Spades for Complete Beginners Robert Ticker, 2021-01-11 Spades, or Call Bridge, is a traditionally 4 player card game of strategy and luck. Spades uses a standard 52 card deck with Aces high, 2s low, and Spades trumping all. The objective is to win at least as many tricks bid before the game begins an initial dealer must be chosen. To do so, every player is given a card from a shuffled deck and who ever receives the highest card becomes the first dealer. Ties are broken by a repeated deal. The initial dealer shuffles the deck and the player to their right cuts it. The dealer then passes 13 cards

one by one clockwise to each of the 4 players. After everybody receives their cards, bids are made based upon the players' hand. A bid refers to the players' expectation of tricks they will make in the round. Normally, all players must make a minimum of 1 bid. A trick is given to the player with the highest card in a given round. After the bids are made, the gameplay begins. The first dealer places any one card down as a lead. In clockwise fashion, each player then places their card down in an attempt to outrank all of the cards in play. A player must only play cards of the same suit as the lead card. If they do not possess cards of the same suit, they may place any of their cards in an attempt to win the trick. The winner of the round becomes the new dealer and the gameplay continues until all cards are dealt. Get your copy today by scrolling up and clicking Buy Now to get your copy today
