid to even acknowledge, let alone answer, in order to discover what it really means to be a person in this modern world.

Equal Shares Dennis Lewycky,Keitseope Nthomang,1999 Equal Sharestell a fascinating story-the history of a group of dynamic tapestry workers who changed the economic life of their community. The authors examine a key community-based cooperative in Botswana that was launched in the early 1970s, and is hailed as a model for development and social change. With little formal education, virtually no job experience, still working their own agricultural lands, and many as single mothers, the co-op workers have maintained their business for over twenty-five years. Equal Sharesis written in different voices, and tells the story of the defining moments in the lives of the Oodi Weavers. As the workers weave their village stories into the tapestries, the book weaves a story that depicts their evolving collective experience. It's a model of community action. Inspiring reading for all those fighting to take control of their economic lives.
